"If we had no winter,
the spring would not be so pleasant:
if we did not sometimes taste of adversity,
prosperity would not be so welcome."
-Anne Bradstreet
"You must take personal responsibility.
You cannot change the circumstances,
the seasons, or the wind, but you can
change yourself. That is something
you have charge of."
-Jim Rohn
"January cold and desolate; Lightning-torn;
February dripping wet; August bears corn,
March wind ranges; September fruit;
April changes; In rough October
Birds sing in tune Earth must disrobe her;
To flowers of May, Stars fall and shoot
And sunny June In keen November;
Brings longest day; And night is long
In scorched July And cold is strong
The storm-clouds fly, In bleak December."
-Christina Giorgina Rossetti
The events of childhood do not
pass, but repeat themselves like
seasons of the year.
-Eleanor Farjeon
The summer night is like a perfection
of thought.
-Wallace Stevens

Seasons

Special Thanks to Amber Valdez for creating our cover design to fit the theme: Seasons.

Looking back on our high school lives, we will think to ourselves, "How much we have changed!" Not only will we alter appearances, but personalities will mature with the seasons, mature with the years. The bitter cold of winter as well as the warmth and beauty of summer are present every time we lose our tempers or crack smiles. The unpredictable, angry storms will be seen plenty of times in fights and disagreements, and what is left after the storm is raw. People will be left raw. Maybe from this vulnerable state we will be able to look back on our high school years and think about the good as well as the bad. We will be able to learn from our mistakes or continue to succeed with knowledge of past right-doings. High school is the winter of our adolescence and the first step into the real world, the spring of our new adult lives. It allows us to have a chance at something great, something beautiful, something summer-like. We must never forget this.

New Teachers

Matt Dailey graduated from Tecumseh High School and went to Michigan State University. Mr. Dailey enjoys running, soccer, and racket ball. He is also a big fan of Michigan State. He always wanted to be a teacher. He teaches World history and US history.

Stacey Kleinow teaches Special Education math. She grew up in the Irish Hills and went to Clinton High School. She graduated from Siena Heights and decided to teach math because it is not normally liked by students. She loves to run, and her favorite sport is track. The reason why she teaches is because her high school teachers inspired her.

Tracey Lorraine attended colleges all over the country, like Hiwassee College for two years, Eastern Michigan University for a year, Madonna for another, and Siena Heights to finish her college degree. Her favorite inspirational quotes are: "Life is better when it's fun," and "It's not whether you win or lose, it's how you look in the uniform." Mrs. Lorraine teaches English 10 and English 11.

Jessica Gruebner went to Delta Community College and Saginaw Valley State University. She enjoys riding horses and loves to read. The reason she teaches Spanish is because she has always loved foreign languages. Her favorite sports are equestrian, hockey, and football. Senora Gruebner teaches Spanish I.

Foreign Exchange Students

Kira Peiseler comes to us from Germany. She came here because of the new experiences and to see how it is like in America. She will be heading back to Germany on June 15, 2009. She is living with the Chessor family. Kira is doing gymnastics here and likes it a lot, but she never did it back home. She enjoys hanging out with her friends and likes drawing, which is one of her favorite subjects. Her favorite thing about America is the cheaper items and Taco Bell. She likes it here in America and says we have welcomed her well. But she still misses her family and friends and is looking forward to going home

Phireeyaporn (Jinny) Kittrongsiri is from Thailand. Her favorite thing about Tecumseh is taking the classes here because her school at home had many more classes that were more difficult. She is heading back home on July 17, 2009. Her favorite classes are drawing and geometry. When she graduates, she is planning on going to college and then helping her dad with his business. She wanted to come to America because all her brothers and sisters came here with the same program. She says we have welcomed her wonderfully. Jinny misses home and wants to go back but still wishes she could stay for a while longer. She is hoping to come back to the United States someday.

Alicia Wolf is from Aachen, Germany. Her favorite part of being here is meeting people and learning new experiences. She is staying with the Magos family. She goes home on June 15, 2009, and is looking forward to seeing her family and friends again, but she will also be sad about leaving. When she's older, she plans on being a teacher. She enjoys swimming, drawing, and playing the piano. While she has been here, she has participated in swimming and soccer. She says in a lot of ways America is like her home town, but in other ways is completely different.

Roberta Bondan is from Brazil. She loves everything about being here, but her favorite thing is getting to know people from a different culture. She loves Tecumseh but really misses her friends and family back home. She felt really welcomed in Tecumseh and participated in cheerleading, cross country, and gymnastics. She thinks life in Tecumseh is very different from her life back home. She also loves taking pictures and would like to pursue some kind of career in engineering. Roberta is heading home on June 20, 2009. She made many friends and would like to come back to America some time in the future.

VOCAL

Associates-

As singers in a general choir, students will learn basic skills in vocal production, music reading, and an introduction to choreography.

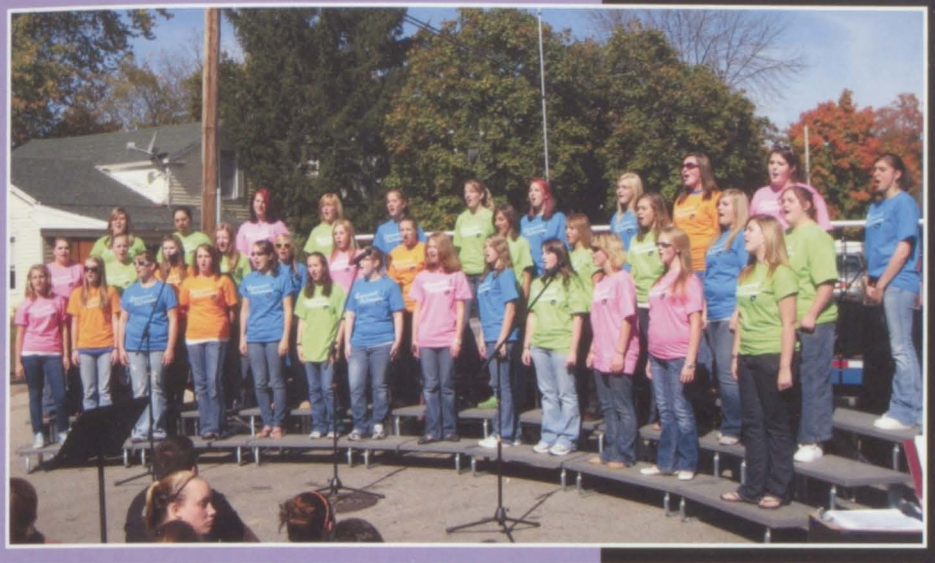
Freshman Chorale-

A choir made up of only freshmen! This choir is primarily for incoming freshmen, giving them a good idea of what the THS choirs are like, and to better prepare them to move on to other choirs. They also prepare for district choral festival.

The Company-

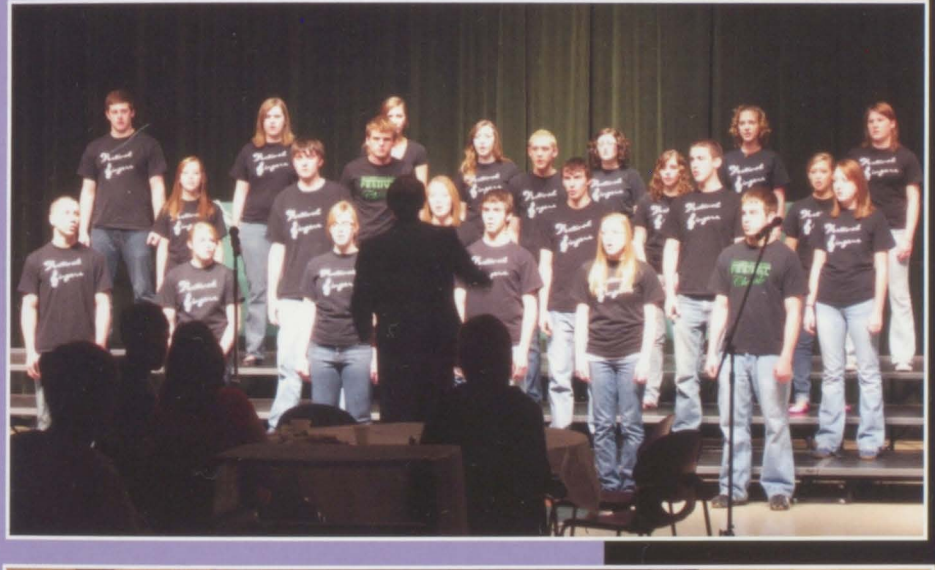
Students represent Tecumseh both inside and outside of the school in this choir. Emphasis is placed on creating a repertoire of songs and choreography that entertain audiences as a show choir. Students also participate in one or two weekend competitions during the second semester.

MUSIC



Concert Women-

Students continue to discover how their voices work as a traditional and women's show choir.



Festival Singers-

As a select group of singers, students will work toward the highest level of musical excellence possible. The course stresses individual vocal accountability, and continues to improve the singer's vocal ability and music literacy. Students also prepare for district choral festivals throughout the year.

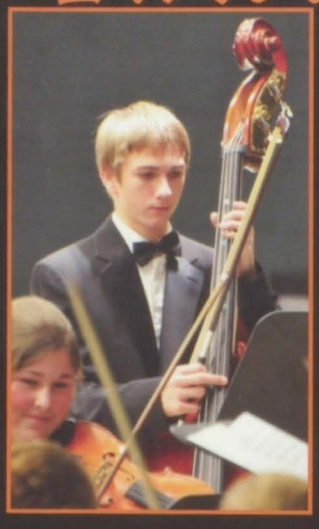
Festival Chorale-

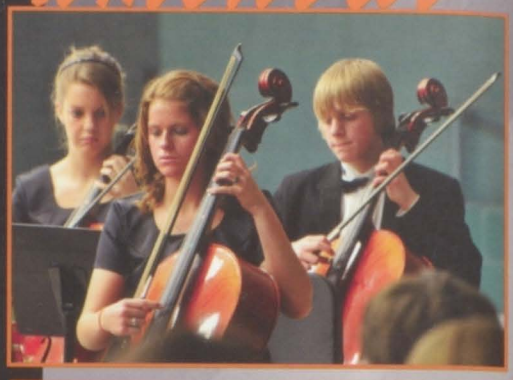
Students focus on increasing their vocal ability and music literacy. Students also prepare for district choral festival, and many other performances through the year.

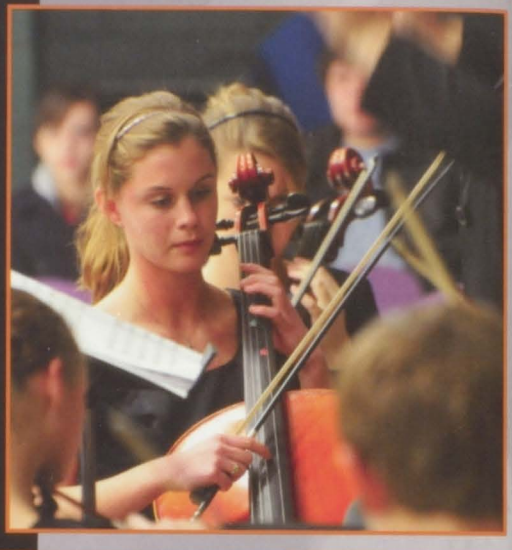
Instrumental

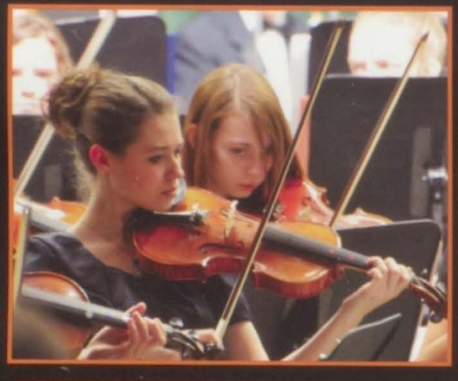
INTRODUCING...

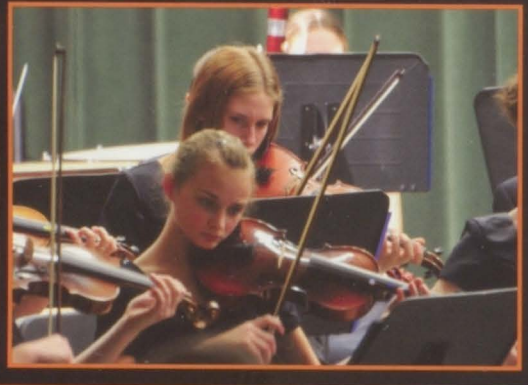
The Tecumseh Public Concert Orchestra! This year, the new class of freshmen brought with them a Tecumseh dream - a high school string orchestra. Under the direction of Mr. Michael Bough, the orchestra surprised everyone by combining with concert winds and creating the first ever Symphony Orchestra in Tecumseh. This new organization has instilled in THS a new music program that will continue for years to come.











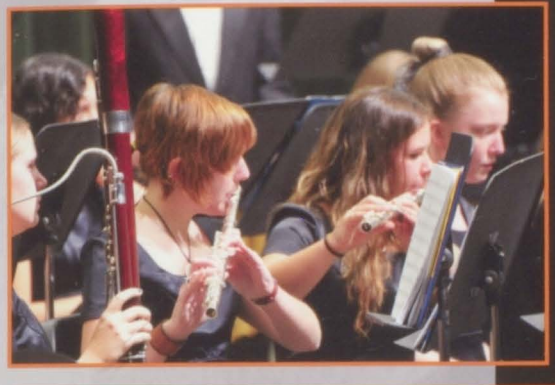
Marching Band

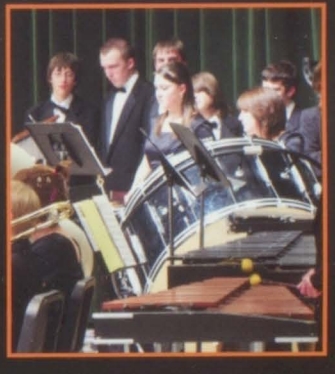
This year, over one hundred students participated in the Shooting Star Marching Band. Beginning the week of July 28, the marching band began preparing their 2008-2009 season by bringing back one of their old favorites - Styxx. This year brought another first for the band as they participated in the Chelsea Invitational and at MSBOA Marching Band Festival where they earned a Division 2 rating.

Music

Concert Bands

This year the band was divided into two sections, the Concert Band and the Wind Symphony. The THS Wind Symphony is the premier wind and percussion organization in the high school, and entrance is by audition. These bands are dedicated to the performance of high-quality music and both attended MSBOA Festivals and Solo and Ensemble Festival this year.





Jazz Band

The Jazz Band at THS has a long tradition of functioning as ambassadors to the community. The Jazz Band is conceived in the big band format, with saxes, trumpets, trombones and percussion. The class meets outside the regular school day and then performs in special events.

Pep Band

Pep Band is a student-lead band that rehearses outside of school and performs at varsity basketball games. This band is made up of a variety of instruments. They play "peppy" music to cheer on our teams!

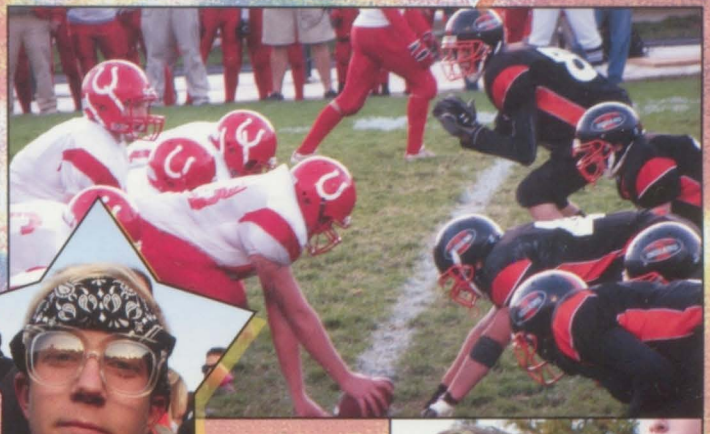
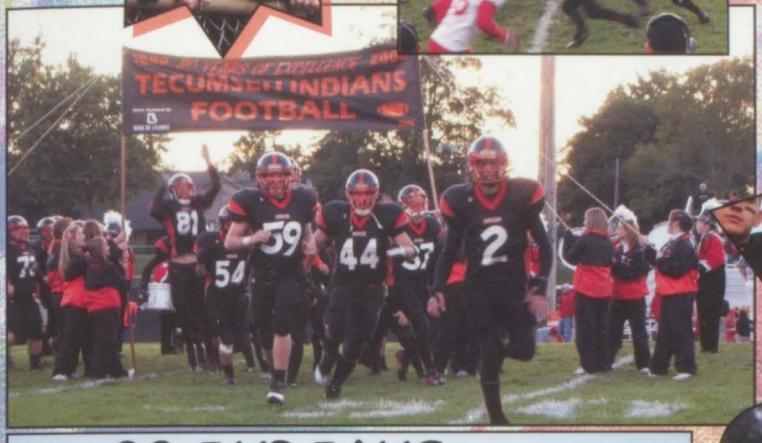
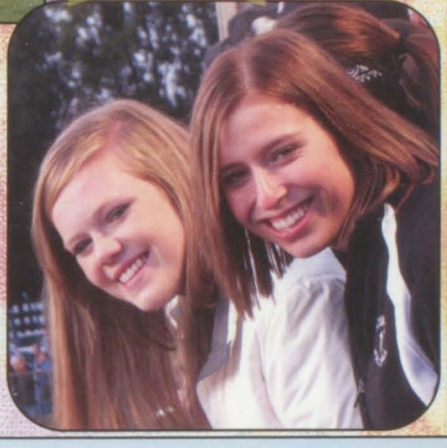
INDIANS VS. MULES!
WHO WILL WIN?





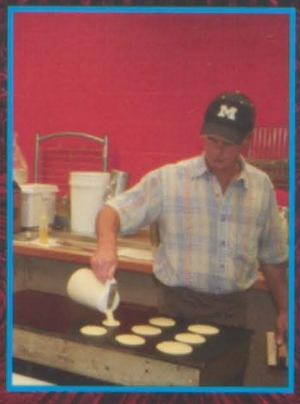


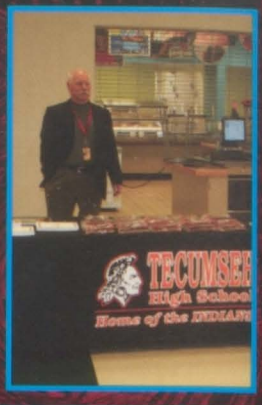
GO INDIANS!

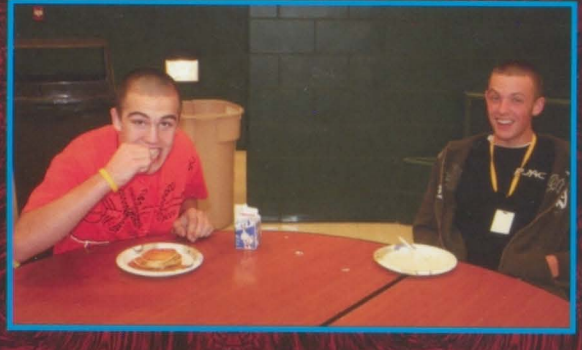
Welcome to the Jungle!

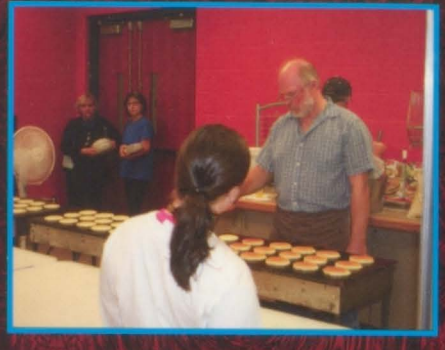
Breakfast of Champions

Breakfast of Champions is an annual event where students who achieved a 3.0-3.49 and 3.5 and above grade point average are commended for their hard work in the previous school year. During Seminar, they receive certificates and Academic letters while enjoying the "highlight" of the event: pancakes served by King Pancake!



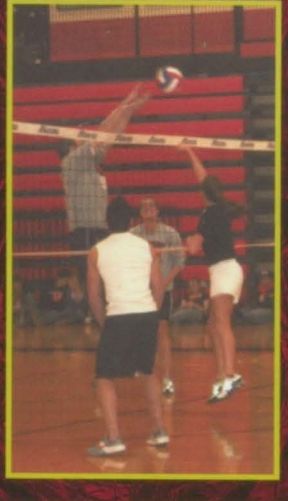


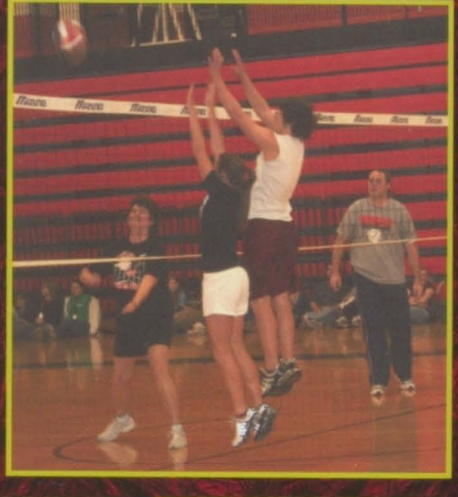


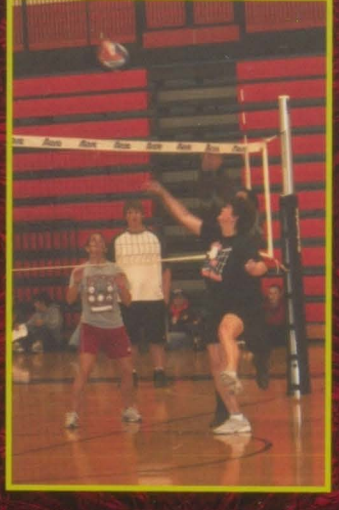


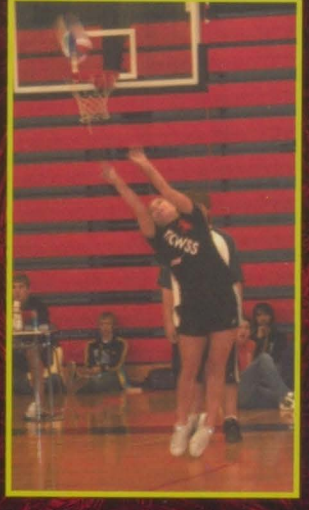
Turkey Tournament

The Turkey Tournament is an annual staff versus students volleyball game that is held during the last Seminar before Thanksgiving break. This year, the students dominated the competition, leaving favorite staff such as Mr. Bullinger, Mr. Laney, Señor Mejia, and Mrs. Peake in the dust. Good job everyone!









Caribbean Holiday Dance

The theme of this year's holiday dance was "Caribbean Holiday." The Caribbean theme rang true, and the High School Cafetorium was transformed into a warm and beach-like dance floor, decorated with sparkles, sand, and the traditional holiday trees and lights. The Class of 2009 offered raffles and give-aways. During the dance, there was a limbo contest, photo scavenger hunt, hula-hoop contest, and "Guitar Hero." Under the banner of "Party Like A Rook Star." Tecumseh High School did indeed party the night away!

EQUESTRIAN TEAM - A

The A team was composed of eleven riders this year. Each rider earned points toward the team's total, and everyone improved greatly from the beginning of the season to the end. Because there were so many riders and only a limited number of slots, several riders had to go into classes they had never tried before. On top of new classes, over half the riders had a new horse to adjust to. Even with all the setbacks the team faced, they still managed to improve dramatically in their overall team score. It will be exciting to see how much these riders will improve for 2009.

EQUESTRIAN TEAM - B

The B team consisted of five returning riders, all of whom show during the summer in addition to high school. The riders on the B team had to ride in at least eight classes at every meet, meaning that each rider had to be versatile and willing to try new events. All of the hard work and practice paid off as these girls advanced to the Regional meet, and eventually to the State Championships. After a long four days of showing, the Tecumseh Equestrian Team came in 4th at the State Finals. Congratulations to Liz Wanamaker, 2008-09 MIHA Scholarship Recipient

It's been a dynamic year for the THS boys swim team. They had a successful season with an awesome winning streak and competed in the SMISLs and SEC finals. Right before the SMISLs competition, the boys bleached their hair. It was easy to see who was on this amazing team when we walked down the hall! Soon after, the boys shaved their bottle-blonde heads, thus ending their wonderful season. Good job this year guys! Go Indians!

The team was also significantly smaller this year than previous years, but the boys made up for the losses of last year's seniors with determination and hard work. Let's hope next year's group is as good as this year's!

The boys bowling team had a rough season, bringing in many new prospects. Although the boys do not have a state title to brag about as of now, this was a great trial year for new members. The season brought learning and improvement, hopefully leading the team to do great things in the future. Good luck next year boys!

A key player on the team was Tawni Volmer, who not only was on the state champ team but also scored her own title. She earned the singles championship title as well, beating out 70 state finalists.

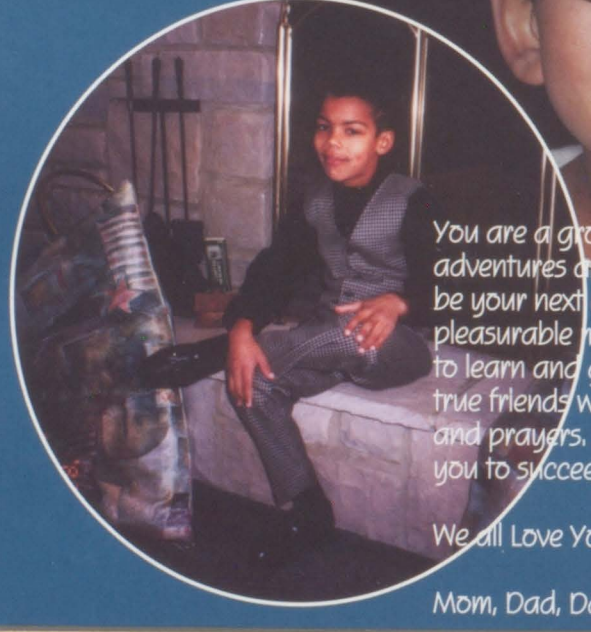
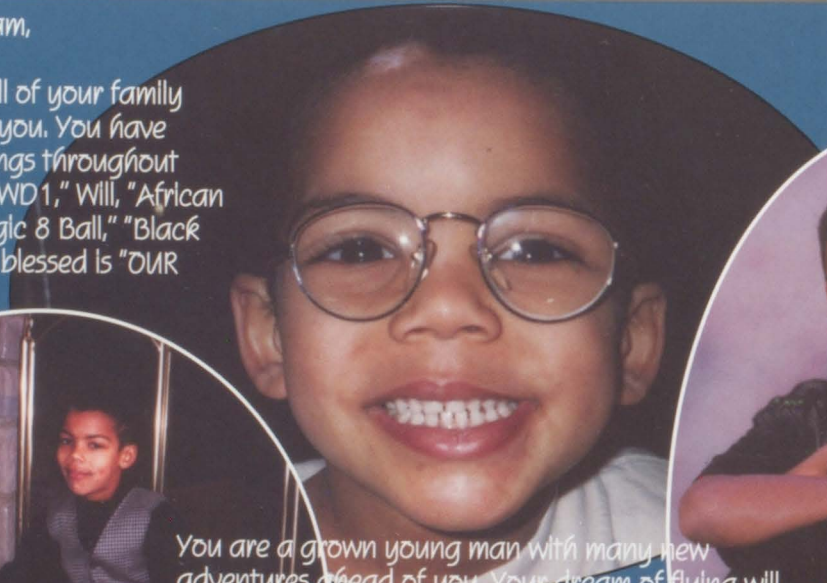
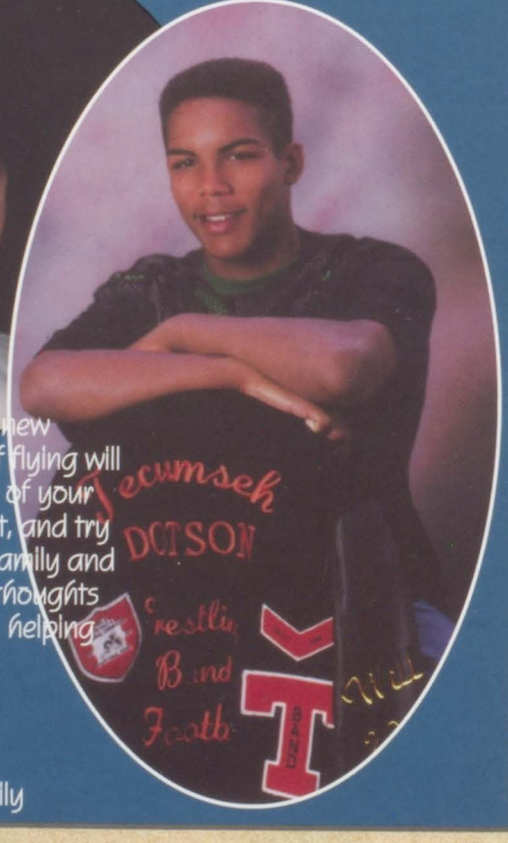
Congratulations William,

Mom and Dad and all of your family are so very proud of you. You have been called many things throughout your youth: William, "WD 1," Will, "African Warrior," "Thrill," "Magic 8 Ball," "Black Knight," but the most blessed is "OUR SON."



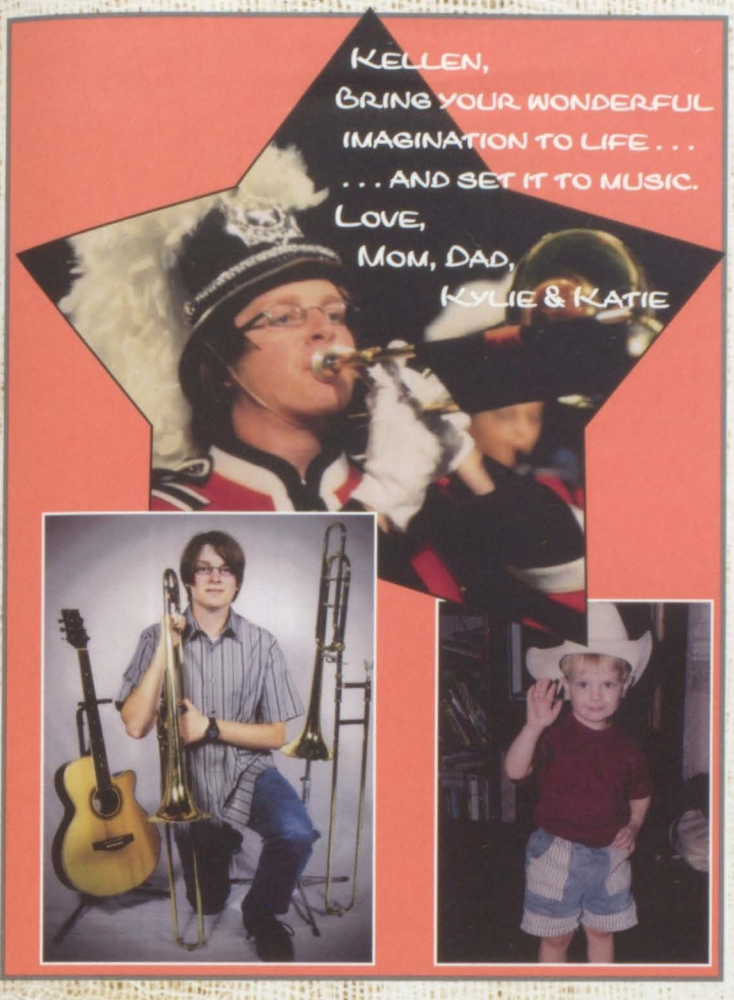




You are a grown young man with many new adventures ahead of you. Your dream of flying will be your next challenge at WMU. Keep all of your pleasurable memories close to your heart, and try to learn and grow from all others. Your family and true friends will be forever; stay close in thoughts and prayers. We will be with you always, helping you to succeed in your future.

We all Love You Very Much,

Mom, Dad, Dakota, and your entire Family



CONGRATULATIONS,
SHANNON.

WHAT A WONDERFUL YOUNG LADY YOU HAVE BECOME! I AM SO PROUD OF YOU AND WHAT YOU HAVE ACCOMPLISHED SO FAR.

NOW IS THE TIME TO MOVE ON AND CHASE YOUR DREAMS. I HOPE ALL OF THEM COME TRUE.

MAY YOU ALWAYS HAVE LOVE AND LAUGHTER WITH YOU AND LIVE YOUR LIFE TO THE FULLEST.

REMEMBER, ANYTHING IS POSSIBLE IF YOU PUT YOUR MIND TO IT.

BEST WISHES FOR A BRIGHT AND SUCCESSFUL FUTURE.

LOVE YOU LOTS!

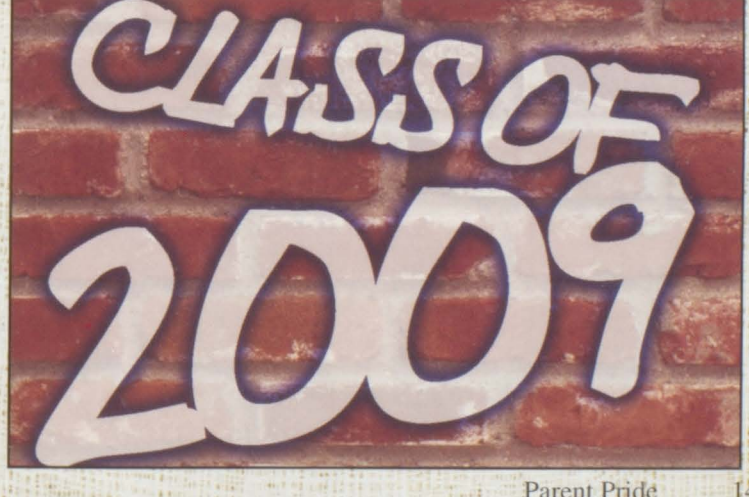
MOM

Congratulations Tess!

We are very proud of you and are excited to watch you begin the next stage of your life. Your future is waiting for you. Remember to enjoy the journey!

Love,

Mom, Dad and Grace



Leah,

I've watched you grow from my precious baby girl into a beautiful young lady. I couldn't be prouder of you. Watching you step off the bus for Kindergarten brought a tear to my eye; watching you accept your diploma will do the same. Just one more of your "big girl" steps in life for which I thank God every day for blessing us. This is just the beginning, Doop; enjoy every bit of it. Be everything you want to be, and do everything you want to do. Never, ever forget that I have always, and will always, love you with everything in me! Remember, your strong faith in God will get you through all of life's challenges - as the last few years have proved.

Mommy loves you!

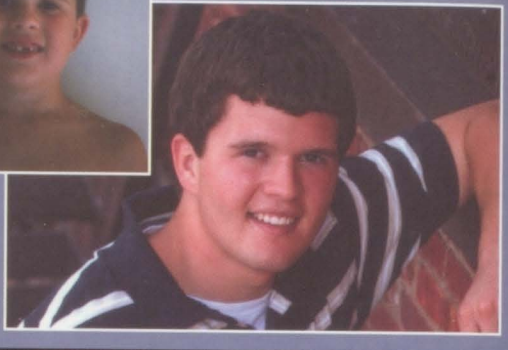
Andy,

Congratulations - you made it! We are very proud of you. You have always enjoyed life, and we have loved being a part of it with you.

Best wishes to you on your next step - US Marine Corps. Thank you for serving our country.

Love,

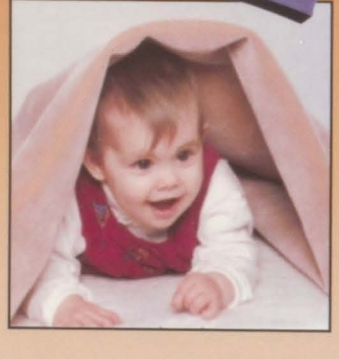
Mom, Dad, and Matt



Congratulations

Megan,

We are so proud of our daughter. Who would have thought this little baby would grow up to be such an intelligent, beautiful, and accomplished young woman? Don't limit yourself before you have tried all that you can achieve.



Most of all, achieve happiness.

Love,
Mom and Dad

"War Eagle" - that's from Mom

GO TIGERS!!

Joe,

We are so proud of you. You are a strong, determined, and caring young man. We know, no matter what life may throw at you, you will manage to be positive and rise above it all. It has been a pleasure to have you as our son and watch you grow up to be the person you are today. We will always be here for you, Joe. Don't ever change the person you are. Good Luck with everything you do in the future.

Love,
Mom & Dad
Sara & Stephanie & Matt

To all my seniors: words can't describe what you've meant to me, and to this team, over the past four years. You've represented your school with honor and dignity, and I'm proud to have been part of your success. Carry on, in life and with your horses, as though the judge were watching.
~ Coach Ricketts

Caroline,

It seems like only yesterday.....
From your 1st graduation at Little Indians to your High School graduation, you have had quite an adventure. We are so proud of you and all of your accomplishments. Keep your eye on the prize, and don't let anyone say you can't achieve whatever your goals.

We will always be here for you as you go through life.

Love,
Dad, Nancy and Andrew

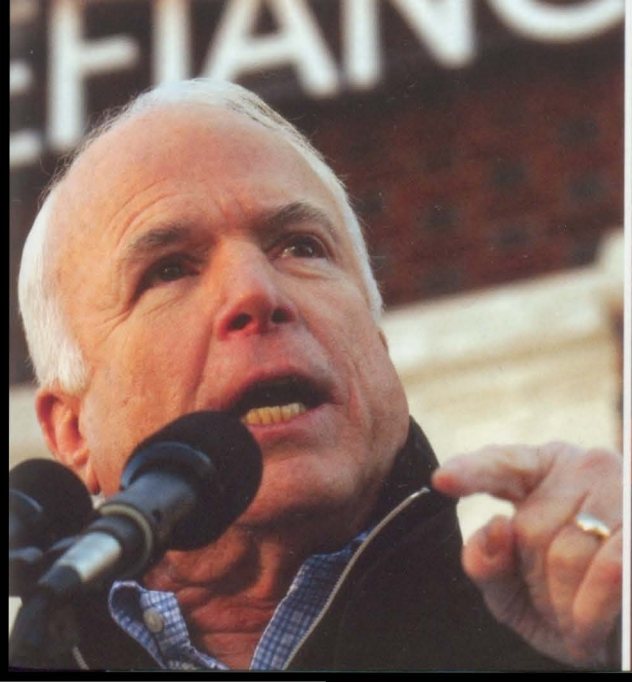
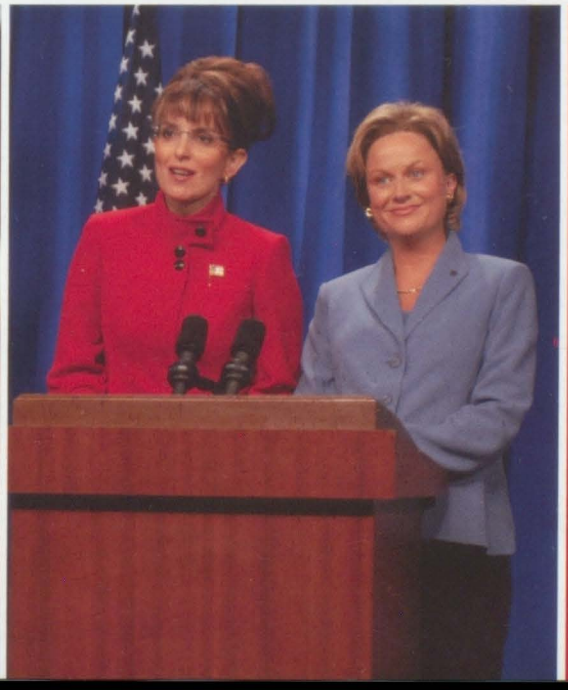
ELECTING CHANGE ▶
Using the campaign slogan, "Change we can believe in," Democrat Barack Obama won the 2008 election to become the 44th president of the United States. Obama, 47, is the first African-American to lead the nation. After his election, Obama quickly began selecting his cabinet, including asking New York Sen. Hillary Clinton, who he defeated to win the Democratic nomination, to be secretary of state.

THE TECHNOLOGY STUMP ◄
Campaigning style changed with Obama's use of the internet. Obama had about four million "friends" on Facebook and had collected about 10 million email addresses. He used texting to announce his vice presidential pick – Sen. Joe Biden of Delaware. His campaign website morphed into a transition website within 24 hours of his election.





MAVERICK RIDES OFF ◄
To win the election, Obama, a Democrat, beat Sen. John McCain, a Republican from Arizona. McCain's running mate was Alaska Gov. Sarah Palin, the first woman to run as a Republican vice presidential candidate.

LIVE FROM NEW YORK... ◄
Nobody took advantage of the election season more than the sketch comedy show *Saturday Night Live*, which brought back former cast member Tina Fey due to her resemblance to VP nominee Sarah Palin and rode Fey's impersonation to its highest ratings in years.

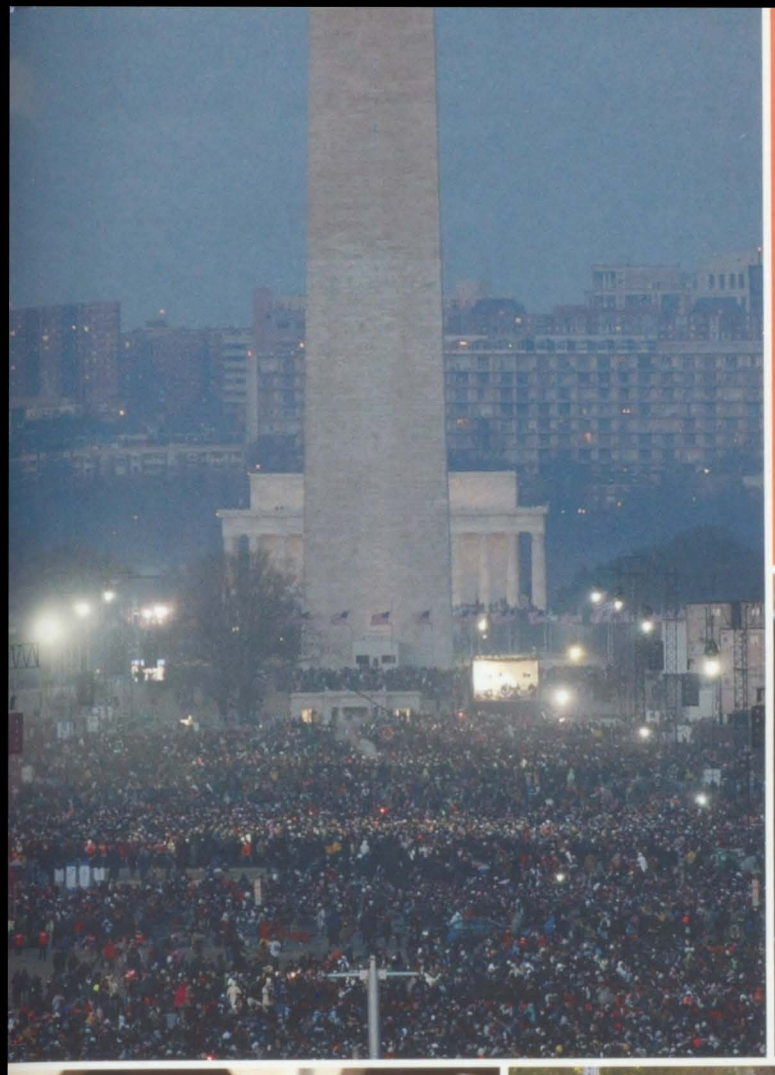
HISTORIC ELECTION ►
To win the Democratic nomination, Obama defeated New York Sen. Hillary Clinton, the former first lady and the person considered the front-runner of her party. The highly charged campaign included five other serious Democrat candidates. The Republican field was even bigger, with McCain coming from behind to best eight others to win his party's nomination.

DRAWING A CROWD ▼
People came to hear Obama speak during the campaign. His Democrat Party nomination acceptance speech was held at Invesco Stadium, about two miles from the convention center in Denver, to enable more than 70,000 people to attend. On election night, Obama held a victory rally in Grant Park, attended by 225,000 people.

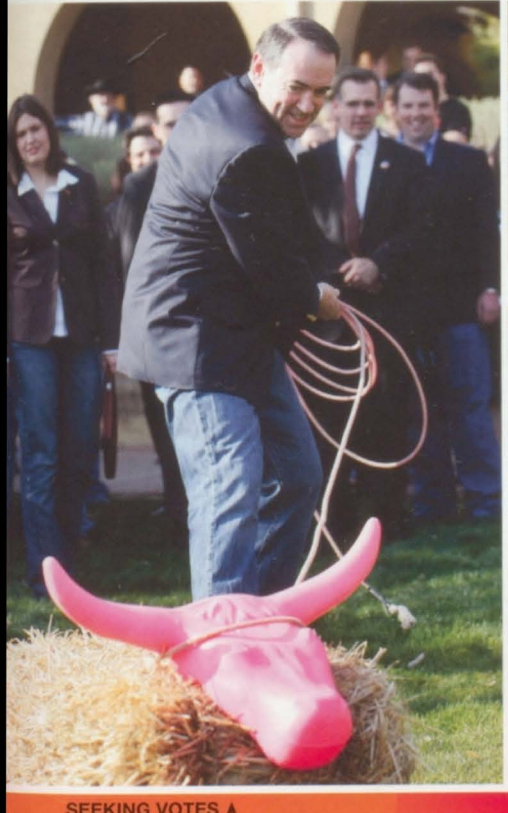
BEEN THERE, DONE THAT

Jenna and Barbara Bush, the daughters and granddaughters of President George H.W. Bush and President George H. Bush, wrote a letter to Malia and Sasha Obama that included this advice:

- Get hugs from Ramsey, smiles from "Smiley" and talk football with Buddy, three of the White House ushers.
- Slide down the solarium banister.
- Have swimming parties.
- Get comfort from your pets.



PARTY HARDY ◄ ▼
Washington, D.C., was packed with more than two million people on Jan. 20 for the historic inauguration of the nation's first African-American president. Despite the cold weather and the need to huddle together, the crowds remained enthusiastic. Obama took the oath of office with his hand on the Bible used by President Abraham Lincoln during his first swearing-in ceremony.



SEEKING VOTES ▲
Candidates would do a lot of things on the campaign trail in pursuit of votes. Obama got winded playing basketball with the University of North Carolina's team. Mike Huckabee, a Republican candidate, played bass in his rock band Capitol Offense and even took a turn trying to rope a fake steer at the Fort Worth Stockyards.

VOTERS TURNED OUT ▲
In the general election, a record 127 million votes were cast, with about 31.7 million voting early for the first time in 30 states. However, as a percentage of voters, turnout was about 61%, versus the record of 67% in 1960. Long lines to vote, either early or on Nov. 4, were orderly. Lines were also orderly the next day as many people snatched up newspapers carrying the results.

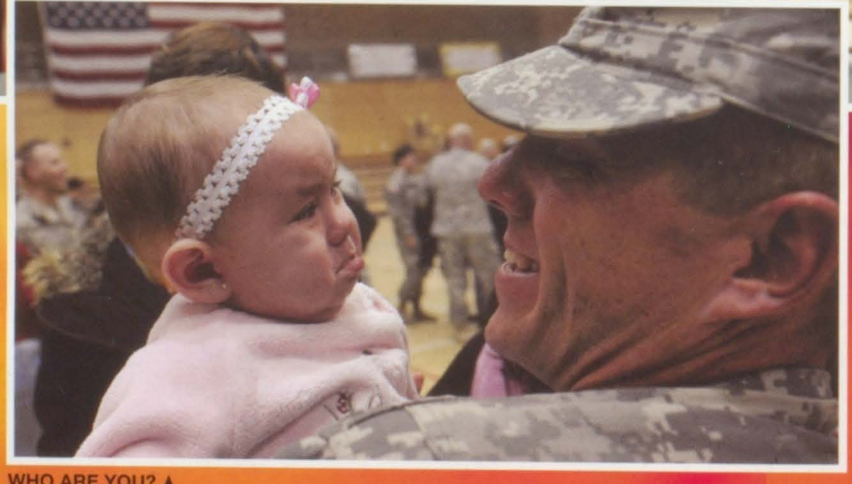
POLITICIANS BUSTED ►
Illinois Gov. Rod Blagojevich faced federal corruption charges for allegedly trying to sell or trade Barack Obama's Illinois senate seat. U.S. Sen. Ted Stevens of Alaska was convicted of trying to conceal home renovations and other gifts from an oil industry contractor. And Detroit Mayor Kwame Kilpatrick pled guilty to obstruction of justice and resigned amid a sex scandal.

GRIM ECONOMY ▲
The faltering economy instilled fear worldwide. Americans felt the recession as home foreclosures, job layoffs and food prices increased. The stock market drop of 44% in the past year stripped college and retirement investments for many people. The federal government in October approved a $700-billion bailout plan for the nation's financial system to try to get the economy moving. In February, President Obama signed a $787-billion economic stimulus bill to pump more money into the economy.

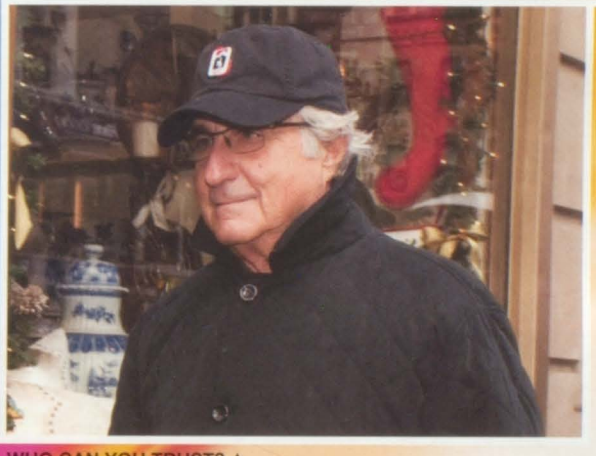


WHO ARE YOU? ▲
The fight against insurgents continued in Iraq and Afghanistan. While violence decreased in Iraq, Defense Secretary Robert Gates revealed plans to send more U.S. troops to Afghanistan to battle the Taliban. Deployment of American troops meant tearful farewells and joyful homecomings. Sometimes, servicemen returned to meet new family members.

GREENING OF AMERICA ◄
Going green affected several aspects of daily life. Reusable shopping bags became a fashion statement. Buying locally produced food saved on gasoline and meant fresher tastes. And at home, more people began buying compact fluorescent light bulbs (CFL) as incandescent bulbs will be phased out in a few years. CFLs save energy and add a new shape to lighting fixtures.

MAKE IT TWO FOR TIM ▼
Quarterback Tim Tebow led the Florida Gators to their second college football national championship in three years, when they defeated Oklahoma in the BCS title game, 24-14. However, the championship did not come without debate. Several other teams – including Utah, Texas and USC – continued to question why there was no playoff system and staked their own claim to the crown.

GAS UP, GAS DOWN ▼
After a record high of $4.11 per gallon on July 17, gasoline prices were down 60% to a five-year low of $1.63 during the last week of December, according to the American Automobile Association. Prices began rising again in early 2009. Despite the lower prices, Americans continued to drive less.



BACK IN THE SPOTLIGHT ▲
The comeback of actor Robert Downey Jr. from a serious drug problem became complete this year when he landed the lead role in the hit movie *Iron Man*. Downey followed it up with another critically praised role in the comedy *Tropic Thunder*.

A MORE URGENT NEED ▲
Rising oil prices and continued climate changes made the search for alternative, renewable sources of energy a more prevalent topic of discussion. Solutions like wind farms, using large turbines, became more common.

WHO CAN YOU TRUST? ▲
Investors ranging from small charities to major international banks appeared to have lost about $50 million in a fraudulent investment allegedly devised by a former chairman of the Nasdaq Stock Market. Bernard Madoff, 70, was charged with securities fraud in what might be one of the biggest fraud cases ever.

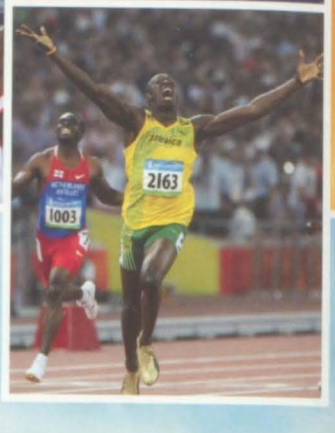
GAMES TO REMEMBER ▼ ►

American swimmer Michael Phelps made history at the Summer Olympics in Beijing, China, by becoming the first athlete ever to win eight gold medals at one Olympics. During his breathtaking week in the pool, seven of Phelps' eight victories were new world records.

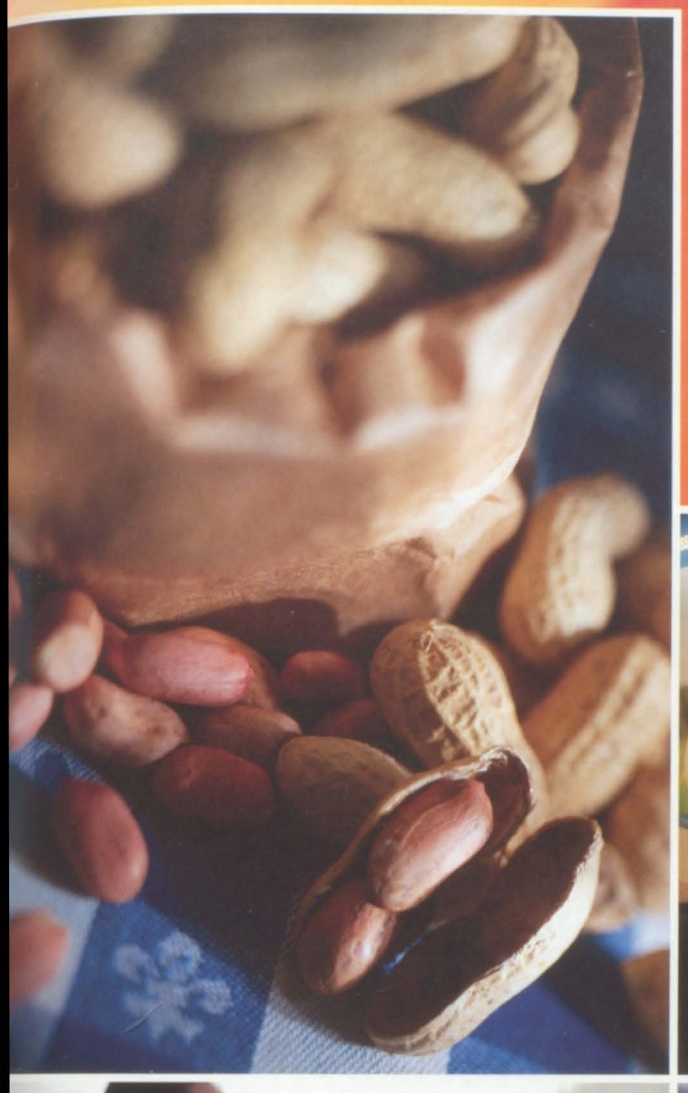
But Phelps was not the only American making history at the Beijing games. Kobe Bryant led the men's basketball team, dubbed the "Redeem Team," to a gold medal and helped vindicate U.S. basketball after a poor showing four years ago. Nastia Liukin won the women's gymnastics all-around and tied the American record for most gymnastics medals at one Olympics with five.

Perhaps the fastest-rising star outside of Phelps' pool was Jamaica's Usain Bolt, who ran a 9.69 in the 100 meters to win the gold and shatter the previous world record.



2008 OLYMPICS MEDAL COUNT

	TOTAL	GOLD	SILVER	BRONZE
1 – United States	110	36	38	36
2 – China	100	51	21	28
3 – Russia	72	23	21	28
4 – Great Britain	47	19	13	15
5 – Australia	46	14	15	17



PEANUT WITHDRAWAL ◄
Peanut butter products were recalled in 43 states after salmonella was found in peanut paste made in a Georgia plant. At least six people died and more than 485 people got sick. Peanut paste is a product used widely in snack foods, leading to goodies such as crackers, cookies, nutrition bars and ice cream leaving store shelves. Most peanut butter brands were not affected.

TIME FOR A SWITCH ▼
Governments around the world, including the United States, continued the mandated switchover from analog television broadcasting to digital. In the U.S., an original February 2009 deadline was pushed back to June when Congress deemed that millions of people weren't ready. The switch to digital was being done to allow for more advanced services, like high-definition TV, and to free up radio spectrum bandwidth.

NEW NUMBER ONE ▲
Rafael Nadal finally completed his quest to replace Roger Federer as the number one tennis player in the world. The rivalry reached a new level at Wimbledon, where Nadal defeated Federer in a five-set, five-hour classic that some sportswriters called one of the greatest matches of all time. Six months later, Nadal did it again when he beat Federer in another five-set marathon to win the Australian Open.

CONTAMINATED FORMULA KILLS ◄
In China, several babies died and more than 12,000 were hospitalized after drinking baby formula contaminated with melamine. Melamine also was found in chocolate and other products exported from China to other countries, including the United States. The U.S. Food and Drug Administration began limiting imports of Chinese dairy products until they were free of melamine.

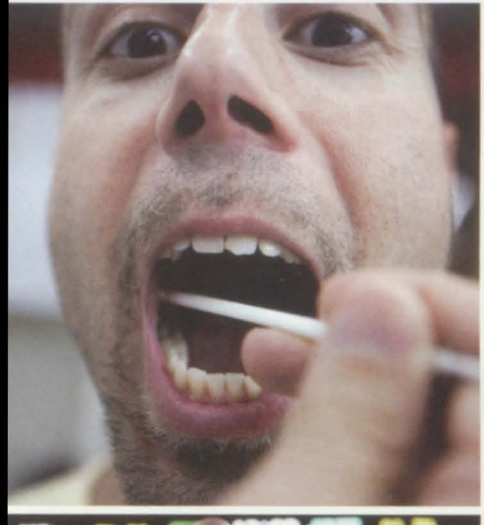
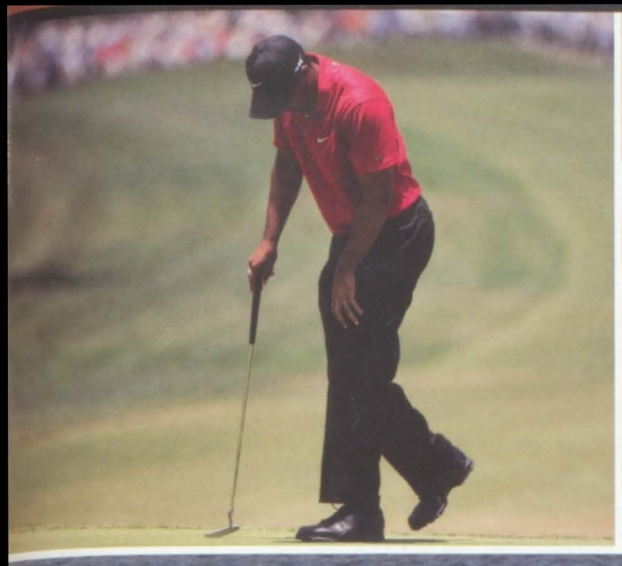
DNA SELF TEST ▼
Over-the-counter home DNA tests could now be found at the local drugstore. Kits and results could be purchased for as little as $200, and all they required was a swab of saliva. However, debates raged on the accuracy of the tests, as well as the ethical concerns.

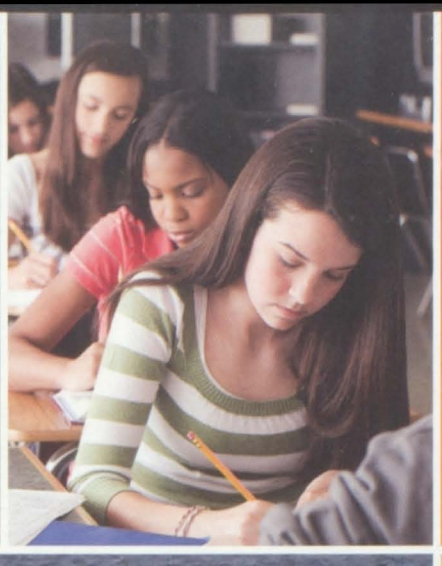
GREEN MACHINE ▼
The Boston Celtics re-emerged as the dominant team in basketball when they defeated the L.A. Lakers to win the 2008 NBA title. Then, the Celtics picked up where they left off by beginning the new season winning 27 of their first 30 games.



NO JOKE ▲
Anchored by the haunting, tragic final performance of the late Heath Ledger as the Joker, Batman sequel *The Dark Knight* drew rave reviews and shattered box office records. Earning more than $500 million, *The Dark Knight* became one of the most commercially successful American movies ever made.

ROCKETS AND RETALIATION ◄
Israel declared war with Hamas, the Islamic militant group that rules Gaza, in an effort to stop continued rocket attacks from Gaza into southern Israel. Israeli officials said they were targeting militants in its air and ground assault of Gaza, while Hamas said it would continue to defend its people against Israeli aggression. The Israeli offensive lasted 22 days.





EPIC WIN ◄
Despite playing on what was later found to be a torn knee ligament and a stress fracture in his left leg, Tiger Woods played through the pain and won his third U.S. Open title, defeating Rocco Mediate in a playoff. Afterwards, surgery on the leg forced Woods to miss the remainder of the season, the first extended absence of his pro career.

CREATIVE CLASSROOM FUNDRAISING ◄
Needing money to print tests, a California calculus teacher began selling ads on his quizzes, tests and exams. Tom Farber of Rancho Bernardo High School sold ad space on the bottom of the first page to parents and businesses. Parents and students enjoyed the ads, but Farber said he did not plan on using the fund-raising method permanently.

SULLY SAVES THE DAY ▲
An experienced pilot, Chesley "Sully" Sullenberger, was hailed a hero when he crash-landed his US Airways plane into the Hudson River in New York after the engines failed during the takeoff ascent. All 155 passengers and crew on board survived by escaping onto the wings, where ferries and U.S. Coast Guard boats rescued them. Birds were initially blamed for blowing the engines.

PHOENIX LANDING ▲
NASA's Phoenix spacecraft became the sixth vehicle to make a successful landing on Mars. Phoenix conducted more than five months of experiments before losing contact, more than expected, and discovered the presence of ice on the red planet.

STILL ON TOP ◄
Despite ratings being down slightly, American Idol was still the most watched show on TV, averaging more than 27 million viewers a week. David Cook was chosen the winner of the 7th season, and changes were made for the show's 8th season when producer Kara DioGuardi was added as a fourth judge.

BOX OFFICE NUMBERS	
The Dark Knight	$530 million
Iron Man	$318 million
Indiana Jones and the Kingdom of the Crystal Skull	$317 million
Hancock	$227 million
WALL-E	$223 million

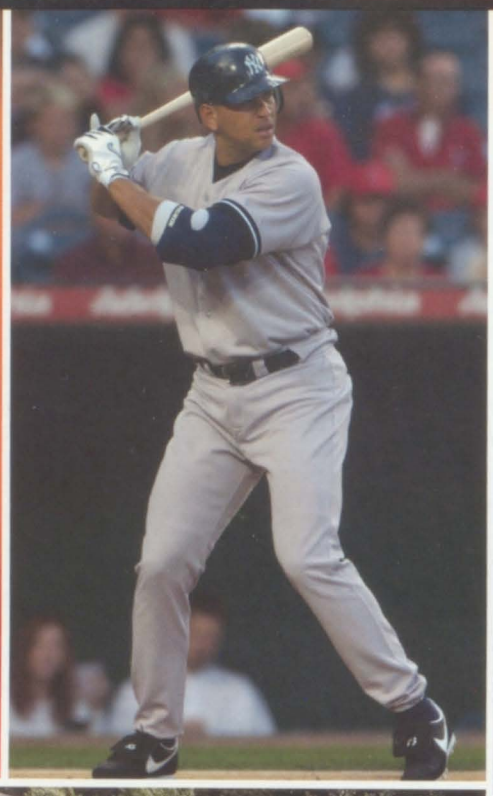
ANOTHER TROUBLING ADMISSION ➤
New York Yankees third baseman Alex Rodriguez, a 12-time All Star and three-time MVP, shocked many when he confirmed published reports indicating he had used performance enhancing drugs during the 2001-03 seasons. Rodriguez's admission came after news surfaced that had failed a confidential drug test in 2003. Despite his apology, Rodriguez's legacy was immediately debated.



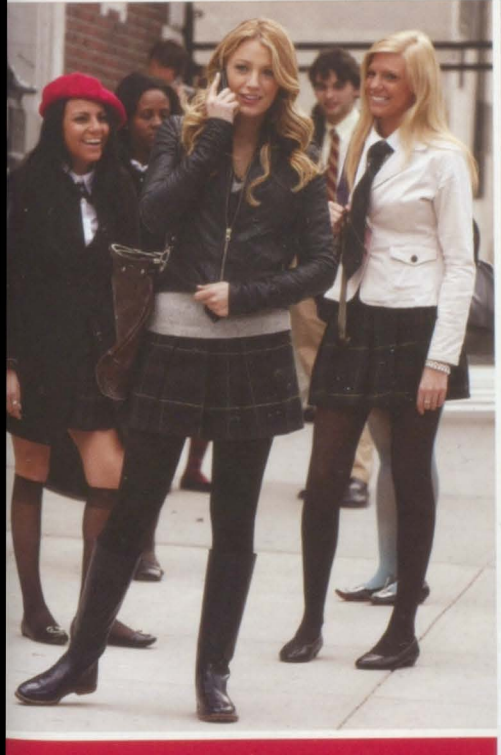
PRESERVING THE PLANET ➤
The Global Seed Vault was built in Norway, where it holds and preserves thousands of seed types from around the globe should a major catastrophe strike the planet.

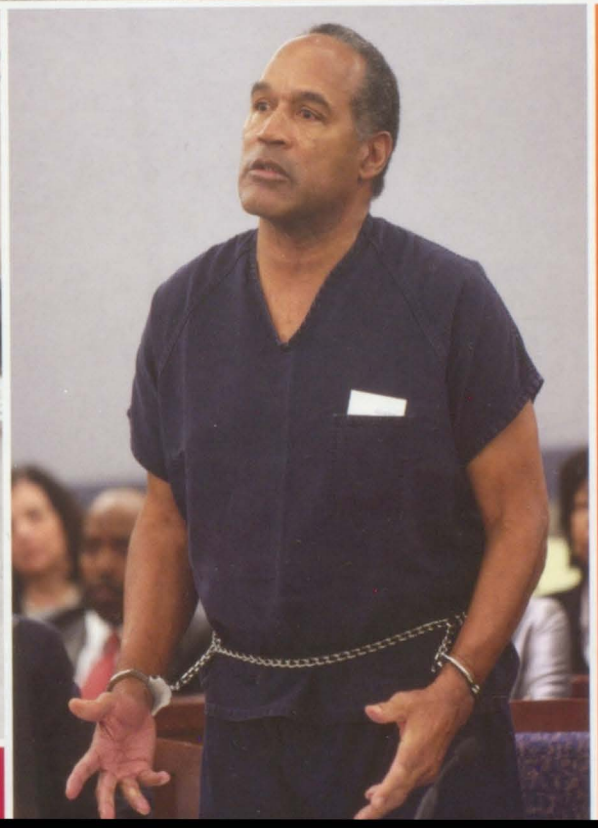
DRIVER DISTRACTION ▲
Investigators said a Los Angeles Metrolink train engineer appeared to have been texting on the job prior to a crash that killed 25 people and injured 130 in September. It was not immediately known whether the engineer was texting at the time of the crash, however, investigators said the brakes were not applied before the crash.

MILLIONS GO SLUMMING ➤
Slumdog Millionaire, the story of an inner-city teen from India who strikes it rich on a popular TV gameshow, won Best Picture at the Oscars. The rest of the nominees included *Milk*, *The Reader*, *Frost/Nixon* and *The Curious Case of Benjamin Button*.

HARD TO STOP 48 ➤
Jimmie Johnson became just the second driver in NASCAR history to win three consecutive season championships, when he put together a 2008 that included seven race wins and five runner-up finishes.

SIX-BURGH ▼
The Pittsburgh Steelers ended a memorable Super Bowl XLIII when wide receiver Santonio Holmes grabbed the game-winning touchdown in the corner of the end zone with less than a minute left in the game to defeat the Arizona Cardinals, 27-23. It was the sixth Super Bowl victory for the Steelers, the most for any NFL team.





SOME JUICY GOSSIP ◄
Gossip Girl, the TV drama based on the series of books of the same name, continued to get strong ratings from the teen crowd. There were even rumors that the show, centered on the lives of socialite New York City teens, could lead to spin-offs.

JUICE GOES TO JAIL ◄
Former Heisman trophy winner O.J. Simpson began serving at least nine years in prison for his conviction in the robbery of sports memorabilia from dealers in a Las Vegas hotel room in 2007. The trial garnered fewer headlines than his 1995 trial, in which he was acquitted of the murders of his ex-wife, Nicole Brown Simpson, and Ron Goldman.

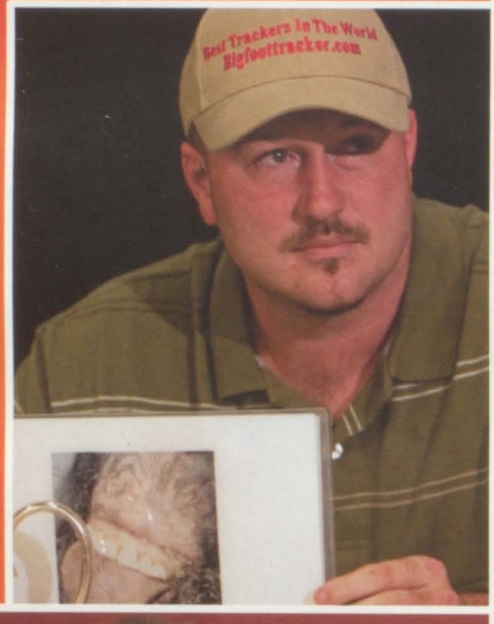
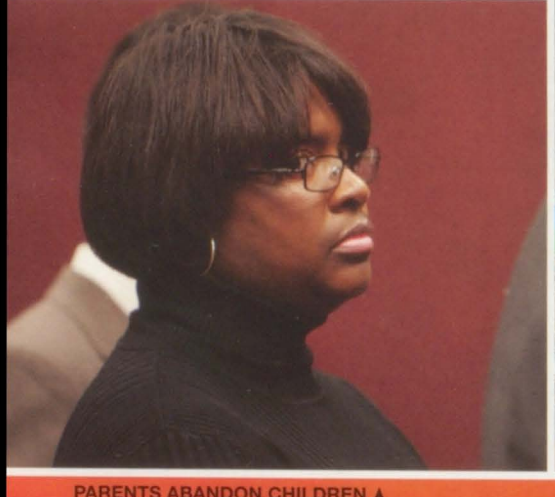
FAR-REACHING STORM ➤
Hurricane Ike devastated Galveston, Texas, when it hit Sept. 13, and caused damage and power outages in at least 10 states from Texas to Ohio. At least 34 people were still missing at the end of Janaury. Also in the wake of the storm, the southeast U.S. experienced grave gasoline shortages.

NOT QUITE SASQUATCH ▼
Two Georgia men, Rick Dyer and Matthew Whitton, fooled much of the country when they claimed to have found the infamous Bigfoot in the northern Georgia hills. The two even went as far as producing a deceased body, fooling several news outlets and collecting reward money. Very quickly, the body was found to be a costume and the entire story to be a bad hoax.





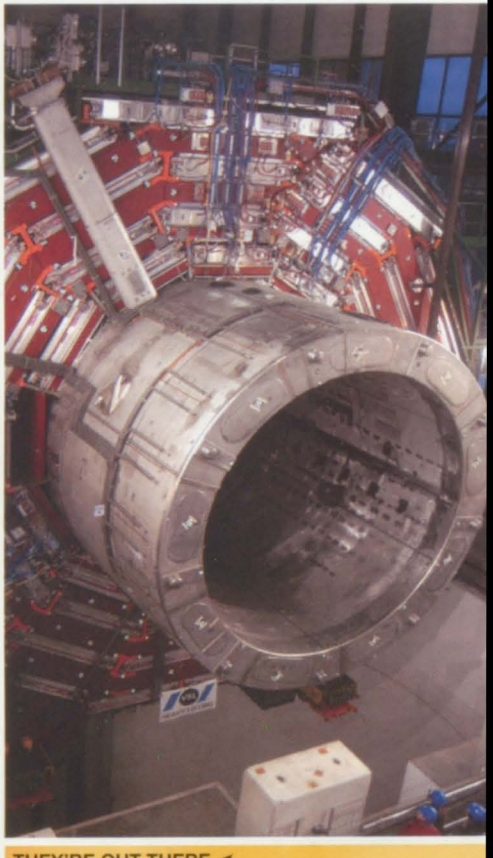
PARENTS ABANDON CHILDREN ▲
Nebraska's legislature revised its Safe Haven Law after parents abandoned 35 children, some of them teens. All states have Safe Haven laws regarding infants, but Nebraska's original law allowed parents to drop children as old as 18 without fear of prosecution. Some parents came from other states, including Teri Martin of Michigan, who faced parental termination rights in Michigan.

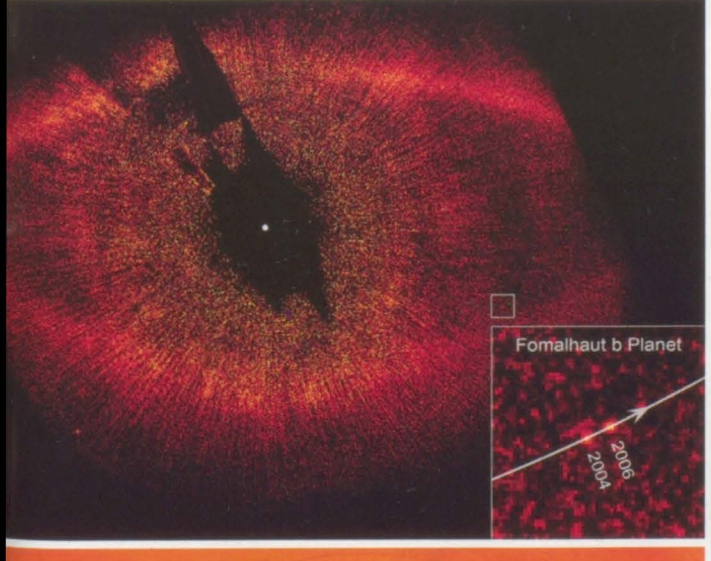
NOBODY BETTER THAN ANNIKA ➤
Annika Sorenstam announced her retirement from competitive golf. She ended her career as the winningest female golfer of all time with 90 career tournament wins, including 10 LPGA major titles.

FINDING AN AUDIENCE ◄
For the second straight year, critically acclaimed sitcom *30 Rock* won Outstanding Comedy Series at the Emmy Awards and began to slowly gain in the ratings, possibly getting a boost from the fame star Tina Fey gained during the presidential election.

ONE LAST PITCH ▼
After 85 years, the original Yankee Stadium closed its doors to make way for the new stadium being built for the New York Yankees. The final game was played in the "House That Ruth Built" on Sept. 21, 2008, against the Baltimore Orioles, with the Yankees winning 7-3.

SETBACK FOR THE LHC ▼
European scientists build the Large Hadron Collider in Switzerland, a giant particle accelerator designed to study advanced physics and unlock many of science's mysteries. Before the LHC's launch, conspiracy theorists speculated that the machine's power would create a disaster such as a black hole. While that did not happen, the LHC did suffer a malfunction shortly after becoming operational, which delayed the project's work.





THEY'RE OUT THERE ◄
Astronomers have known for several years that exoplanets, or planets outside of our solar system, existed. But it was not until this year that a group of astronomers from the U.S. and Canada were able to produce photographs of two of these planets in actual visible light.

A BOLD EXPERIMENT ◄
Kanye West, the most commercially successful rap star of the moment, released an experimental pop album titled 808s and Heartbreak. West surprised his fans and critics alike by choosing to sing, rather than rap, on most of the songs. The heavy use of drum machines and an audio processor to alter West's voice brought mixed reviews, but earned the star praise for innovation.

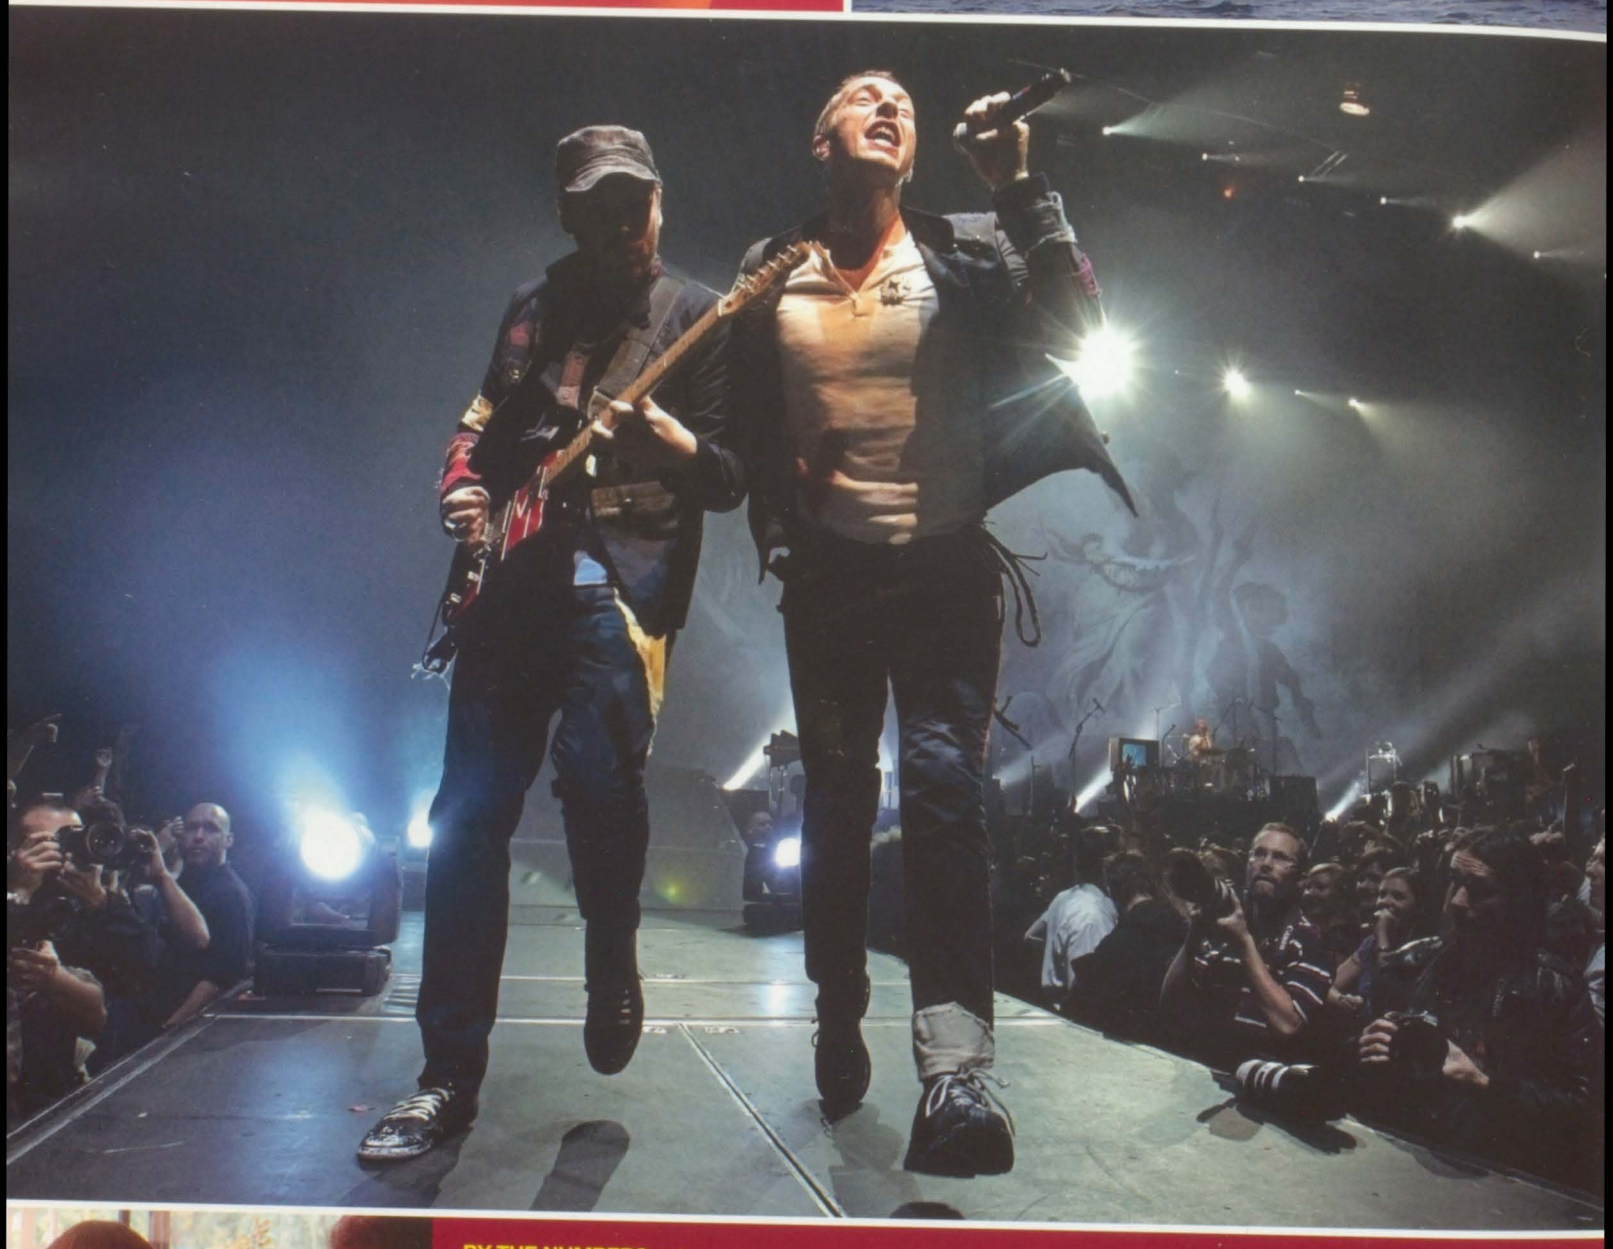
PIRATING FLOURISHES ➤
A multinational task team led by the U.S. Navy was cracking down on pirates off the coast of Somalia. In February, the U.S. Navy made its first arrests of pirates on behalf of the team. Piracy has become big business and a big nuisance in the Gulf of Aden. In 2008, pirates attacked almost 100 vessels, hijacked at least 40 and received an estimated $150 million in ransoms.

LIVING THE GOOD LIFE ▼
British alternative rock band Coldplay released the album they spent the previous two years working on, *Viva la Vida or Death and All His Friends*, and it became one of the best selling records of the year. The quartet also landed seven Grammy nominations and launched a successful tour.



BY THE NUMBERS • According to various surveys:

Half of primary care doctors said they would change careers because of paperwork in their practice. A shortage of family doctors was predicted by 2025.

About 2.5 million grandparents act as parents to their grandchildren. Parents who moved in with their adult children increased 67% between 2000 and 2007, mostly for financial reasons, not age.
