The ways of
LIFE

HOMECOMING

renewing friendships

By Tina Hon

This year's homecoming started off with a bang! Each class tried to be the winner of the Spirit Award. Students dressed in hunter orange and camouflage on Monday. Tuesday was boxer short and inside out day. Wednesday, college T-shirts. Thursday, 50's and 60's day. And on Friday, class colors.

During the week, each class voted for their representatives. Brad Allen and Julie Beland, freshmen. Tom Richardson and Marcia Campbell, sophomores. The juniors were Andy Bailey and Jeanelle Griffin. Brent Gnodtke, Brian Burns, Mike Cuellar, P.J. Baker, Terra Williams, Jan Edwards, Trica Johnson, and Monique

Andre represented the Senior Class.

By Friday, the students and teachers were anxious for the pep rally, the parade, and, of course, the game and the crowning of the 1991 Homecoming King and Queen.

The 40-minute pep rally was the start of it all. The students participated in many games such as the famous tug-o-war, which the seniors once again won. The students also competed in cheers to see who would be the proud winner of the Spirit Award. Again this year, the award went to the Senior Class. Next was the parade. Each class had decorated a float, with the winner to be chosen at half time of the game.

Finally, it was here. Would the Indians continue their record of being undefeated and win their homecoming game?

When half time came, everyone was anxious to hear the results of the float decorating. The winners of the floats were announced: 1st: the freshman-sophomore float. 2nd: the junior float. 3rd: the senior float. Then, the moment all had been waiting for, the crowning of the new King and Queen. The winners were Brian Burns and Monique Andre.

The homecoming festivities ended with a bang! The Indians won their game against Pinckney with a 32-8 victory! Topping off the festivity was a fun-filled homecoming dance.

PARTIES

laying back with friends

QUOTE

Last minute parties are fun even though they're not organized.

UNQUOTE

By Kristin Creech

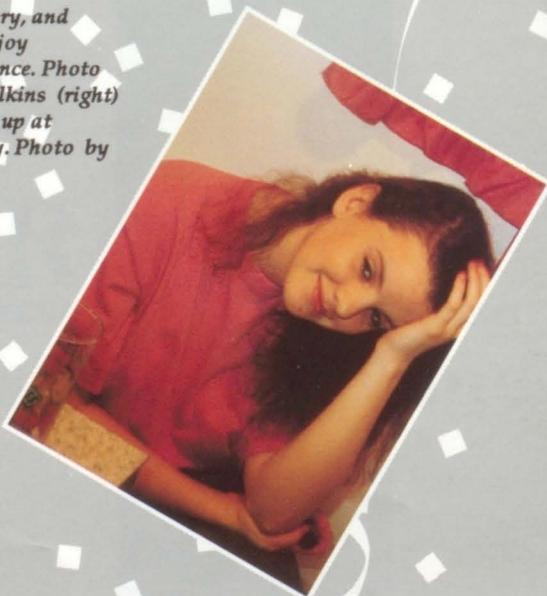

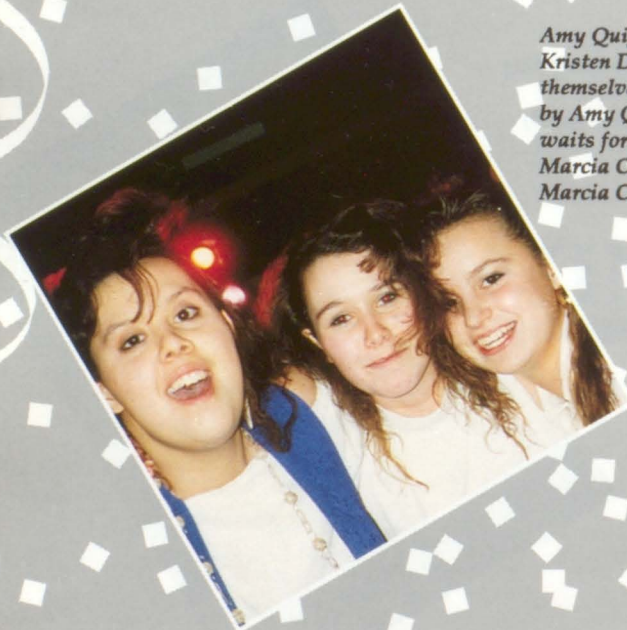

Tecumseh High students are hard working. They work all week and are ready to let loose for the weekend. Everyone, including the teachers, can't wait for the weekends to let their hair down.

The way Tecumseh students let their hair down is to have parties. Parties are defined as a group of teens getting together to relax and enjoy each others company. Most parties consist of kids listening to music, being with boyfriends and girlfriends, watching movies, dancing, talking, or eating.

There are different kind of parties, birthday parties, victory parties or we may just have a party because everyone wants to get together. Usually parties are celebrated on special occasions, but sometimes they're a last minute thing. "Last minute parties are fun even though they're not organized," said Shelby Gramling.

FRIENDS

there when you need them

QUOTE

A friend is someone that is cool and has a lot in common with me and they would mean a lot to me.

UNQUOTE

By Curt Griewahn

It would be hard to go through life with no friends at all. It is just a human need.

We all need someone to talk to or listen to us or just to be with. We need someone to make us feel special or important in some way.

We all have someone that makes us feel that way, or at least meet some of those needs. It doesn't have to be one of your peers, it could be a parent, a relative, or even a pet. It is true some people do feel alone sometimes.

There will always be a time in our life that we will feel alone. But it's something that we just have to accept. If you look hard enough you will find that someone, and that

someone is a friend.

Friends are very important to us at THS. A junior Andy Bailey said this about friends. "A friend is someone that is cool and has a lot in common with me and they would mean a lot to me."

Friends are someone that you can call a bad name to and joke about it. But a friend is also someone that you can trust with your innermost thoughts. And you would do anything for your friend. "A friend is someone that you can go partying with and just be able to be yourself," sophomore Shelly Elkins said.

Friends mean a lot to us at Tecumseh High School.

PEP RALLIES

a time of fun and games

up the air as our varsity players run out wide-eyed and ready to defeat their opponents.

Each year pep rallies are getting much better and now it is starting to pay off. Each week more kids are getting more involved in games, music and cheering. Senior Anne Carpenter said, "I think the pep rallies have become more exciting for the teams participating because I think that the student body supports the teams more than they did my sophomore year."

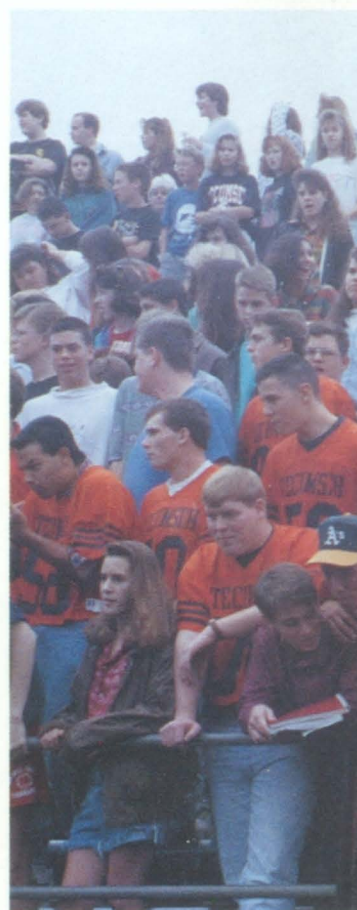

Mrs. Jennifer Keffer, cheerleading adviser, said, "We are trying to get the student body more involved by having more games."

Junior Justin Mortin said,

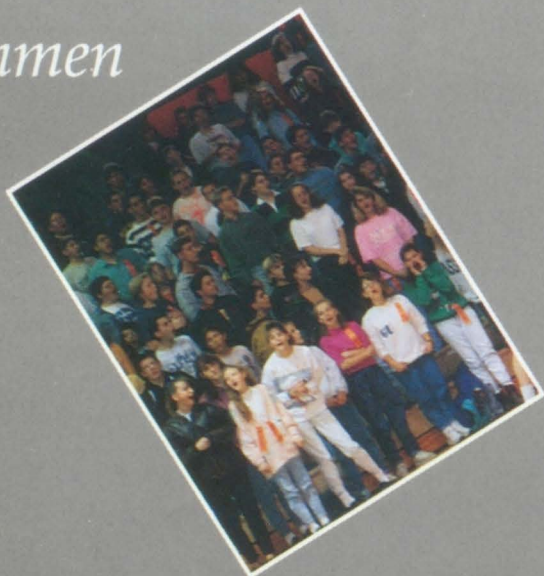

"I think pep rallies are good because the student body really gets the football players pepped up. The pep rallies have changed because the band, teachers, cheerleaders and players have a more active roll."

"This year THS had a lot of school spirit. Our varsity football team was lucky enough to make it all the way to the EMU stadium, and I think that the pep rallies and the student body participation really pepped up the team," said sophomore Andrea Sears.

Freshman Jennie Howell said, "In the beginning the pep rallies were boring, but then they got fun. I think that there should be more activities and last longer."

CHRISTMAS DANCE

celebrate the Christmas season

thought the Christmas Dance was good," said freshman Derek Wiemer. The dance, which cost each couple \$12.00 to get into, started at 8:00 p.m. and ended at midnight. The senior class had Mr. Pat Connors cater this special evening.

Other students had a different opinion about the dance. "I thought the D.J. didn't separate the fast songs from the slow songs that well. There wasn't enough places to sit once you got there. But other than that the dance was fun. The girls looked nice in their dresses and the guys looked handsome in their outfits," said junior Dawn Radant.

For some it was fun see-

ing people dressed up. "I liked seeing all of my friends dressed up," said sophomore Marcia Campbell. It

was a night of fun for the students. The Christmas Dance of '91 was a great success.

Jenny Piper, Lisa Burgess, Carrie Smith, Sandy Sevald, and Melinda Lerma (right) take a break for a quick shot. Photo by Andrea Bearer. Randy Rohn, Derek Henning, Bobby Moore, and Jamie Foughty (below) are on the prowl looking for their dates. Photo by Marcia Campbell.

By Andrea Sears

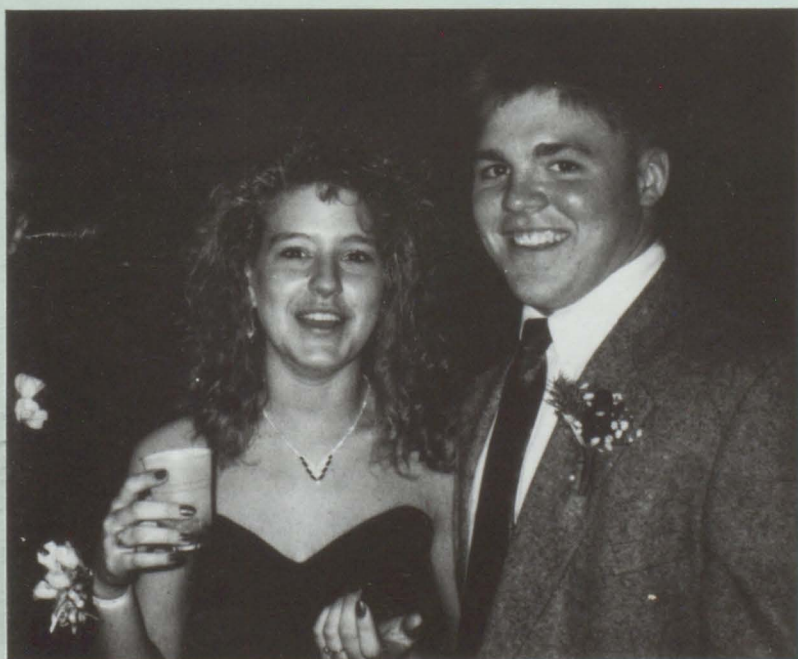

On the night of December 7th, THS held their annual Christmas Dance. The seniors sponsored this festive occasion. They had Fly By Night Soundz provide the music for the dance. They also had Precious Portraits by Connie take pictures for the couples who wanted their picture taken. Some people even had group shots taken.

Some students thought the dance was fun. "I

TICWSS

a week of fun and games

By Andrea Sears

Tecumseh Indians Celebrate Winter Sports Seasons, better known as TICWSS, was held February 10- 14. TICWSS is like our fall homecoming. Students get to show school spirit by participating in the weekly games and activities: cart decorating, dress up days, faculty and student volleyball, student basketball, the varsity basketball game, and - to top off the week - the dance.

The cart decorating was a class participation project that was judged during halftime of the basketball game. The freshmen came in fourth, the juniors in third, the sophomores in second place, and the seniors in first.

The students participated

in dress up days. Monday was college T-shirt day; Tuesday, boxer shorts; Wednesday, crazy socks day; Thursday, hat and sunglasses, and Friday, pajama day. Junior Brandy Kazmierczak said, "It was fun dressing up all week, but the best was pajama day."

By choice, students got to participate in a volleyball or a basketball game. The students and faculty played against each other in the volleyball games and the students played against each other in the basketball games.

The TICWSS varsity basketball game was on February 14 against the Pickney Pirates. It was a very suspenseful game. The TICWSS king and queen were an-

nounced during halftime. Everyone was anxious to find out who the TICWSS royalty was going to be - **King Ramon Torres and Queen Julie Oxley!**

The game was tied by the end of the fourth quarter, so it went into overtime. The Indians won 56-45.

The students celebrated the victory at the dance hosted by the National Honor Society.

TICWSS is really the only time of the school year that the students can dress up. "I think TICWSS is cool because you get to do things that you normally wouldn't do. I especially like the pep rally because it shows that this school has a lot of school spirit," said freshman Kelly Hancock.

Ramon Torres and Carol Hackstedde (above) are trying to beat out the other classes by racing to finish their licorice first. Photo by Amy Quigley. Stacey Haroey, Jessica Bailey, and Carrie Andre (right) are showing their school spirit by wearing their pajamas on pajama day. Photo by Andrea Bearer.

PROM 92

an evening under the sea

By Neil Coates

An Evening Under the Sea was the theme of this year's prom. It was held at Sauk Valley, like it has been in the years past.

The prom was sponsored by the junior class. Mr. Ron Frenzen and Mrs. Paula Bowman were the advisers for the junior class. The price of tickets for this year's prom was \$30, or \$28 with a black or gold Renaissance card.

This year's prom was held May 2, 1992 from 8:00 p.m. to 12:00 a.m.

The prom was decorated with murals, fish, mermaids, and corals. Precious Portraits by Connie was on hand to take the couples' pictures if they wished. Sauk Valley provided the food for this year's occasion.

Music for this year's prom

was by Ruben from the L.A. Cafe in Adrian.

The king and queen for the prom of 1992 were Mike Cuellar and Juile Oxley.

There were a lot of things to like about this year's prom. "I liked the fish decorations the best, but I felt that the D.J. played too many slow songs this year," said sophomore Marcia Campbell.

Junior Brandy Kazmierczak said, "I liked the D.J. because he played a lot of slow songs. The decorations were so sweet and I really enjoyed myself."

Some of the students really enjoyed the decorations. "The decorations were really nice. I had more fun talking than dancing," said Heather Roof.

Junior Jeremiah Mauricio

agreed. He said, "The prom was great. I loved the music, and talking to friends."

"The decorating was extremely well done. It was a lot of fun seeing friends dressed elegantly and the guys in tuxedos instead of blue jeans," said Dawn Radant. But some students had a tough time describing the prom. Senior Jeff Irwin said, "Prom was awesome. It was impossible to describe the fun I had."

Some thought that the prom was a big improvement over previous proms. "I thought that this year's prom was better than last year's. I give it two thumbs up," said senior Brian Matthews. Overall, this year's prom was a big success and will not be forgotten for a long time.

An anxious Amy Quigley (below) is trying to figure out what to have for dinner. Some friendly prom-goers (right) are taking a break between songs to catch some fresh air. Tony Miller (center) takes a break from dancing by talking to some of friends. Photos by Amy Quigley.

AFTER PROM PARTY

food, folks, and fun

By Neil Coates

The after prom party, which was held from 11:00pm to 4:00am, was at the Tecumseh High School.

For the first time this year, juniors and seniors that did not attend the prom could go to the after prom party.

The organizers provided mock casino games and a fortune teller. The local merchants donated prizes. Some of the prizes were a Super Nintendo, color television, Cedar Point tickets, boom box with C.D. player, Sony Walkman, bicycle, and gift certificates. For the seniors only, there was a refrigerator, a microwave oven, and a word processor. There were also videos, relay races and the pool for everybody to have fun at.

Many people liked having their fortune told and playing the games.

"The games were really fun, the fortune teller was good and I felt that the gambling was a blast," said Brandy Kazmierczak. Jeremiah Mauricio said "I thought that the gambling was the greatest."

Others liked the relay races. "I liked the gambling and the relay race that I won," said sophomore Marcia Campbell.

Some people didn't even mind losing their chips. Jeff Irwin said, "I lost all my chips gambling, but I had fun doing it."

Everyone that attended this year's after prom party should remember this night for a long time.

Class Night:

A night of good times and goodbyes for the Seniors...

Justin Morton, Ryan Sauter, Josh Morton, and Aaron Nolan practice their stuff while they wait.

Carol Hackstedde, Terri Balog, and Krista Velandra (below) enjoyed their final performance together. Jami Gramling (bottom) smiles big for her friends. Seniors (right) enjoy being together one last time for their high school year.

*Sara Schlander, Liz Sebring, Kristen Kane (left) get ready for the set-up of the stage.
Impersonation (above) was part of class night fun! Photos courtesy of Mrs. Kastel.*

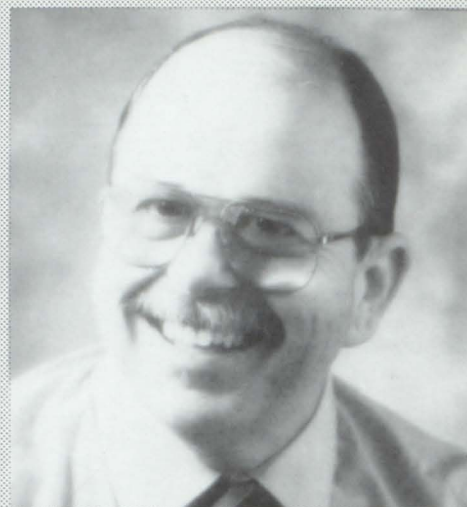

Salutatorians

You would think that, first of all, the Class of '92 would have your normal two people for valedictorian and salutatorian - but no. They have six beautiful females. Now you would think that they would be serious all the time because of their grades. But, on their own time, you can really see how they act. They are showing their true colors!

We salute the valedictorians, Julie Oxley (bottom), Kathy Catros, Robyn Pray, Diane Jackson (second row), Tracy Quigg and Randi Drew (top) and the salutatorian, Jason Evans, for their outstanding GPA and participation in this school.

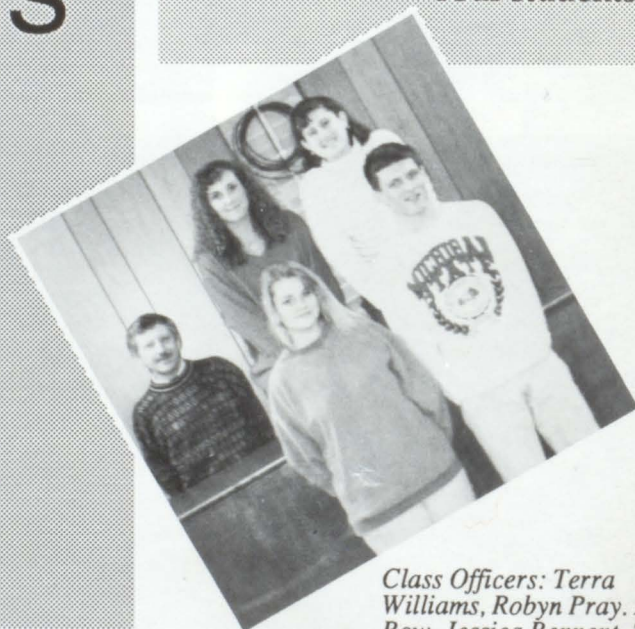

We're honored to have you!

Mr. Bill Raeburn,

Thank you for your thirty years of helping us through our high school years! We appreciate all you've done for us. We'll miss you!

Your students

Class Officers: Terra Williams, Robyn Pray. Back Row, Jessica Bennent, Steve Heman. Front Row adviser Mr. Fred Herman

SALUTE TO YOU!

Bu
BRAND
YA

The grads (above) are anxious on graduation day. Amy Blumenauer (below left) stands tall in her gown. Amy Hachett and Erica Lagore (below right) take a final walk through THS halls. Photos by Brandy Kazmierczak

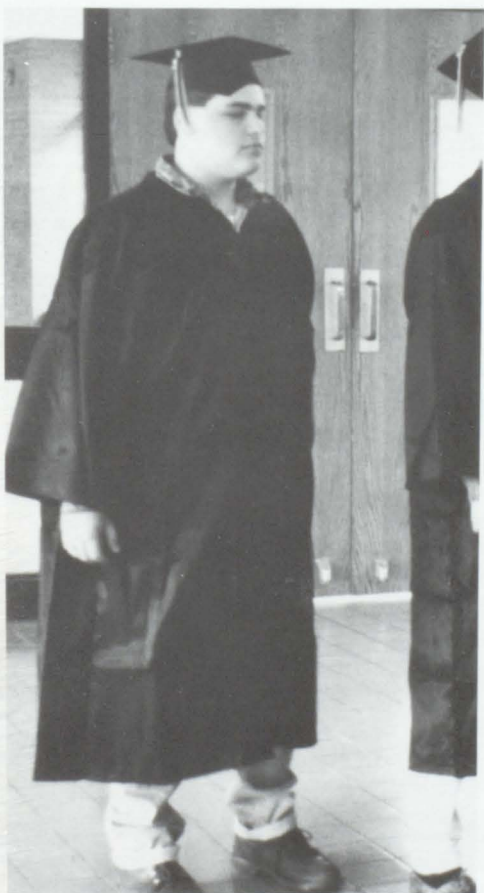

THIS IS THE DAY EVERY HIGH SCHOOL STUDENT WAITS FOR - GRADUATION.

On May 31st after the ceremony every senior will breathe a sigh of accomplishment. The seniors have walked these halls for four years. You have been our leaders for a year. We won't know what to do, we'll miss you. Don't have too much fun without us. You are the leaders of the school. We - the freshmen, sophmores, juniors - are the followers. You have led us into the roles that you will give us on the 28th of May.

Graduation is a goodbye to the leaving seniors and a hello to college and a breath for a new life. It also is a hello to the juniors as they move up the high step to be seniors. Graduation is a big step into real life. May 31st will probably be the worst and best day for the class of 1992. They will have mixed feelings about leaving the nest and the dive out of the tree. Have fun and always remember the days you spent in Tecumseh High School.

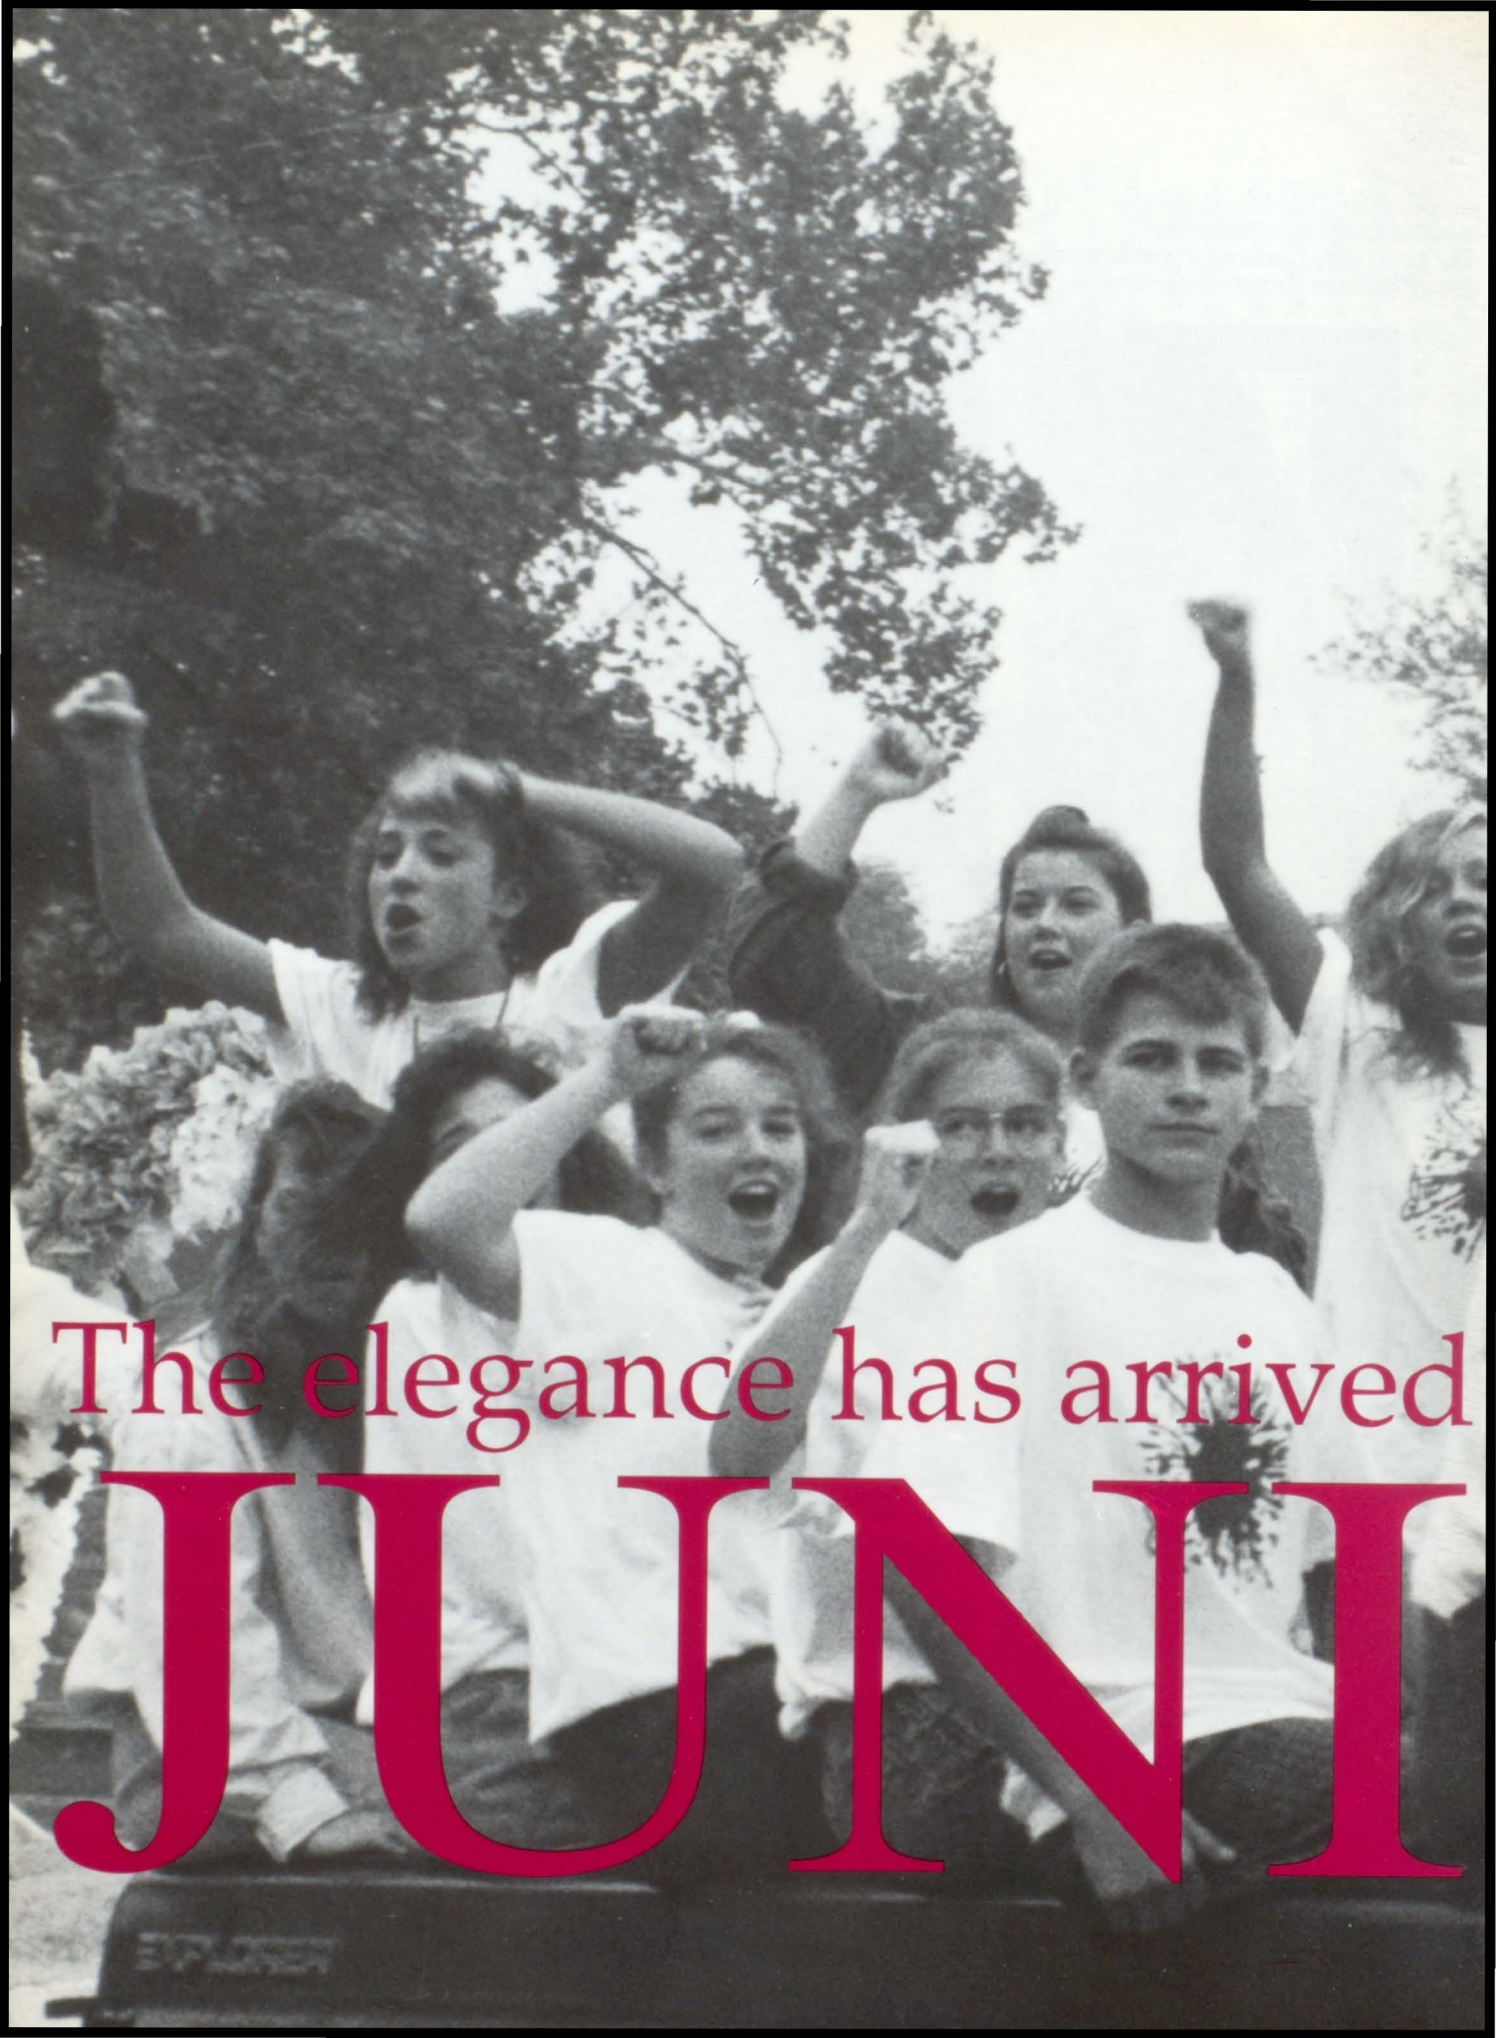

Do you think Tina Hon (below) is worried about not graduating? The guys (right) gather for one last group shot. Photos by Brandy Kazmierczak.

Tony Miller (far left) takes a step aside and reflects back on his THS memories. Kristy Gibbs (above) shows us her beautiful new hat. Tony Miller and his female followers (left) are ready for the BIG DAY. Photos by Brandy Kazmierczak.

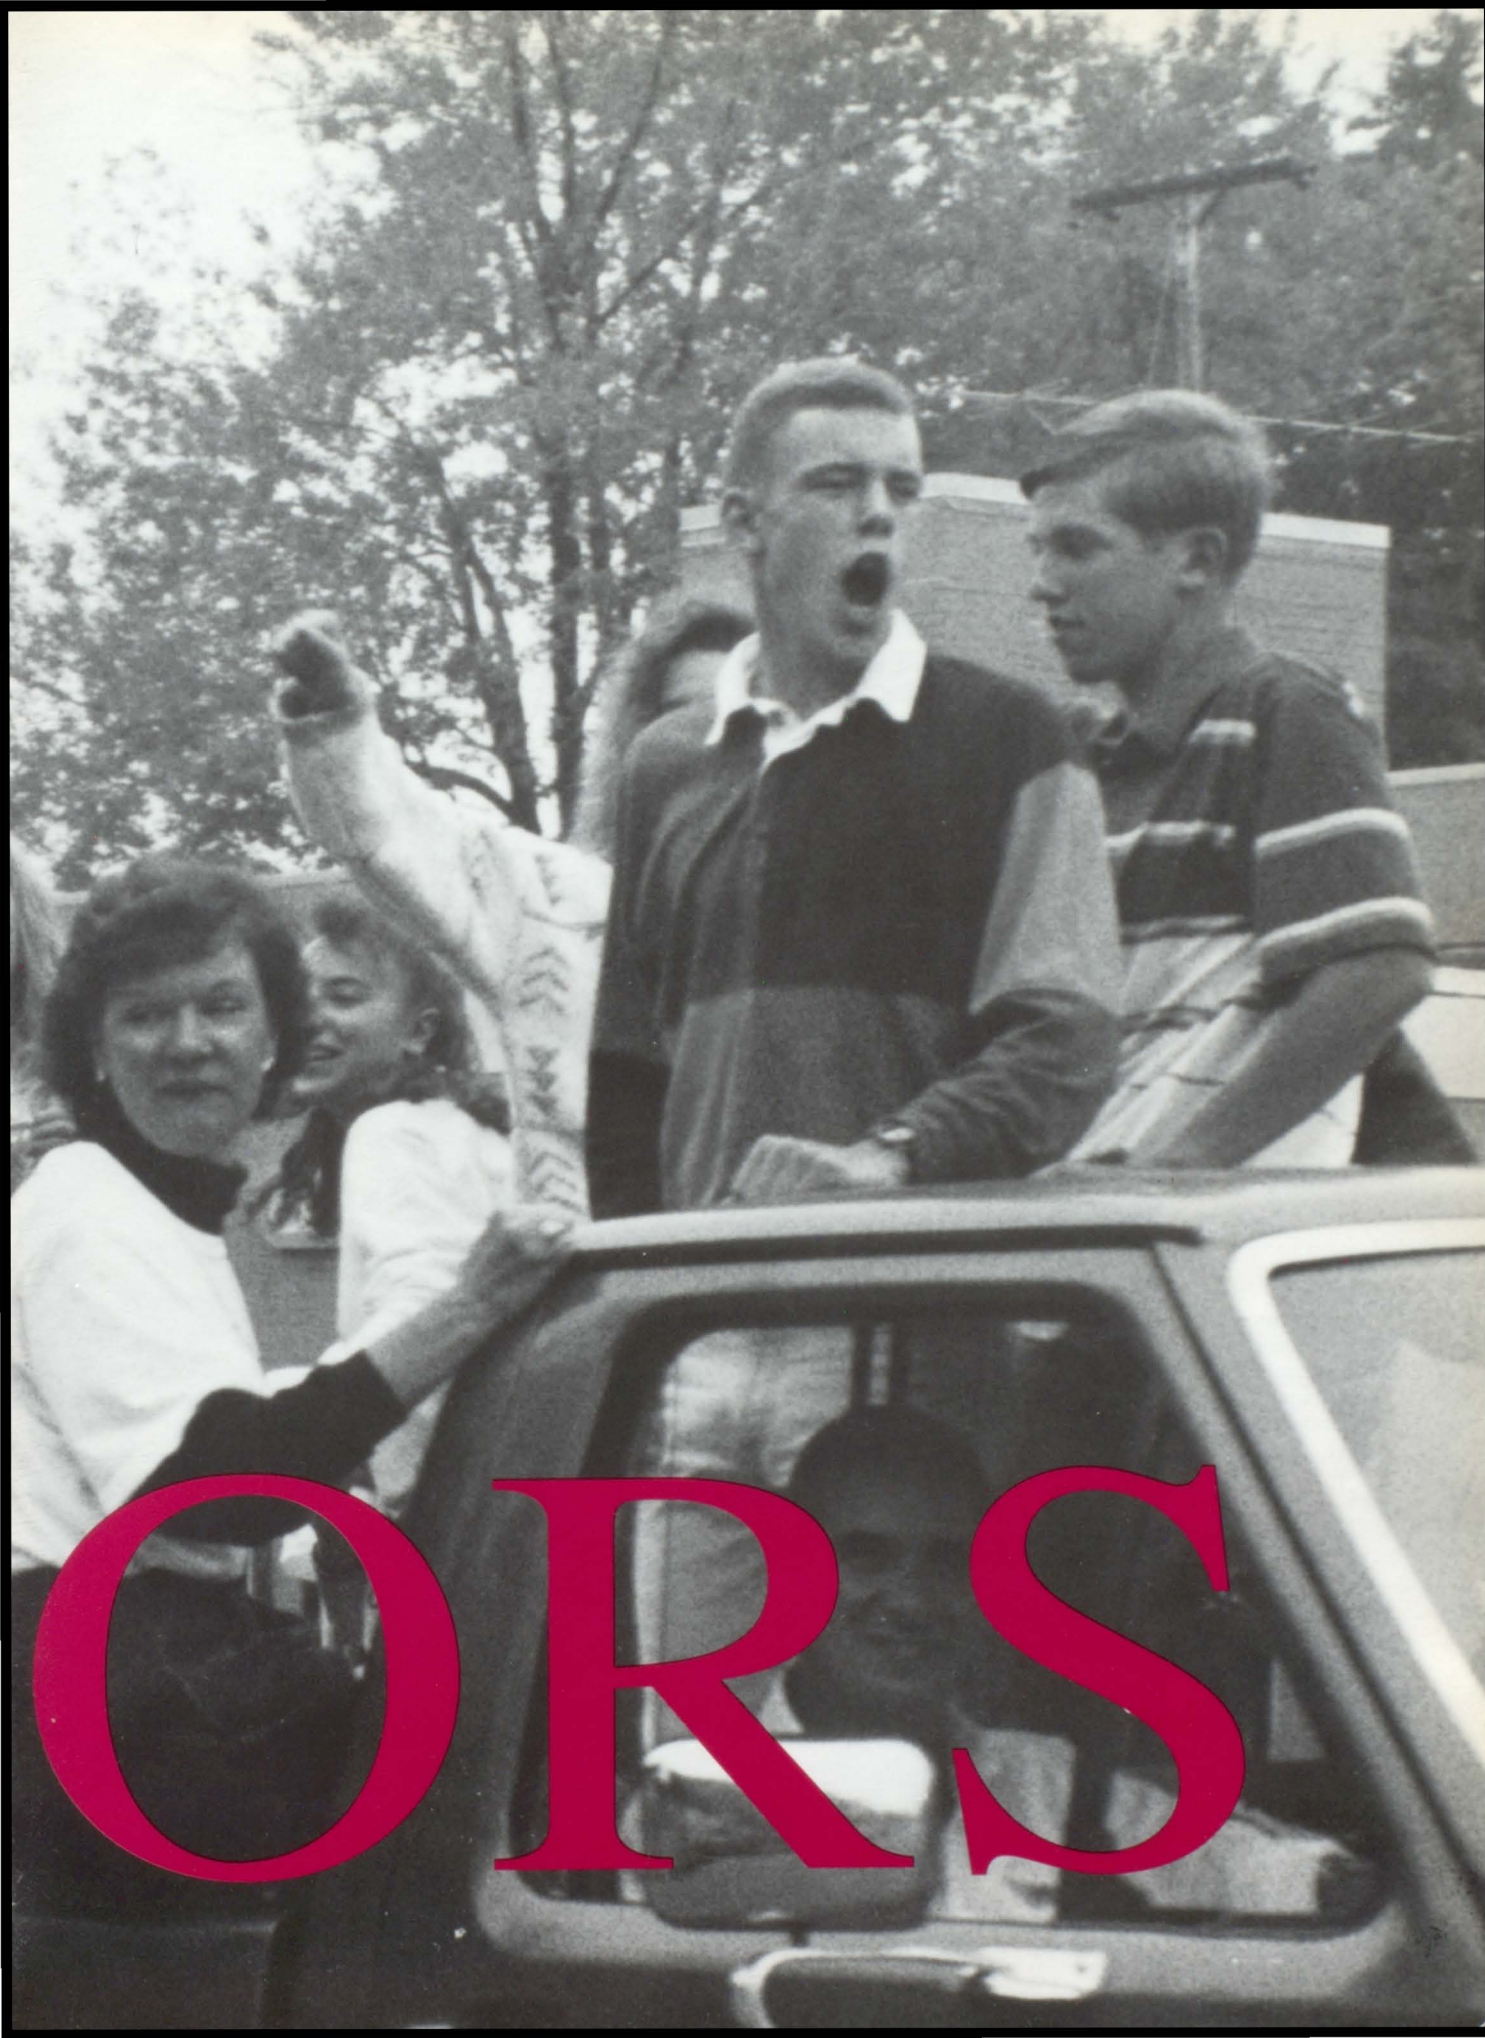

Making a SPLASH into the future!

The elegance has arrived

We've all got six of them, no - not fingers, thighs, toes or eyes: The teachers of Tecumseh High School, and did you know that they're...

Molding Our Minds

If you've ever stopped and thought about it, teachers actually give us all the information we need to go out and live on our own, go to college, or even start a business! Here at THS, all our teachers are dedicated to giving us a great education, and you couldn't ask for a better lineup of friendly people. Sure, we all have a few teachers who we don't agree with, but I'm sure that those teachers are the ones who care the most for their students. We've got all the great types of teachers, from Mr. Curth - strict, but interesting to learn from - to Mrs. Kastel who can relate to her students and teach while having fun at the same time. So next time you move away from home and end up being successful, you'll know who to thank.

Have you ever wondered what the teachers are always **doing** in this room? Well it looks like Mr. Curth (above) is keeping himself busy. With all the hard work the THS teachers have, it's no wonder that they're always in there when you need them.

SUPPORT STAFF

By Justin Morton

It just wouldn't be possible to run a school without the help of the THS support staff. Ranging from teaching assistants to custodians, the support staff has a major role in keeping the school fun to attend. As you're sitting in a class, it is hard to believe all the people that are working to give you a good education and a clean school to learn in. The cafeteria ladies make lunches for us, and the janitorial people clean up our mess.

Have you ever had a class where you just can't seem to learn anything? I'm sure we all have, but if you've ever had a tough class with a teacher's assistant I'm sure you did much better than you expected.

Mrs. Sheila Jaimes, one of our teaching assistants, said, "I enjoy working at THS, it's a real challenge. The students are usually cooperative and I enjoy the age group that I'm working with." Jaimes continued,

"All the students here at THS

"I enjoy working with kids, it's a real challenge."

**Sheila Jaimes
Teachers Assistant**

have lots of energy, I think that they should turn that energy into motivation, and improve their grades."

Another great supporter was our head janitor, Tennessee. If you ever saw him in the halls, you would know that he is a very busy person.

Tennessee left THS this year to work at an elementary school. The new janitor's name is Larry (some kids call him "Arizona" in honor of Tennessee) and he's pretty cool.

Although most people don't really know about all of these people, they really do a lot for the students. So thanks to all the support staff of Tecumseh High School, our education is made easier than ever.

The special education classes at THS benefit from the assistance of people like Mrs. Virginia Hella (above) who works with the orthopedic students and Mrs. Dee Cambell who works with the hearing impaired.

SWIMMING: a class that's fun!!

By Kelly Hancock

Mr. Larry Reed teaches first and fifth hour beginning and intermediate swimming and sixth hour advanced swimming at Tecumseh High School. Reed has been teaching and coaching swimming for 25 years. He has taught and coached at Milan for 7 years, Chelsea for 13 years and, 3 years for Tecumseh.

"I am a swim teacher because swimming is what I do best. I have been swimming ever since I was a little kid. I have always liked swimming," Reed said.

Sean Boyers, a 1991 graduate of THS, was a team diver and he enjoys working with kids and Reed.

"Mr. Reed is a great influence on the kids. He makes them use their head, so they think before they act. He makes sure when they are representing the swim team, that they show some class," said Sean Boyers.

"During my second year of diving Mr. Reed asked me if I could stick around

after I graduated and help out with the swim club and the divers," Boyers added.

Pam Kirkpatrick, head lifeguard, said, "Mr. Reed likes to have a good time but realizes the importance of getting the work done first. He teaches that the two can go hand in hand." Kirkpatrick has worked up at the pool for three years, "I have always wanted to be a lifeguard and it is something I enjoy doing."

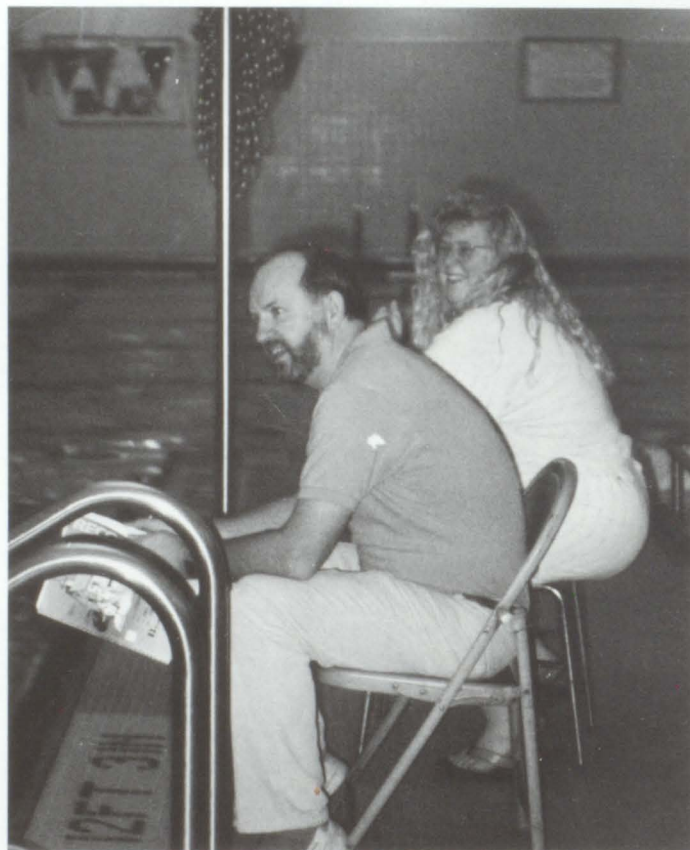

Senior Kristy Gibbs plans to renew her lifeguard training, CPR, and first aid. "Mr. Reed makes a good instructor," Gibbs said. "He makes the class fun. Sometimes we play games but when the subject is serious, so is he."

Senior Scott Henkle said, "I plan on learning from this class to be a more effective swimmer. I picked this class because I like swimming, the comradery of the friends I have in my hour, and the all-around good time I have in this class."

When the bell rings for the swimmers they know it

is time to get to the pool and have fun. Reed is an all-around great guy. His classes are always fun, the swimmers are always hav-

ing a fun time. Swimming classes will teach you all the basic and important strokes for being a good and safe swimmer.

Mr. Reed and Pam Kirkpatrick laugh while the swimmers complain that they don't want to get their hair wet. Photo by Kelly Hancock.

Todd Spelman and Dan Kastel (left) are looking quite excited to go and swim. Photo by Kelly Hancock.

Shannon Freshcorn, Bobby Moore, Jan Edwards, and Jeremy Powers (center) anxiously await their moment to jump into the pool and swim, swim, swim. Photo by Kelly Hancock.

Paul Raetzel and David Gobel (right) struggle to make it through a five minute survival treading water. Photo by Kelly Hancock.

Craig Jacobs and Seth Wagner try to catch their breath after swimming a hard endurance swim. Photo by Kelly Hancock.

“Mr. Reed likes to have a good time but realizes the importance of getting the work done first. He teaches that the two can go hand in hand.

- Pam Kirkpatrick

”

MUSIC: students say that it's more than just talent

By Allison Pittman

A favorite activity for some THS students is found in the Music Department. Here students participate in band or choir classes daily.

Each year, Mr. Jimmy Rice proudly heads the band. He has a very full schedule here at Tecumseh. This year was no exception. There are four different parts to the THS Band: Symphonic, Concert, Jazz and Pep. The bands perform for sporting events, festivals, schools, and the general public.

"Most kids do enjoy band, but it isn't easy. The students have found a way of expressing themselves. That's what makes band rewarding," said Rice.

Some students in band are taking this class to pass it as a quick, easy credit. "Some kids are here for an easy A, but I'm here to learn the music. Band is supposed to be serious," said freshman Kazue Kajikawa.

The choir is lead by Mrs. Alison Hunt who has been with the high school music department for two years. The choir puts in a lot of

hard work before a performance. "We practice for about two months before we perform and rehearse every day. We sang for our second year at the Honors Night, which will probably remain a tradition. We will attend a choral festival to receive constructive comments on our music. I work to create enthusiasm in the group; they like the music. We are a growing group. In 1990-91, we had 11 members and in 1991-92, we had 25," said Hunt.

"Choir is very rewarding. We work on how to sing better. We are just getting started and it's going really well. I hope the group gets a little bigger next year," said Diana Armstrong.

"This class is different from any other class I've ever taken. You get to participate," said junior Monte Shearer.

YEARBOOK: a look back at the past

By Jennifer Howell

This year's yearbook class has worked very hard on putting together our 1991-1992 yearbook. The class is a lot of hard work and it takes a lot of time to give you the best yearbook ever. Its doubtful that the yearbook would be as great as it is if it was not for the staff participation and the great help and encouragement from Mrs. Kathy Lancaster.

Tabatha Johns and Mike Vescelius both enjoy the class, "It's a lot of work but it is fun. It's not like a normal class - it's more independent," said Johns and Vescelius.

Stephanie Miletich said, "It is a very beneficial class in the respect that you get to work as team and experience responsibility in a positive way. The class teaches more than just journalistic writing skills."

"Our staff has worked very hard this year, it has taught us new and exciting things. The class has taught us that we must work inde-

pendently and it could reflect on our future. Our staff has worked extra hard at accomplishing the goals we set out," said Christina Shearer.

Brandy Kazmierczak said, "It is such a joy and pleasure to be in yearbook, and to produce the memories I experienced at THS."

Tabatha Johns (right) covers her face while Mike Vescelius and Nicki Curtis look at the camera.

Junior photography editor Kris Johnson (bottom) looks enthused for his picture. Photo by Mike Vescelius.

PUBLICATIONS: students' dedication to a school paper...

By Jennifer Howell

The Writing for Publication class has been busy all year reporting on the things that have happened around school. The main job was to publish the school newspaper, the *THS Tribune*. The staff kept you informed of what was happening - the scores of each game, the new happenings, and just little

things they thought were interesting.

I went into the class to see what they do. Writing and publishing a newspaper is a hard job and a lot of people had a lot to do. It kind of made me want to begin working on the staff right then. Everyone was so busy they didn't really have time to even talk about how they

felt about the class. The main job that they do is plan the layout of the paper, write interesting stories, sell and design ads, and sell the paper.

Michelle Snyder, co-editor, said, "I enjoy working with all the lively people on the staff and they are really great!"

Senior Ryan O'Quinn

said, "I really think that this class has richly enhanced my writing ability and allowed me to reach out and touch others with my work!"

Most all the students said that they got a really good writing experience and that it felt good to be part of the class. If you are looking for a good class and a challenging one, this is IT!

Michelle Snyder, Jenny Roe, and Shawna Cox all sit down and discuss the lay-out for the THS Tribune that is going to be fantastic. Photo by Gene Chan.

ART: the expression of hidden talent

By Christina Shearer

The Art Department is a favorite department in our school. There are many types of classes to choose from such as art and design, sculpture, jewelry, crafts, pottery, and ceramics, but before you can go on to any other art class you must take art and design. Mrs. Ann Merrill and Mr. Ron Frenzen are the teachers of these classes.

In art and design the students have been working on pottery, drawings, tessellations (which is a pattern that is repeated over and over again), and alabaster sculptures. Freshman Alicia Camron said, "Art is hard, but not too hard, and the students enjoy it because it is fun." Alicia hopes in the future she can learn to paint and draw better.

Freshman Christy Selbert agreed, "Art is a fun class to take, and it's easy to do."

In sculpture this year the students have done normal size clay heads, small jewelry pieces, and a take-home

project which was a gumball machine. As a group they worked on a larger-than-life project, a project that is made bigger than it really is in real life.

Ceramics is another class many people enjoy. The students use what is called a potter's wheel and make three required projects out of clay.

Another art class is Advanced Placement. This is a very challenging class. Any art student who wants to be in Advanced Placement art has to be accepted by Merrill in order to take the class. During the second half of the year the students have to pick a constitution, one subject for the whole semester art project. It is a very hard class.

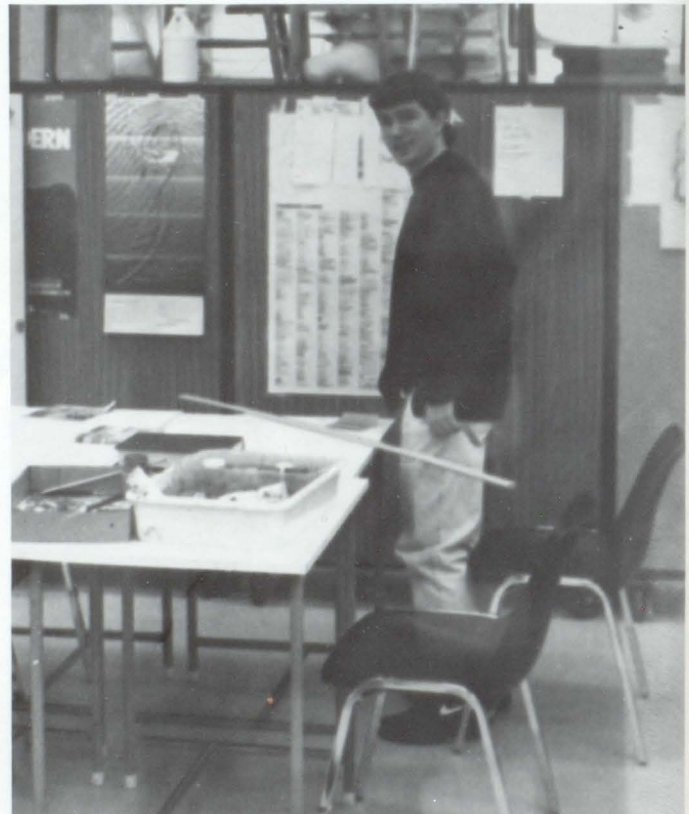

At the end of the year pictures are taken of all of the Advanced Placement students' projects for possible college credit. This whole application costs about \$90. Senior Amy Quigley said, "It's really hard, but if you put in a lot of dedication it

can be fun. I've taken every art class possible in this school."

Merrill and Frenzen are always busy with a different kind of art class. They are both talented art teach-

ers and very knowledgeable in different kinds of art.

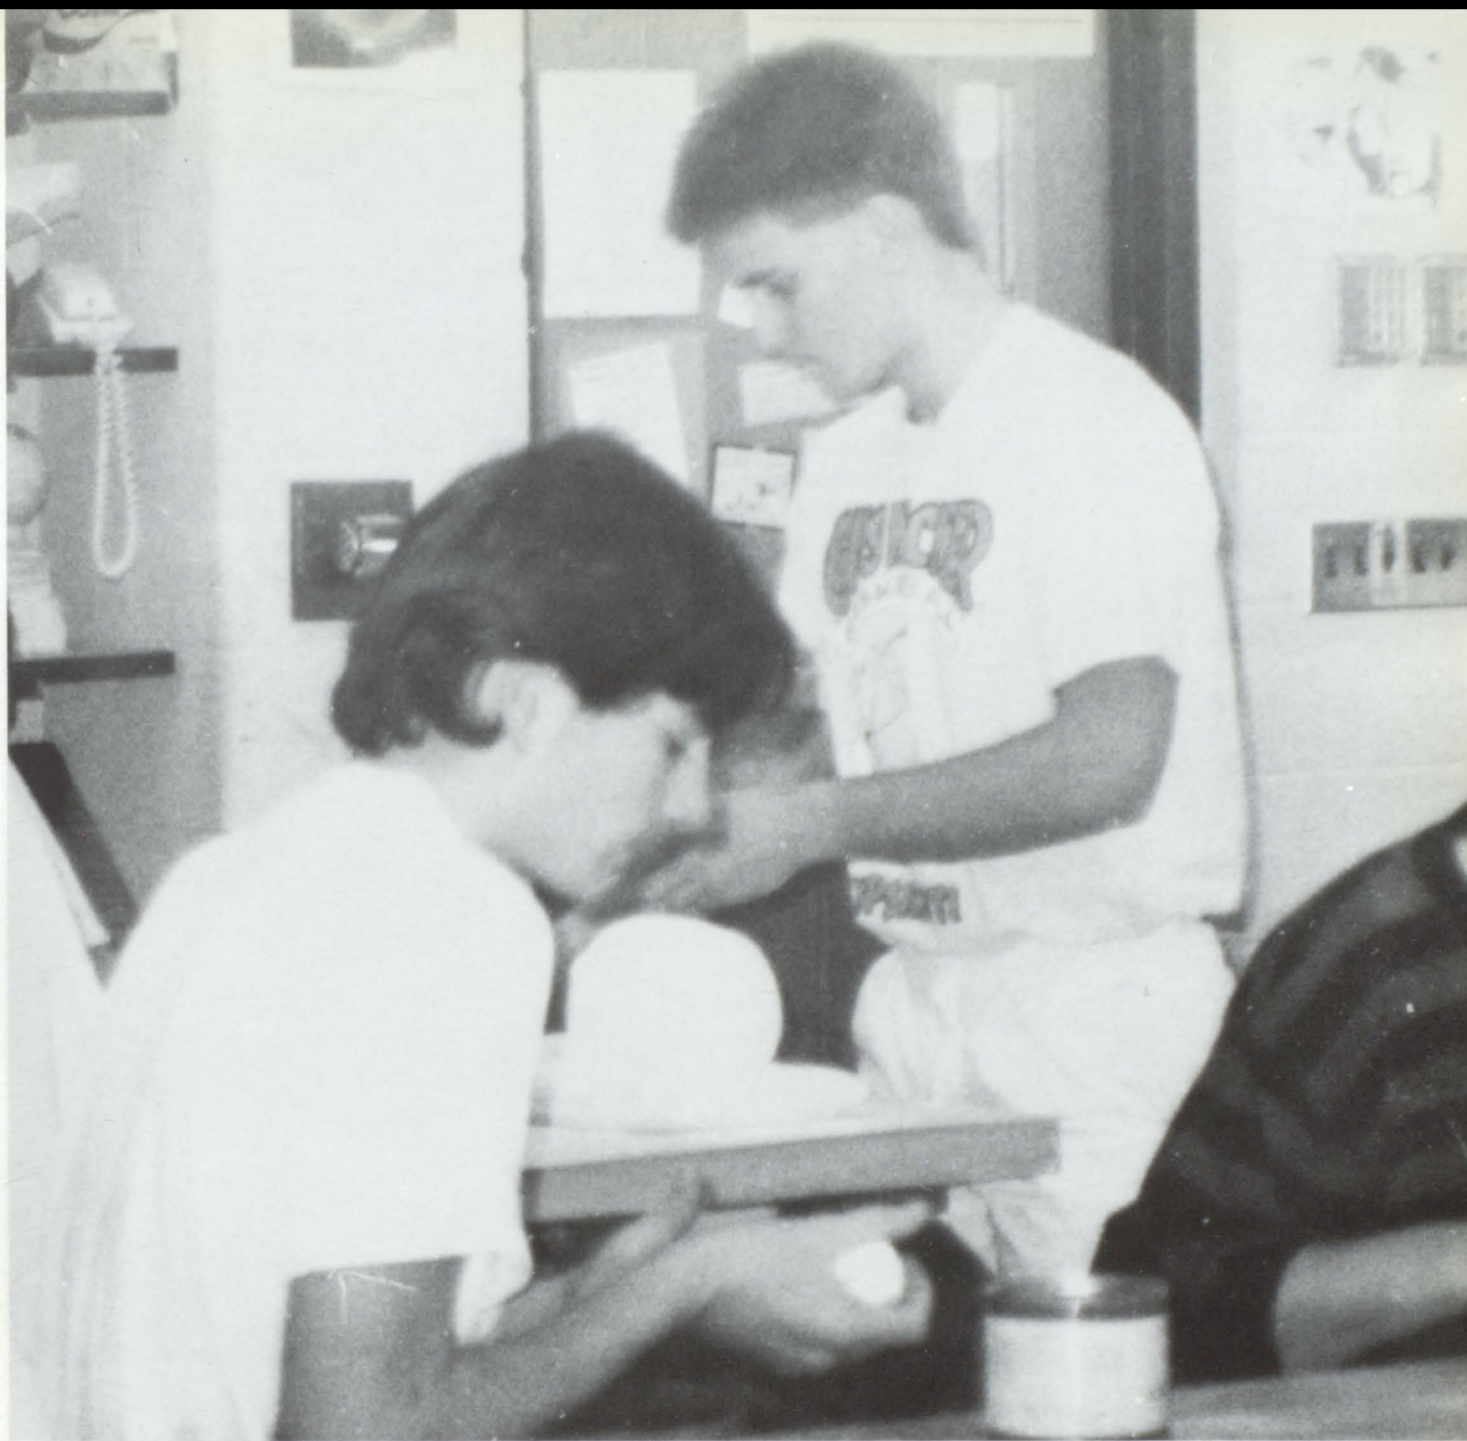

There are many different kinds of art classes you can take. There is always one for somebody who has an interest in any kind of art.

Junior Dan Sisty puts his talent to work. Photo by Amy Quigley.

ORTHOPEDICS: a class for classy kids

By Curt Griewahn

Some of the most amazing students at T.H.S. are the ones in the orthopedics program. These kids are just great. They are fun to learn from. And they love to talk with people.

Jeff Agosta is blind and deaf. He can hear a little out of the right ear, but not much. Although he might not recognize a friend by sight he wouldn't have trouble knowing who it is. "I would know him by his voice," he said. Agosta loves to talk with people through sign-language which he practices.

Although some of the kids can not talk as well as others, they have amazing ways of communicating. Some of the ways are using such tools as the Light talker with Min speak. That is a computer box that has light rays and is a form of communication.

Orthopedic students also use an eye tram, like the one Julie Dusseau uses. An eye tram is a piece of glass that is attached to the desk of a

wheelchair. The person looks at certain letters or numbers on the piece of glass. A code book, that is like a dictionary, goes along with the eye tram. When the student points out the letter or number, the listener looks under the letter and number he pointed at. There he'll find a list of words and phrases that helps him understand what his friend is thinking about.

Dusseau, a member of the EARTH Club, went to the dance the Club held on February 7. Dusseau enjoyed the dance, "I had a sweet time talking to my friends," she said with her eye tram.

The orthopedics students that you see everyday in the hallway are just like anyone else in Tecumseh High School, with the exception that they have to put a little more effort in their work. The orthopedic students have everyday experiences just as us. They go through bad and good times, they go through obstacles and choices. Just like you and

me, they live through life each day.

The purpose of the orthopedics program at T.H.S. is to help the students that need individual attention and to prove that we as a community can function

equally together. The orthopedics is a very good program. We are lucky to have one in Tecumseh High. These people are special to everyone they make contact with, and they are talented in their own special way.

Exchange Students: students from around the world

By Heidi Hietala

Since 1950 Tecumseh High-School has hosted about 100 exchange student from all over the world. Most of the exchange students have been from Europe. This year we had two boys from South America and three boys and four girls from Europe.

Lifestyles in the countries where exchange students come from are very different. Most differences are in the school, food, sports, people and use of spare time. In Europe and in South America young people have much more independence than in the U.S. This could be their hardest adjustment to make.

Heidi Hietala came from Finland, about 6700 miles away. Hietala had always wanted to come see what kind of country the U.S. really is. Hietala liked all school sports, especially football. She also liked the Detroit Lions football and University of Michigan ice-hockey games. Hietala has

plans to come back after two years.

Iisa Rikkonen came from Finland also. Rikkonen arrived first in Flint then came to Tecumseh in September. Rikkonen has plans to come back study to the U.S.

Tone Thunberg wanted to have a break in her schooling in Norway, so she decided to come see the U.S. She started cross country running when she arrived. Thunberg ended her season successfully. Thunberg liked her stay in the U.S. "I will be back," said Thunberg.

Ellen Koopman is a 18-year-old girl from Germany. Koopman swam on the high school swimming team and her season was successful. Koopman has had many good experiences in the U.S. She likes football, Wendy's, the Washington Red Skins, art class and halloween.

Joachim Von Huelsen came from Germany also. The first few months he spent in northern Michigan, then he came to Tecumseh in December. This good-

looking German liked his stay in the U.S.

Heitor Miura is a boy from Brazil. Miura came to the U.S. to represent his country, to get new experiences and build new friendships. Miura joined the high school marching band and he also swam on the swim team.

Another boy from South America is Columbian Juan Angulo who stayed only six months in the U.S.A. Angulo had problems speaking and understanding English in the first few months. Angulo got better English and many good experiences in his exchange student time.

Laurent Perraud from France also had problems with language when he first arrived. Perraud studied hard and he also joined the jazz band in high school.

Nikolai Jensen is a tall, 17-year-old boy from Denmark. Jensen enjoyed his stay by playing soccer and studying hard.

American students can also take part in the exchange student program.

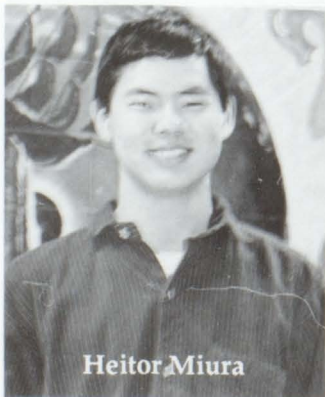

France, Germany, Spain, Finland and many other fine countries have families that will be willing to host an exchange student in the summer or for a full year. If you are interested in being an exchange student or you are willing to host an exchange student in your house, contact THS French teacher Mrs. Jan Wilson for details. It might be your only opportunity to see the distant nations of the world.

Students from all around the world (right) are Nikolai Jensen (Denmark), Laurent Perraud (France), Juan Angulo (Columbia), Heitor Miura (Brazil), Tone Thunberg (Norway), Ellen Koopman (Germany) and Heidi Hietala (Finland). 31st Annual Student Exhibition

By Andrea Bearer

The thirty-first Annual Student Exhibition was held May 14 and 15. Students from art, drafting, and industrial arts put their best work in the gymnasium for their peers and the community to view.

There are many people who come to view the exhibition. This year there were over 1,000 viewers in the community who stopped by to look at the projects in addition to senior high, junior high, and sixth grade students.

The 800-plus projects in the art department represented the work of over half of the THS student body.

Senior art student Amy Quigley said, "I love it because being in art we are proud of our work."

Kristin Housekeepersaid, "It's great. Students get to display their artwork. Everybody sees artwork as being easy but when they see it they say 'Wow, art is really hard.'"

The art show is important

to a lot of students. "It's a good way to see what everybody thinks about your artwork," explained junior Charity Hood.

Merit awards and purchase awards were given for outstanding pieces of work. A purchase award is a piece of work that is bought and put up in the school board office for a year. After that year the work circulates around the school system for the students to enjoy in various buildings.

The student exhibition is a place for many students to put their best work on display for their peers and the public to see and enjoy. It also makes the students who participated in the spring student exhibition proud of work, especially if they received a merit award or have their work purchased.

Awards Night: recognition for excellence

How you can get awards

1) Senior Awards is 3.0 G.P.A.

2) Department Academic Awards: Students nominated by classroom teachers and approved by department action for success in every credit course of study. Criteria for selections are:

- a) Academic achievement
- b) Growth and progress in subject area
- c) Classroom contributions and citizenship.

All awards are entered on the students' official transcripts and can be used for job and college application forms.

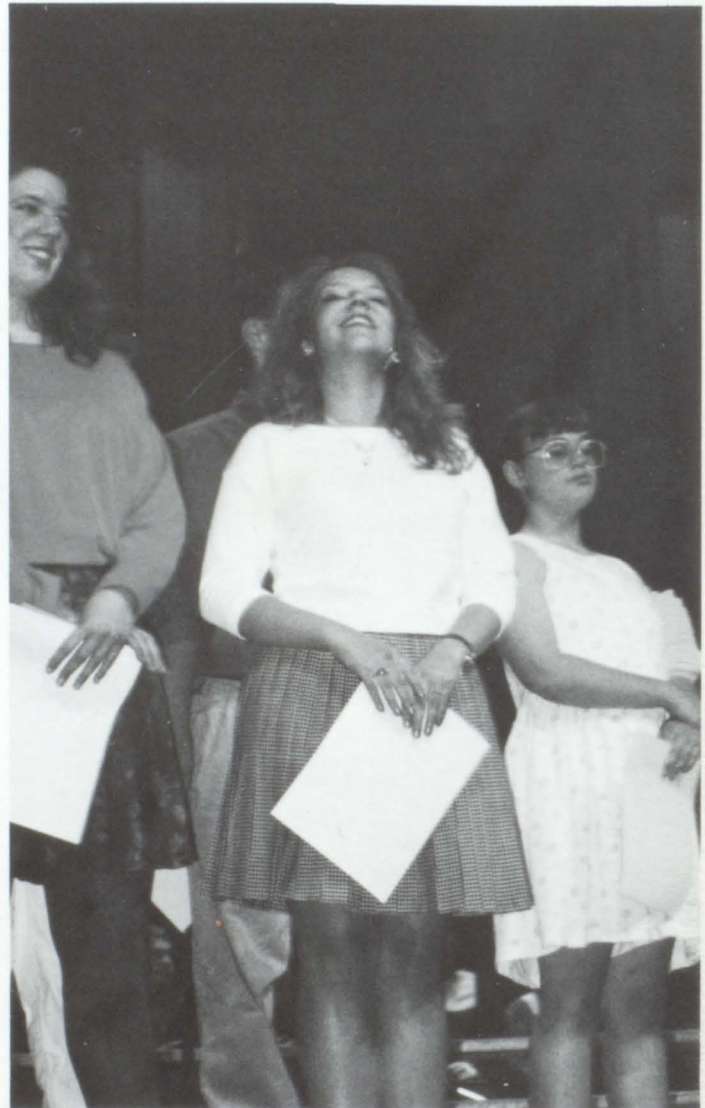

By Heidi Hietala

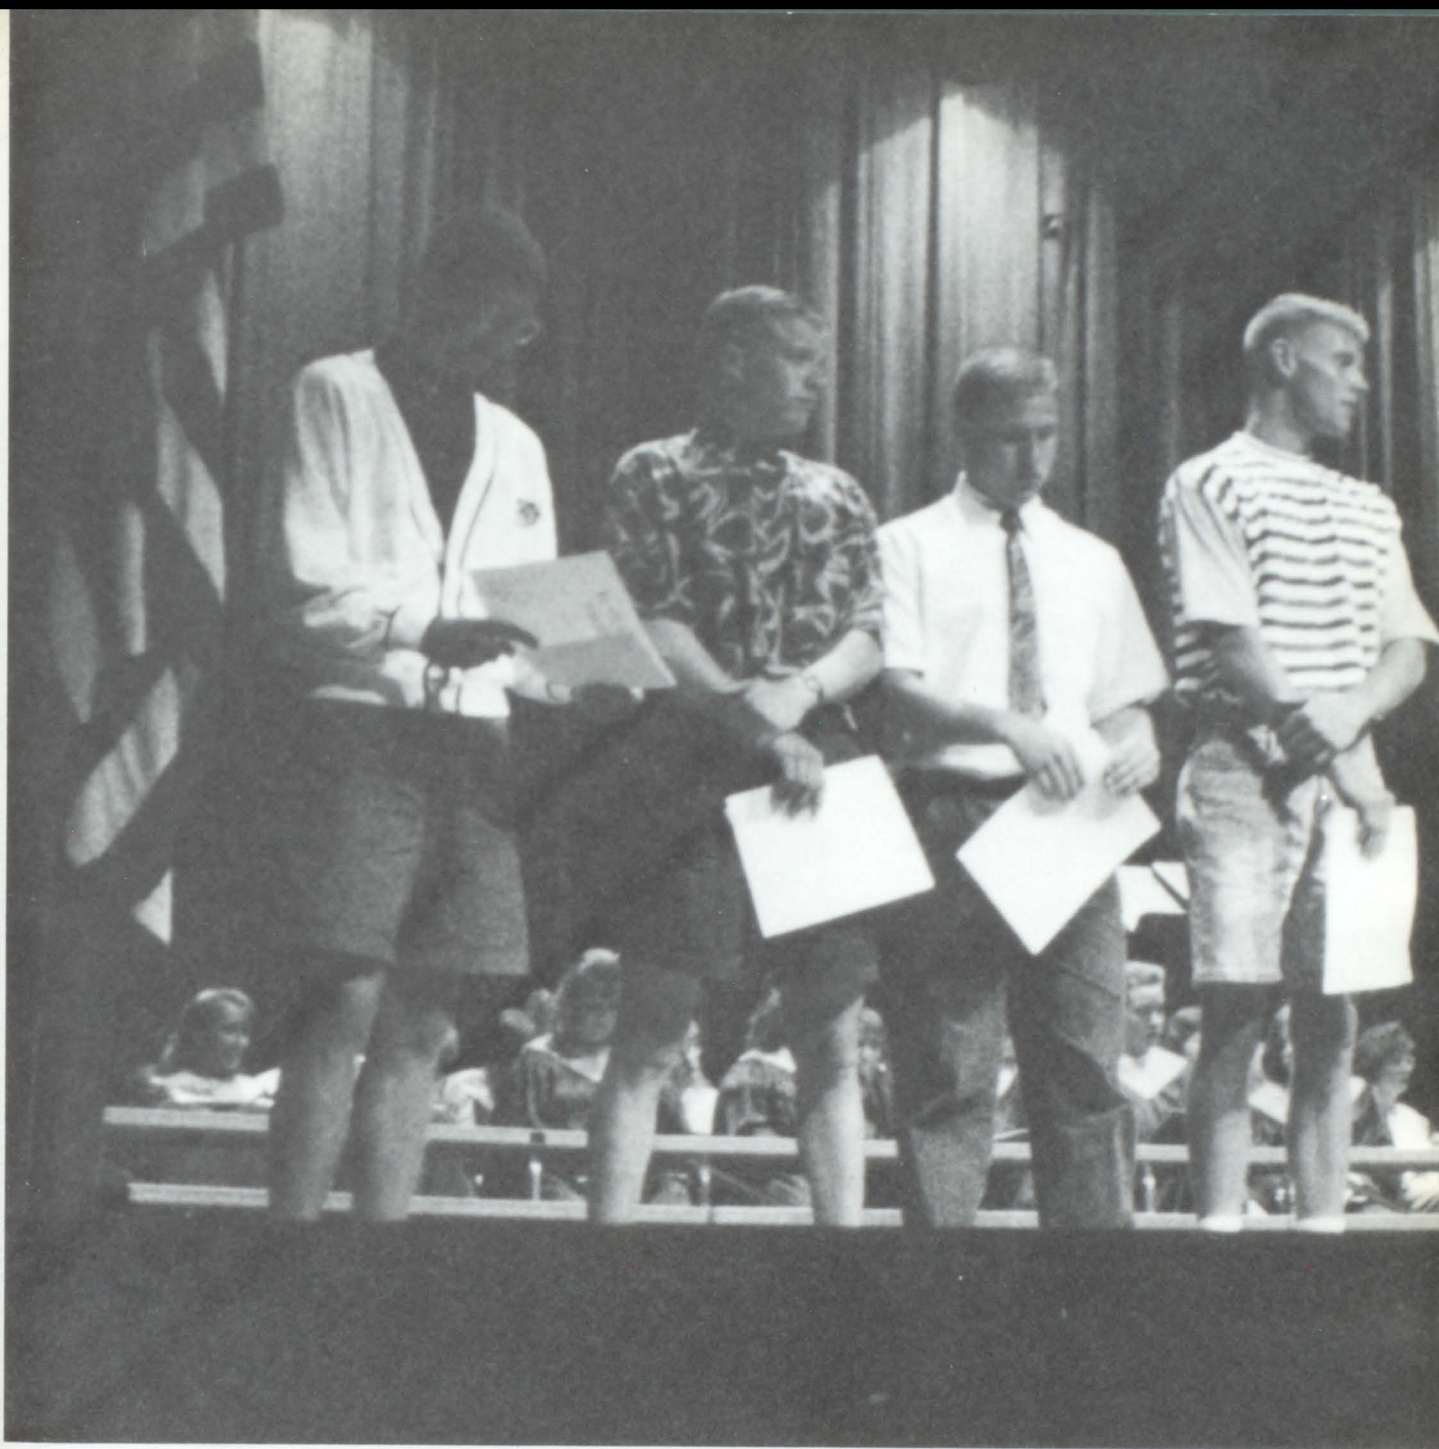

The 17th Annual Awards night was May 19, 1992 in the Tecumseh Civic Auditorium. This year 285 students who were awarded for outstanding academic achievement received awards. The students were judged on academic progress, citizenship, and classroom behavior.

Currently over 3500 students have been honored since the awards were first given out in 1976. The program organizer Mr. Victor Stevens said, "Awards night is my favorite night of the year to recognize students who take the opportunities available at THS."

Kathy Catros and Julie Oxley were named Outstanding Student Council Members. Emily Dawson won the Hugh O'Brien.

MaryAnn Herman, Randi Drew, and Lisa Wotring (right) were honored for academic excellence. Mrs. Merrill and Ms. Kelso presented Monique Andre (bottom left) with art honors. Julie Oxley and Kathy Catros (bottom right) were Outstanding Student Council Members. Photos by Brandy Kazmierczak.

Celebration of Writing

By Christina Shearer
Allison Pittman

"I think the Celebration of Writing is a good experience because it opens students' minds. Students get to choose what they want to write about rather than having a teacher pick something they might not like. Students can express more on what they feel strongly about than what the teachers do," said junior Phil Smith.

Seven years ago, English teacher Mrs. Dinah Wakeford had an idea to put student writing on display. "I think it's important for students to have a real audience. Usually just the teachers see the work. The students needed an idea of what other students have thought," said Wakeford.

The result was an annual Celebration of Writing. The Celebration of Writing is an opportunity for any student who wants to showcase an essay, short play, biography, autobiography, speech, poem, research paper, or drama piece. These pieces

have to be long enough to make a point, but short enough to read in a short amount of time, Wakeford explained. Along with the writing, students include some kind of artwork to help catch the reader's eye. They may use a drawing, a piece of pottery, photos or anything that would hopefully interest the reader.

"It takes about three weeks to prepare our pieces in class, but you need to do bits and pieces outside of school," said junior Patrick Bagby.

"The Celebration of Writing makes you see a person in a different way once you have read their pieces," said juniors Laura Bishop and Phil Smith.

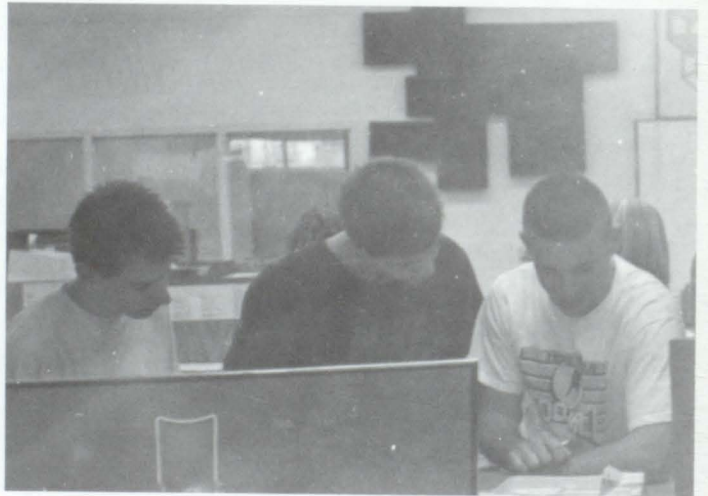

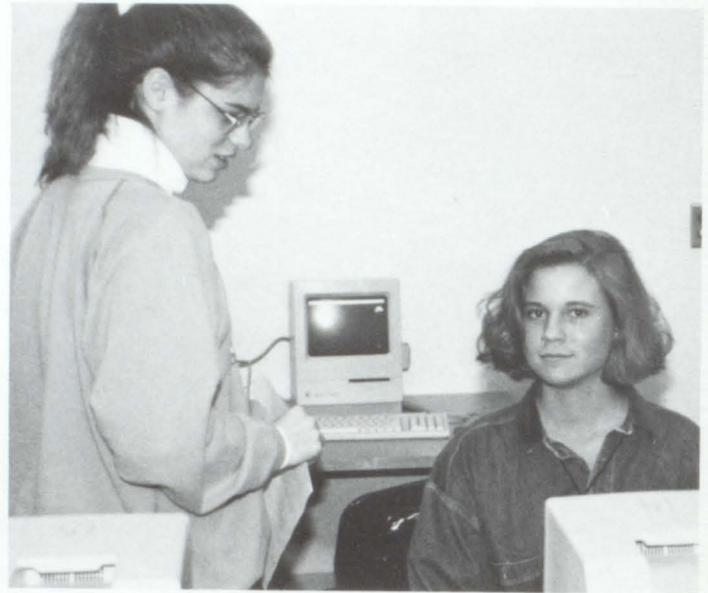

This year's Celebration of Writing was held on May 14 and 15 in the school library.

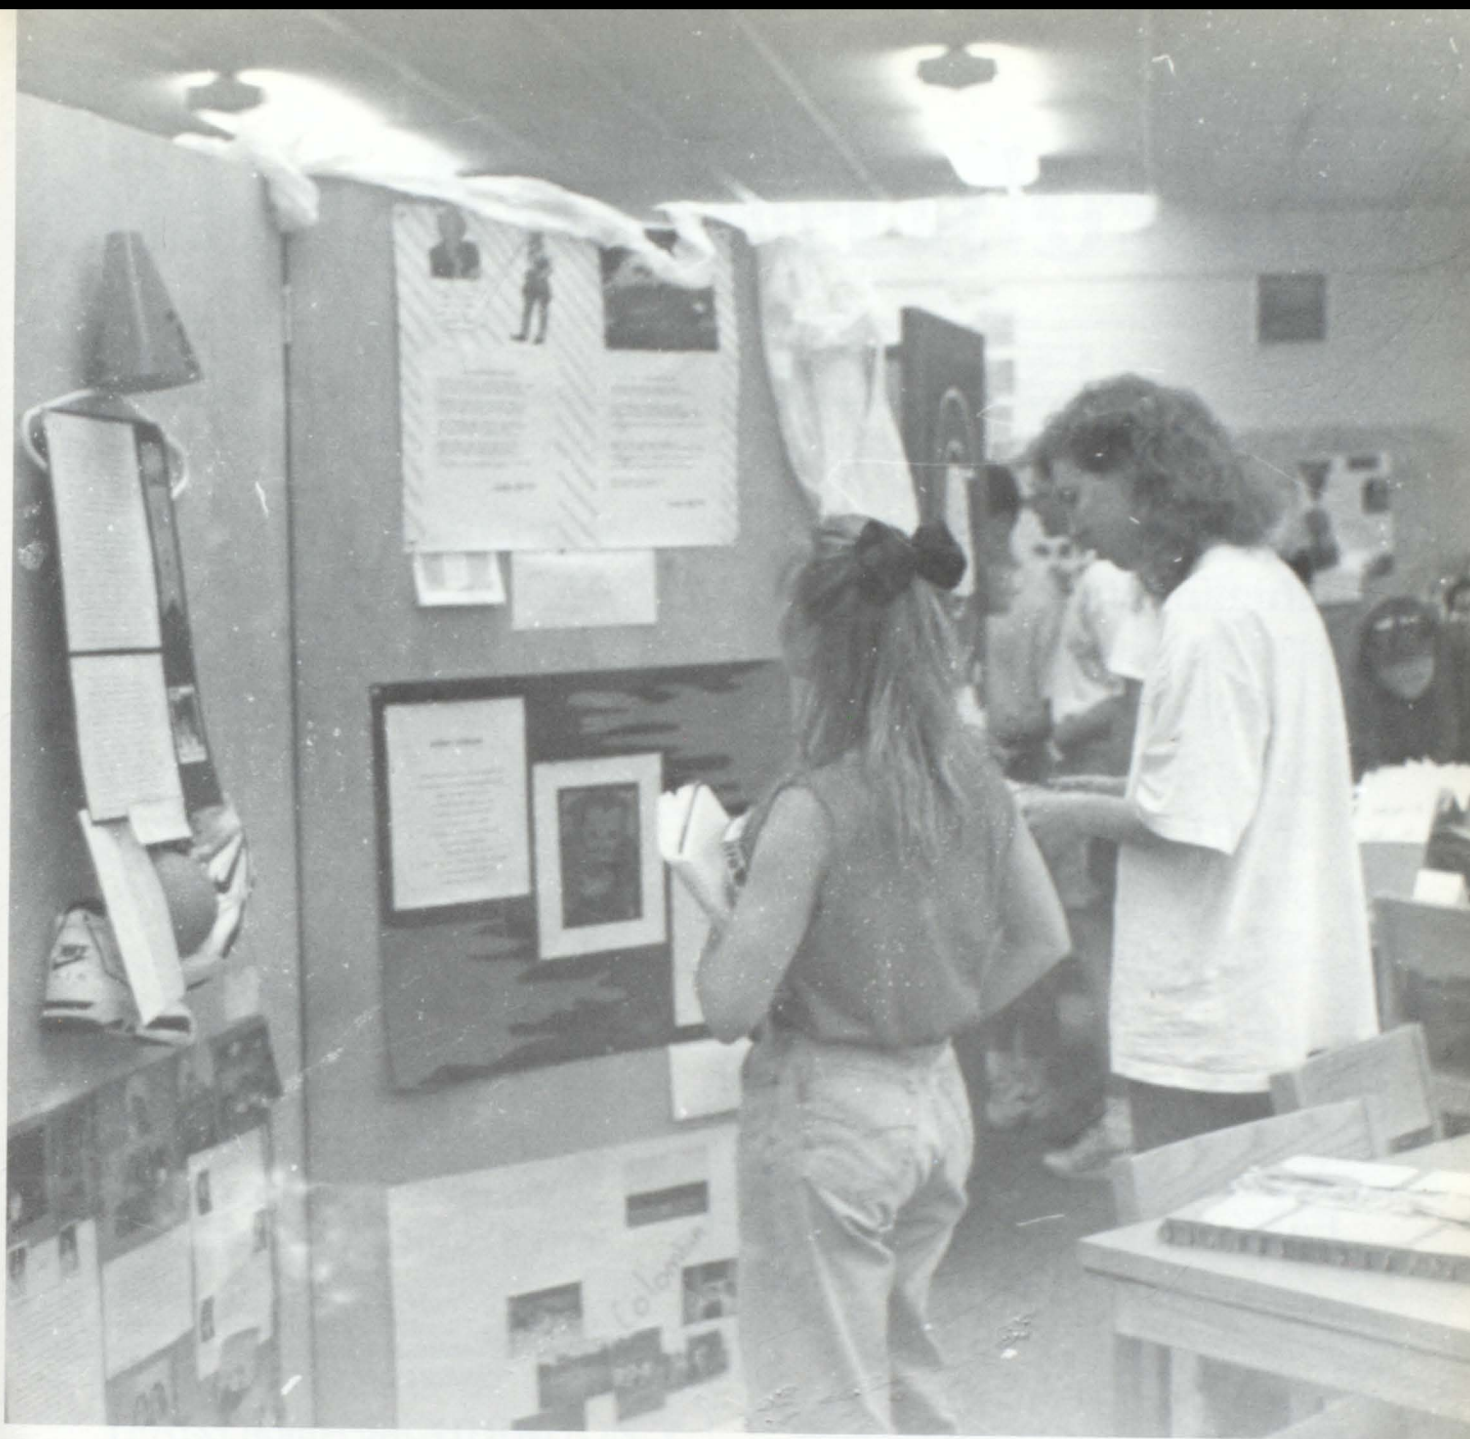

Juniors Lisa Misiak and Laura Bishop (above right) finalized their projects on the computers in the computer lab.

STUDENT COUNCIL

VOICE OF THE STUDENT BODY

By Stephanie Miletich

Student Council is the existing form of government here at T.H.S. Student Council voices the concerns and suggestions of the student body. A representative is selected from each class. This representative is responsible for carrying out students' wishes and bringing them to the administration's attention. This organization works together to make improvements in the school for the students' benefit.

Student Council works on projects dealing with school spirit, students' and teachers' well-being, and community services. Each meeting takes place in the cafeteria, where the representatives

discuss such topics as Homecoming, TICWSS, the Christmas assembly, and school and community projects. President Julie Oxley is a strong supporter of Student Council. "Student Council is a very rewarding, successful organization for the whole school system. Although it's a lot of work, it pays off because it's also a lot of fun," said Oxley.

Student Council is by far one of the most active clubs. Adviser Mr. Greg Huff agrees. "Student Council is one of the most active groups here at the school. It promotes student activities and student concerns. The adviser plays a key role in promoting the Student Council," said Huff.

NHS

SERVICE AND SCHOLARSHIP

By Stephanie Miletich

National Honor Society is a group of young men and women who have achieved excellent academic and social involvement and want to assist the student body. The National Honor Society is a club based on service, character, scholarship, and leadership.

Adviser Mrs. Marilee Norris explained that certain requirements are necessary to be a member. Each NHS member must have a cumulative grade point average of at least 3.3. The student must also be involved in some type of community service, extra curricular activity, or another club of some type. In addition, a student wishing to join the club

must exhibit leadership ability.

One of the services that NHS members perform includes tutoring the football team after school during the season. NHS also holds a dance with proceeds donated to the Muscular Dystrophy Association. Members devote much of their time to the underprivileged children in the community. Every year they hold a toy drive and a Christmas party at the high school.

President Kathy Catros feels NHS has helped structure her as a person. She said, "It's helped me organize and work with others and has given me a sense of accomplishment with helping the community."

The focus of the discussion is shifted to Senior Erin Shull at the N.H.S. meeting after school. Photo by Kris Johnson. While attending a Student Council meeting Junior representatives Meagan Auito, Jeanelle Griffin, and Laura Bishop briefly discuss the topics on hand. Photo by Brian Rider.

DRAMA CLUB

A CHANCE TO ACT UP

By Shanan Bressler

Drama is dramatic art, literature, or affairs. *Drama Club* is a group which helps promote the interest of drama to the students.

Just last year, THS students got together to form a Drama Club, without the help of a sponsor/adviser. The students have worked to get an adviser and be recognized as a THS club, and they now have two advisers, Mrs. Karen Messerly and Mrs. Linda Glenn. Also, starting in the school year of 1993/1994, there will be a class held by the English Department for Tecumseh High School students who are interested in drama.

The club activities are getting bigger and bigger. They started out by just doing improv to practice. They put on a play called *Henney Penney* for the elementary schools here in Tecumseh, and a play for the students at the junior high school.

To pick officers out of the 20-25 members was hard, but results were Erik Ball President; Barbra Allen, Vice President, Alice Towey, Secretary/Treasurer.

The Drama Club meets about two times a week, one time for practice and another for the actual meeting. The Drama Club invites everyone to participate, including you!

ART CLUB

FUN CREATING ART

By Shanan Bressler

Can you imagine thinking of homecoming designs and painting them on the windows of the stores downtown? Well, the art club does it, and they love it!

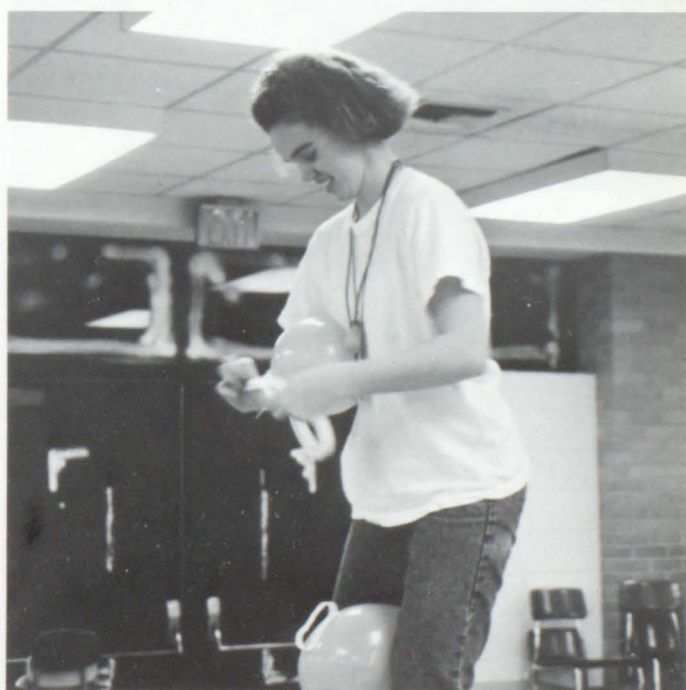

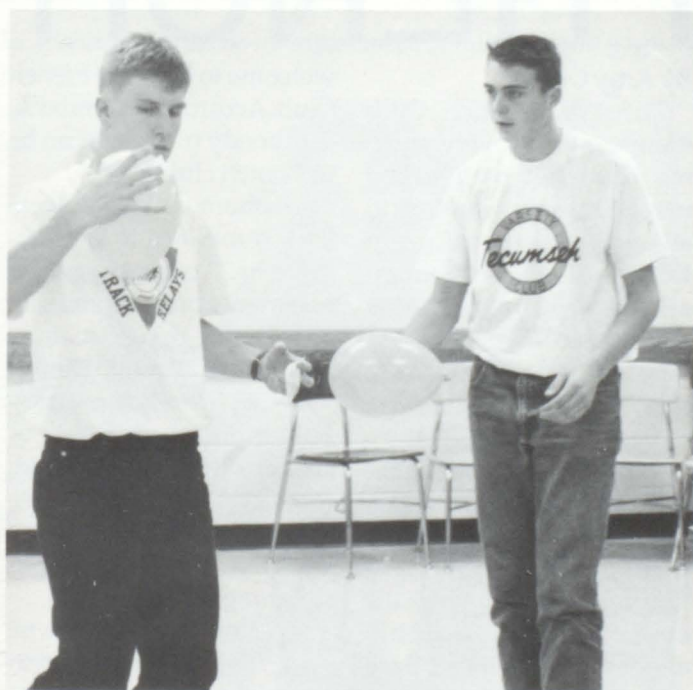

Members meet twice a month to think of something new and exciting to do. President Monique Andre, Vice president Kristen Housekeeper, Secretary Sara Schlanderer, and Treasurer Kerri Naugle decided to paint the homecoming windows, have a lock-in, visit a museum, hold a high school dance, and, this year, help with the *Peter Pan* play set. Also adviser Mrs. Ann Merrill helps them enter their artwork into contests.

One activity was paint-

ing downtown windows for Homecoming. Robyn Prey, Terra Williams, Monique Andre, Deb Barbre and Anne Carpenter were first; Jonna Ferguson, Stephanie Grant-Harsh, Randi Drew, and Terri Balog, second; third, Kristin Housekeeper, Sara Schlanderer, Jennifer Roe, and Danielle Jacobson.

Members like Art Club. "I like it because you get to meet all kinds of different people. Everyone has different ideas," said junior Rhonda Janick a member of the Art Club. "We get to do all kinds of different things."

All kinds of people are in Art club. People who are artistic are usually the ones in it, but even if you just enjoy art, you're welcome!

*Fun, fun, fun. Andrea Snyder, Carrie Andre, and Nora Rickert (top) will show you how to have it. Photo by Shelly Elkins.

Fifth row-Chad Majeske, Colleen Bowman, Jeremy Bennett, Jessica Bennett, Dave McDonough, Anna Fielder, Deanne James, Cory Jenkins, Kelly Ryan, Carrie Andre, Monique Andre.

SPANISH

A CLUB FOR SPANISH FUN

By Amy Chase

Spanish club is an organization of students actively participating in learning about the Spanish culture. Spanish club adviser Senior Jose Mejia believes that the club is beneficial. "Spanish club helps enhance the Spanish culture outside of the classroom and allows students to have fun while doing it," Mejia said.

Spanish Club hosts many activities such as get togethers with the Hispanic students, trips to Mexican restaurants, and Spanish films. Senior Terri Balog enjoys being a member. "Even though I've missed a few meetings because of my se-

nior year, I think it's an enjoyable club."

It's easy to become involved in the Spanish club. The only requirement is that you take Spanish class. You should also be ready to participate in the scheduled activities. Jennifer Graham is a optimistic member, "I chose to be in Spanish Club because I am a Spanish student, and I thought it sounded like fun."

Mejia feels that he benefits from being the adviser. "I have the opportunity to get to know students out of the classroom setting." Mejia is always welcome to new students wanting to join Spanish club!

FRENCH

FOREIGN FOOD AND FUN

By Amy Chase

The 1991 French Club members had a very exciting year. They participated in many trips, including to an opera, an art institute in Detroit, a French restaurant and a French play. This gave the club members a look at the French culture and let them experience it themselves.

Officers President Heather Trapp, Vice President Jessica Bennett, Secretary Sarah Catros, and Treasurer Rosanne Nelson keep the club running smoothly along with the help of the club's two advisers, Mrs. Jan Wilson and Mrs. Susan Jerabeck.

Just about everybody is

welcome to be in the French Club. According to Jerabeck, "Anybody in French can be in French club!"

Sophomore Keila Steele looked forward to an exciting year. "I expect to get the experience of doing and seeing French things such as the Art Institute in Detroit and eating French pastries. I also hope to get a taste of the French culture," she said.

Many club members are looking forward to the many trips that they are going to be taking.

Sophomore Toni Towne said, "French club is a great experience, and we do lots of exciting things. I encourage all French students to join."

PEER LISTENING

THERE WHEN YOU NEED THEM

By Tabatha Johns

Peer Listeners are an elite group of students who are available to students for support and guidance. This special group dedicates their time to learning how to be good listeners, which includes learning to keep a student's identity and problems confidential.

Students who are interested in being a peer listener are required to attend a three-day course where they are taught what questions to ask, what situations should be dealt with by a professional or an adult, and the importance of confidentiality. The course also gives them a chance to get to

know other peer listeners.

As a test of confidentiality, every month each peer listener is given a secret pal. They can't tell anyone who their secret pal is and they exchange inexpensive gifts.

Anyone who needs someone to listen or a friend to talk to can get in touch with a peer listener by going to Mrs. Fall's office and letting her know that they want to talk to a Peer Listener.

Peer listeners are here to let you know that there are still people out there who care and they prove it by taking time out of their education to help you with your problems, so use them, that's what they are here for!

SADD

STUDENTS AGAINST DRIVING DRUNK

By Tabatha Johns

Tecumseh High Schools' SADD organization is very dedicated to helping students understand the seriousness and lethality of drinking and driving.

Senior Robin Pray was the president of SADD for 1991-1992, and filling her shoes after graduation will be Joellen Nicholson.

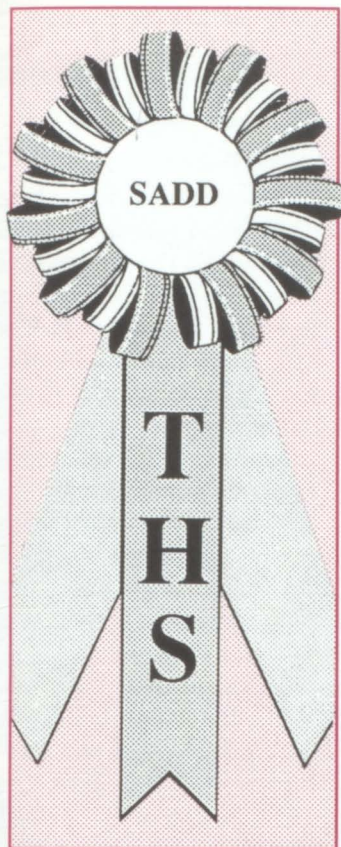

At the beginning of the school year a red ribbon was placed on the antennae of every car in the student parking lots, hopefully making people think twice about driving under the influence of alcohol.

SADD students raise their own money through fundraisers, which include sell-

ing items such as T-Shirts, key chains and suckers. The suckers were a fundraiser for a special project called "Mock Disaster" in which SADD students put a wrecked car in front of the high school for prom night. The car served as a reminder to students to have a fun, SAFE prom night.

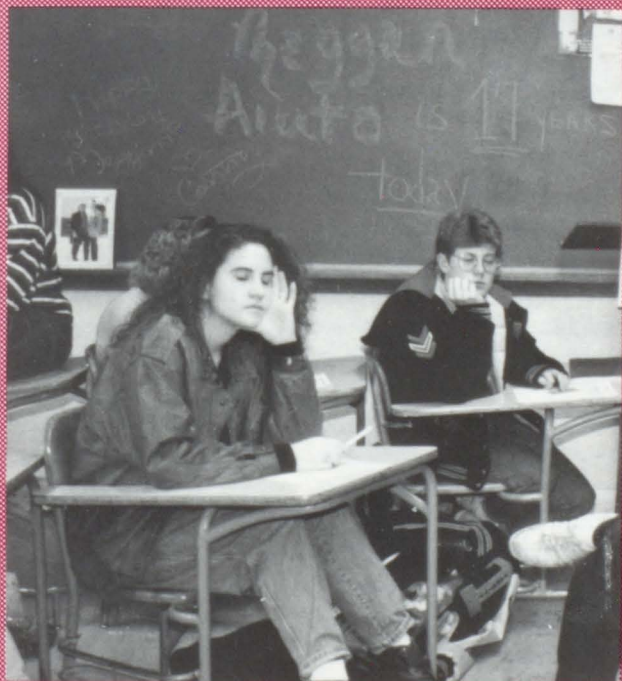

Students who turned sixteen during the school year were sent a birthday card from SADD to not only wish them a happy birthday but to remind them to make wise decisions when driving.

"We're very open to new members," said junior Meggan Aiuto. Students can join the SADD organization anytime during the year.

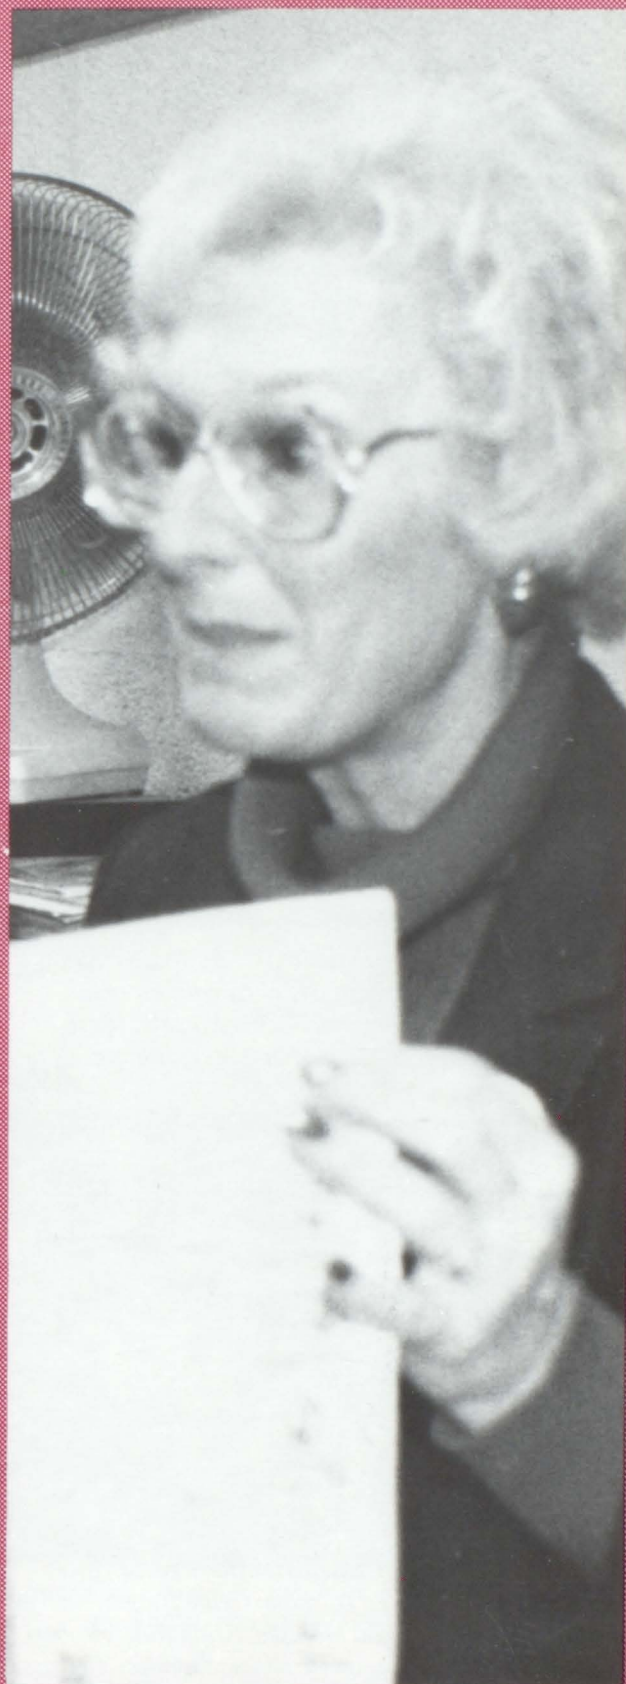

"My favorite
part of being in
SADD is being a
part of helping
people."

DEBATE/FORENSICS

LET'S TALK ABOUT IT!

By Brian Rider

Coach Mrs. Karen Messerly, described this year's debate team as "Winners, Winners, Winners."

This was the first year that Tecumseh has participated in the County Debate League. The team's score was formed around the affirmative team of Alice Towey and Genni Knight and the negative team of Andrea Durham and Jason McDonnough. Since this was the first year for debate, both teams were placed at the novice level. Looking back on the season, Messerly said, "I am extremely proud of our debaters. All of their hard work paid off."

The season ended with a tournament which was held on February 29 at the LISD Building. The affirmative team was the first new team to win all three rounds. The affirmative and negative team placed second in the county.

Another popular club is forensics, a spring speech activity that includes many methods of speaking such as different interpretations of poems, stories, drama, and public speaking.

This year had a short season which consisted of two scrimmages and one tournament. The activities ended with a banquet which was held at Vo-Tech in May.

QUIZ BOWL

SHAPING MINDS FOR TOMORROW

By Brian Rider

As other students in athletics are shaping their body for the future, the students in the Quiz Bowl are exercising their brains and shaping their minds for tomorrow.

Quiz Bowl is a interscholastic team sport played by members answering questions in order to gain points. The questions that the students answer on are anything from current world affairs to Bart Simpson quotes.

The 13 students involved with Quiz Bowl this year, along with Coach Kathy Kelso faced many rival schools in this season.

Sam VanSickle concluded "Quiz bowl helped me the most by gaining experience as a team."

This team of experienced players are helping one another to form memories that will stay with them for a long time to come.

"The most memorable time was at the district match and we chose teams to cheer for," explained Jeremiah Mauricio.

This year, the group went into the season with high hopes and great aspirations for the future and came out with a overall score of seven wins and three losses. The group also attended a district match in early March.

EQUATIONS

ADDING IT ALL UP

By Brian Rider

As in past years, this year's equations team has managed to become a major competitor in Lenawee County.

There are two teams hailing from Tecumseh High School consisting of five students per team, miscellaneous alternates and Coach Jeannie Majeske. Both of Tecumseh's teams placed either first or second in their divisions during local matches.

Equations is a game invented by the University of Michigan. The object of the game is to use numbered cubes to form equations to fool opponents that the problem is impossible or

requires only a single leftover cube.

At Tecumseh the students who play on the equations team find playing the game to be rewarding, challenging and a great way to release tension.

Player Charissa Lindstrom said, "I think that the game is a lot of fun and a real learning experience."

The students practice weekly to prepare themselves for monthly tournaments against rival schools and when the season ends, many compete in a large tournament held in April.

Senior Heather Hall was voted the team's most valuable player for the year.

Friends through Equations club, Raelyn Majeske, Nicole Stanifer, Genni Knight, and Chad Majeske (top) lock arms for success.

FCA

A SERVICE CLUB FOR YOU

By Kristen Kane

If you are an active participant in activities and a member of any sport at THS, Fellowship of Christian Athletes is the club for you.

The club is geared at helping students develop school spirit and leadership. Participation in FCA teaches leadership. Mr. Jim Curth, F.C.A. adviser, feels that to be a leader you must show initiative, the ability to work well with others, be able to delegate authority, and share responsibility.

Sara Schlanderer said, "From FCA, you can gain insight on leadership."

During the progress of the school year F.C.A. is in-

volved with many community-related activities including roadside cleanup, a Christmas party for the elderly, and an Easter party for community children.

To pay for the activities, Athletic Director Gail Shinnall allows members to collect the admission fees at certain sporting events.

"It pays to be in F.C.A.," said Stacey Harvey. If you are an active member and participate in a majority of F.C.A.'s activities, Curth will deduct a percentage of the cost of your F.C.A. clothing, such as sweatshirts and t-shirts. F.C.A. really is a club where working hard pays off for everybody.

VAR

THE ATHLETES' CHOICE

By Kristen Kane

Varsity Club is an extracurricular activity at Tecumseh High School. To become a member of the Varsity Club you need only have played in any varsity sport.

Adviser James Curth and officers Carol Hackstedde, Amy Korte, Debbie Barbre, and Scott Henkel are busy through the year. The Varsity Club is very involved in the planning and preparation for many activities around the community as well as working at athletic events to earn money to pay for their activities.

Varsity Club activities include helping a variety of

groups in the community. At Christmas time, members give a party at a local nursing home. Members and party-goers enjoy eating and Christmas caroling as well as presenting a gift to the senior citizen that each is assigned.

In the spring an Easter Egg hunt is organized by the club to help the underprivileged children of Tecumseh. The party is held in the high school gym.

The Varsity club is a very beneficial program and is determined to help our community. If you have been a member of a varsity sport you are strongly urged to join.

Carol Hackstedde, Stacy Dapprich, and Kara Gillen (above) enjoy being active in both Fellowship of Christian Athletes and Varsity Club.

Andrea Snyder (bottom left) shows some of the moves that entertain youngsters at the Easter party done by the Fellowship of Christian Athletes.

EQUESTRIANS

RIDING AS A TEAM

By Jennifer Graham

This is Tecumseh's fifth year for fielding an equestrian team. The club is very different than other clubs at T.H.S. because the athletes compete on horseback. There are four main categories, or events, of competition; halter, western, English, and contesting. Anyone can join the team as long as they know how to ride a horse. There is no requirement to be an experienced rider nor to even own a horse.

The team had a new coach this year, Mrs. Darlene Hon. "I was a leader for 4-H and I was asked if I would coach so I said yes!" Hon said.

Sophomore Lindsay Marsh joined the team this year. "I like the competition. My favorite event is halter," Marsh said. Two other riders joined the team this year, junior Mike Raymond and freshman Amanda Scott. Junior Ted Catell returned to the team for his third year and three returning seniors: Dayna Reau, Randy Mason, and Jessica Bennett. "The seniors have been a tremendous asset to the team and they will be missed next year!" said Hon.

Tecumseh placed third out of nine schools in their region in the B level division.

SOCCER CLUB

FIRST YEAR OF COMPETITION

By Jennifer Graham

Soccer is the most popular sport to play in the world. Organized soccer is played in over one hundred forty-four nations, with nearly twenty million men and women participating.

This is Tecumseh's first year to have soccer as an organized club. Boys' soccer was coached by Senor Jose Mejia; the girls' team, by Mrs. Karen Harper.

The boys' record was four wins, six loses, and two ties. Coach Mejia thought they did alright for their first year. "We hope to have a great season next year and perhaps even go into the playoffs," he said.

"We had a lot of fun and a

great first season," said sophomore Jessica Bailey.

Both teams had many fundraisers. The boys had a canned food drive and sold candy bars. The girls sold Detroit Rockers tickets and had a bottle drive. Both of the teams had car washes, sold merchandise at games, and took donations. All of the money earned went towards expenses such as uniforms, equipment, referee fees, and transportation fees.

"It was a challenge to get motivated to help in the fundraisers to get money to help support the club. In the end it was really great to look back on our season and remember how much fun we had," said Joe Harman.

EARTH

PICKING UP THE PIECES

By Jennifer Graham

This is the second year of the E.A.R.T.H. club, which stands for Environmental Awareness and Recycling at Tecumseh High. This year the club had a high attendance rate at the meetings with twenty members and new members are always welcome. "The whole club gets involved with their own ideas about what they want to do for future projects," said Christina Shearer.

The purpose of the group is to attempt to educate the students of T.H.S. on environmental problems and to encourage people to use the earth's assets practically. Once again this year the club

was involved with many activities to help protect the environment such as starting the school's recycling program and cleaning out a protected area where endangered species grow. The group was also involved with many fund-raisers.

The students who were involved with the club had basically the same reasons for joining: they are concerned with what is happening to the earth and they want to help change it. "I think it is really important that everyone get involved with saving the earth because the consequences are too great if we don't," said secretary Corey Jenkins.

HISPANIC CLUB

TOGETHER FOR A CAUSE

By Jennifer Graham

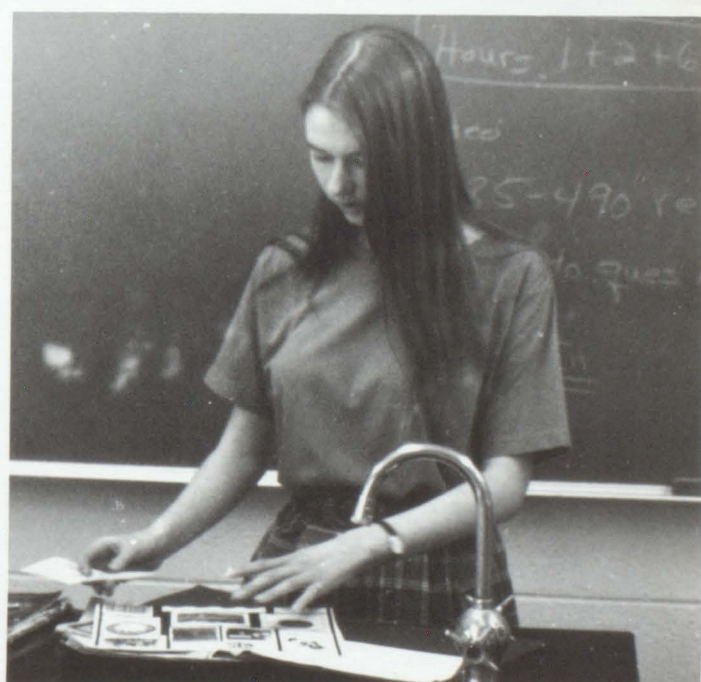

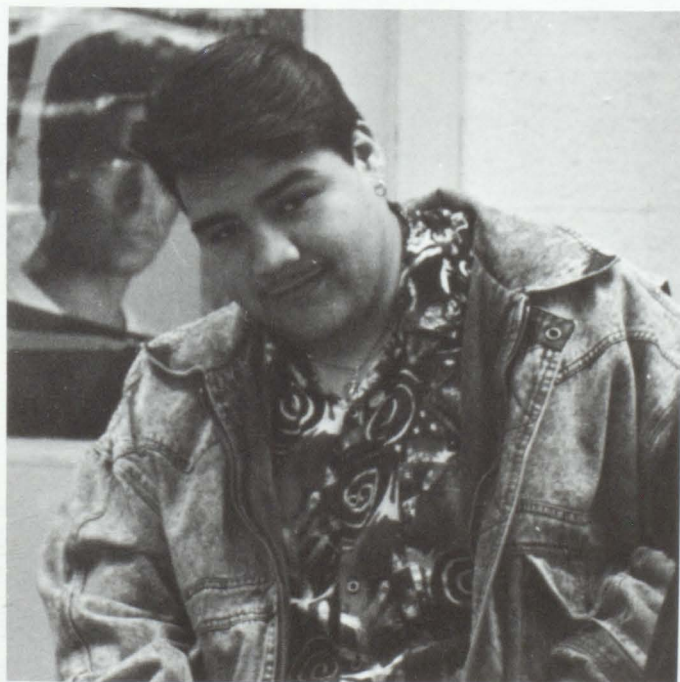

This is the third year for a Hispanic Club at T.H.S. Attendance at the meetings was high this year with eleven members and new members always welcome.

The group has discussions that focus on issues that affect all teens but often affect Hispanic teens in great numbers. Topics include staying away from drugs, preventing teen pregnancy, graduating from high school, and encouraging college.

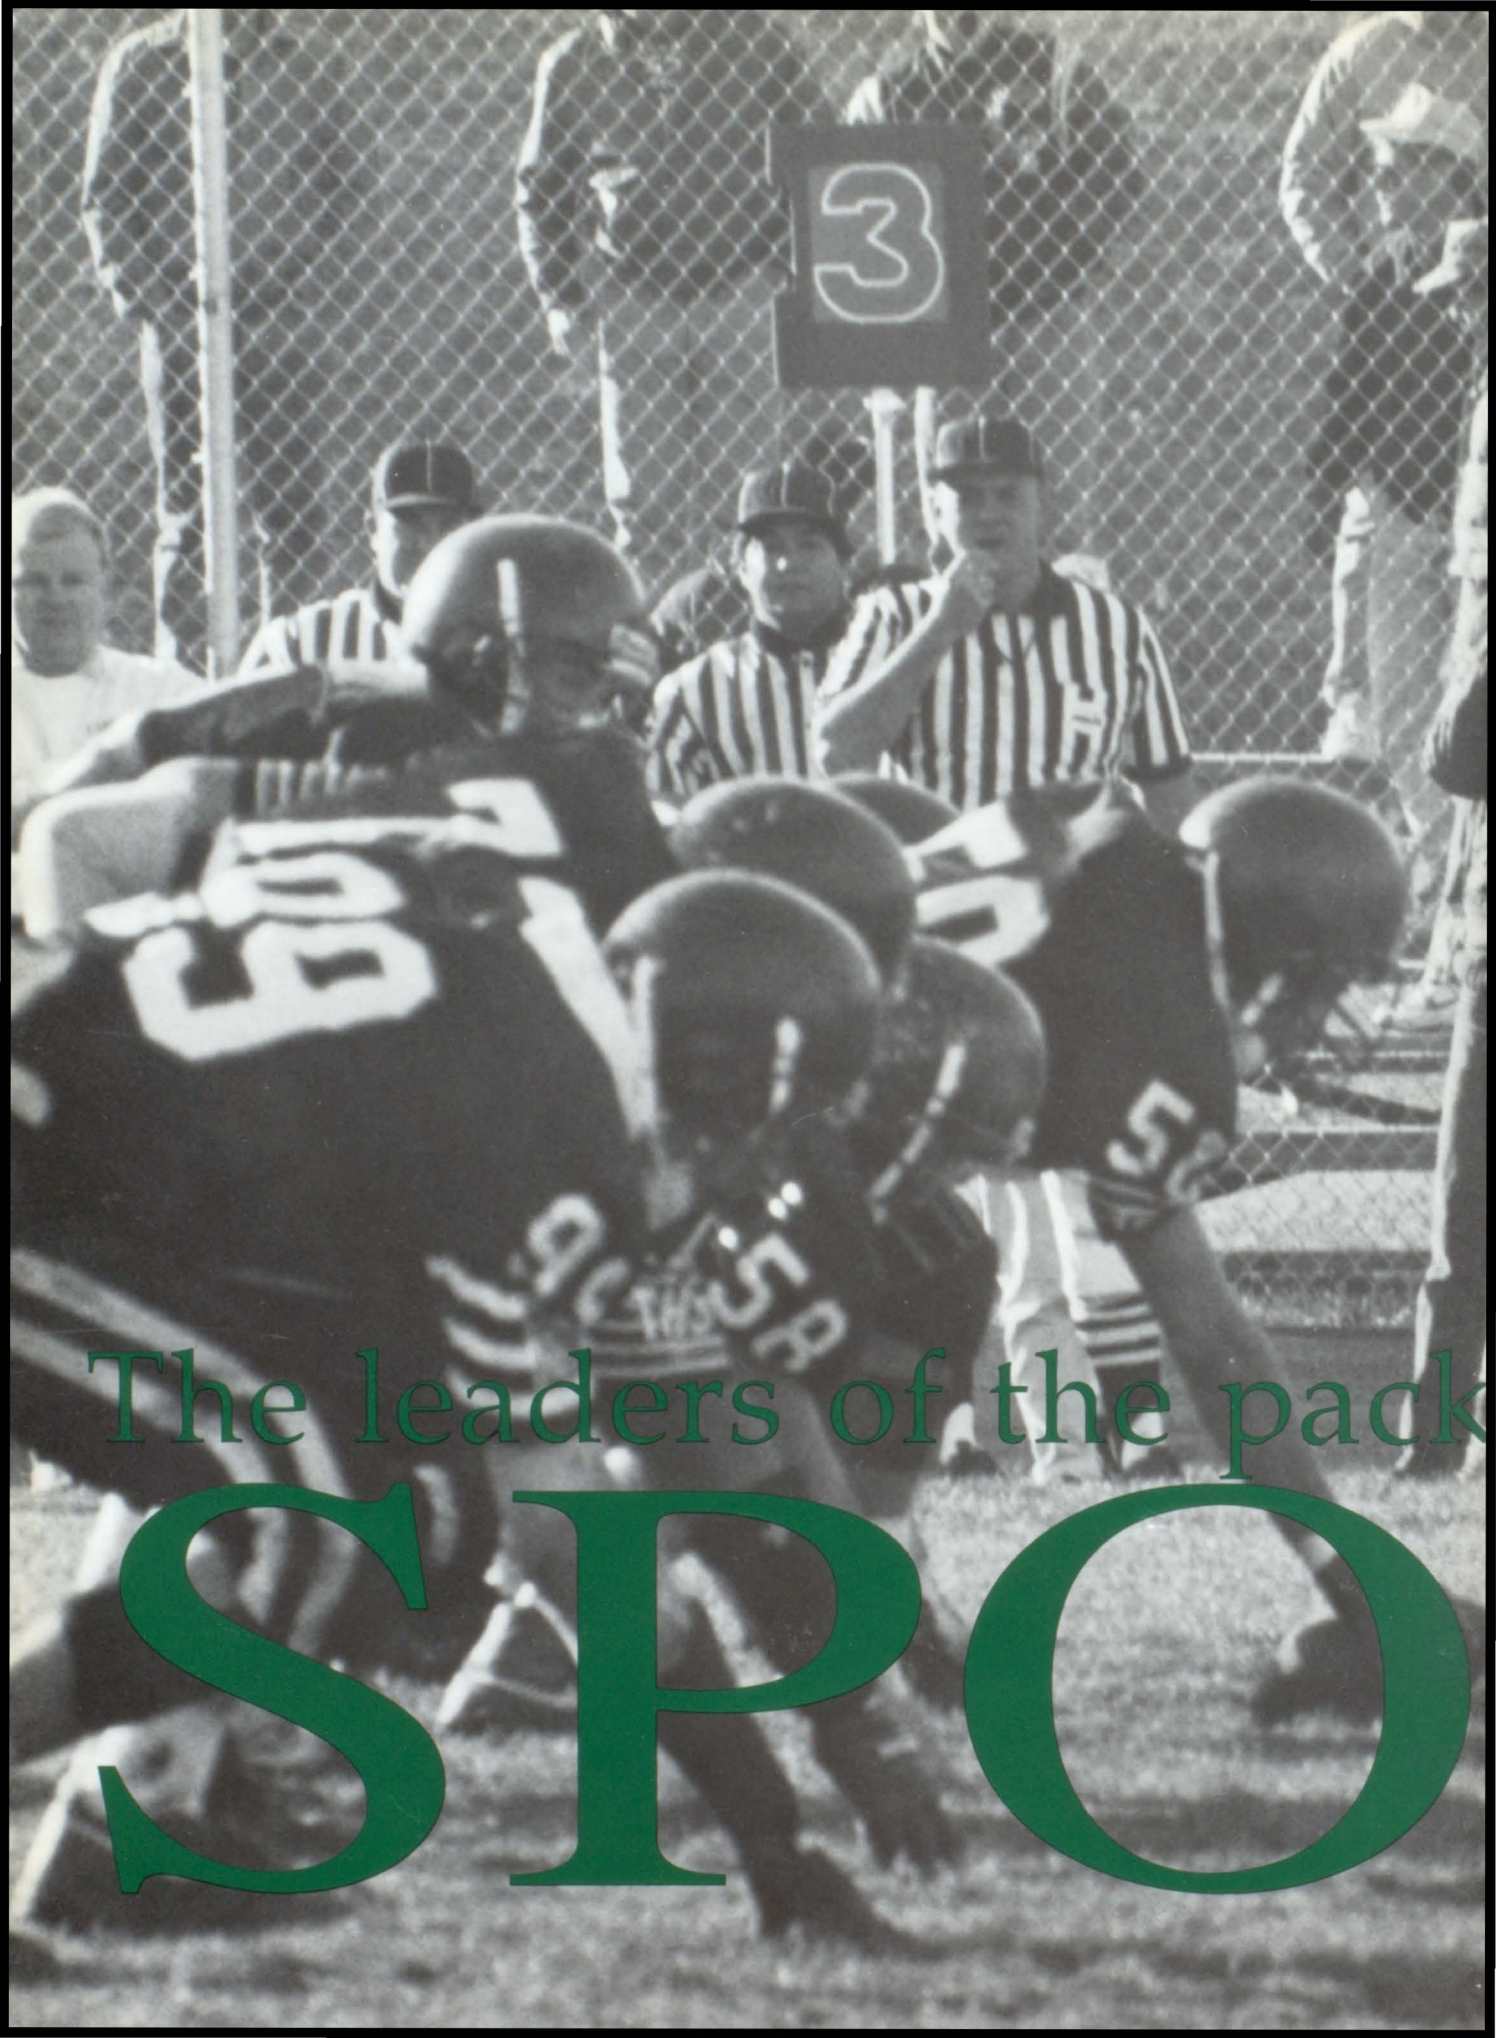

Club adviser Senor Jose Mejia said, "Hispanic group gathers for the purpose of unity in solving, or trying to solve, problems that affect Hispanics'; however, any-

one who is interested may attend the meetings. In fact, some of the issues that we discuss might be of interest to and/or benefit to all."

Senior Melissa Lopez was the chairperson of the club and also was very active in local, county, and state Hispanic Associations. She also was a presenter at the annual day-long Hispanic education conference in the spring which was held at the Holiday Inn South Convention Center in Lansing. The same issues are discussed at the conference as at the school's meetings. Members really look forward to the conference although only a limited number of students may attend.

SPO

SPORTS

Varsity Football

"It was great and what we worked for all this season, great reward for working so hard."

*Scott Faulkner catches the ball in the endzone as the pirate tries to tackle him.
Photo by Kris Johnson.*

By Donald Parlier

This was not just an ordinary year. It was one of the best years of Tecumseh Football. It brought pride and joy to the county. This was a year of an outstanding defense and a well planned offense which worked excellently for the Indians. The defense was led by a crew who could hit hard and did what they had to do to beat the other teams. The offense had a brilliant running attack and an equal passing attack to complement the run.

This was Tecumseh's first team in 45 years to be undefeated in the Southeastern Conference. And the

first time Tecumseh won the S.E.C., Senior linebacker P.J. Baker said, "It was great and what we worked for all this season, great reward for working so hard."

The Indians always had the fans behind them no matter if the game was at home or away. The fans from the tailgate party were always cheering on the Indians even when it came to away games.

This year was led by experienced seniors who gave the team the drive and courage to keep on going and to never quit. Baker was one of those seniors. "There was more leadership and we had a lot of younger kids with

talent" Baker said of the team.

This team had a lot of talent. There were many who were selected to the S.E.C. All League Football team, Jason Tuberville, Brent Gnodtke, Brian Burns, Ramon Torres, Heathe Fowler, P.J. Baker, Scott Faulkner, John Paine, Nick Pound, the honorable mentions were Chris Grieman, Ryan Kambas, Drew Stout. And Heathe Fowler was named MVP of the Indians and was selected for class BBall state honor. The Indians will always remember this impressive season and the support of their energetic fans.

A Year Dreams Are Built On . . .

The Indians went into the playoffs with an impressive unbeaten record. THS was picked as a cinderella team to go all the way to the championship. The Indians went into first class BB playoff game with a stengy defense and a grinding offense. For their first game, the Indians took charge right from the start and kept up the pressure. The Indians sent a sense of pride through the coun-

ty beating Ionia 26-6.

Next on the Indians' hit list was the Marine City Pirates, not a particularly big team in size but a team big in trickery. They were playing for the Regional championship in front of there home crowd. The Indians started off slow and so did the Pirates which was good and bad for the Indians. Midway through the second quater the Pirates took it in for a score - the first time any-body scored first against

the Indians. After half-time the Indians held the Pirates to one touchdown. Ryan Kambas scored the winning touchdown for the Indians. The Tecumseh players got their medals and the trophy as they beat the Pirates 20-13.

The Indians next faced a strong Farmington Hills-Harrison team. The Indians had never played on an artificial field. This was a disadvantge for the In-

dians, plus wet surface conditions. But the Indians came out fighting. On the opening kickoff the Harrison kid got popped and couldn't hold on the ball. The Indians recovered and took it in for a score. The defense played great but their efforts didn't prove strong enough.

This was a great season for the Indians and there will be a many people who won't forget this Indian team.

JV Football

"We didn't have what it took to win in our hearts at the beginning, but at the end of the season we found what it took and won some ball games."

By Jes Golka

The year started with great expectation. After a so-so year as freshmen, the JV team wanted to show their stuff and rule the field this year. With a 28-0 beating at the hands of Hillsdale, though, it seemed like it might be a long season.

With the next game rapidly approaching, the team needed a big win to restore their confidence. Ypsi-Lincoln was the victim. The team blew them out with superior defense and powerful offensive en route to a 55-6 slashing. The next game put a damper on the team's spirit, however; they lost to Saline. Then they won big against Jackson Northwest.

It was turning into a seesaw season. Pickney was the next game, and oh what a game. Tecumseh lost 46-8.

For the first half of the season Tecumseh was two and three. With the second half of the season upon them, they finished well. "We didn't have what it took to win in our hearts at the beginning, but at the end of the season we found what it took and won some ball games," said quarterback Alan Schmidt. They had four wins and zero loses in the second half and showed a lot of heart in clobbering three of the four opponents.

In the final game against Onsted the team showed raw power. They pounded

Onsted 62-14. Tecumseh scored fifty points in the first half while giving up only six. It seemed a 100 point game could result, but the rules say that with a 45 point deficit a team could forfeit. With the score 62-14 in the third quarter the point differential was 48 points, and Onsted was allowed to forfeit. The end of the season gave proof that the JV team was a true contender.

In all Andy Kapnick, Jeff Proffit, and Alan Schmidt put in excellent seasons for the JV team. Ben Turner and Dave McDonough were brought up mid-season from the freshman team and had a respective year to help the cause.

Frosh Football: A fight all the way!

By Jes Golka

The practice started with mixed emotions. Some were scared of being freshmen, others were excited about making it to the big time. Practice was tough

but somehow they got through it. At first they didn't look so good, but it takes a while to get used to the new surroundings. After weeks of practice they started to look like a team.

Then came the true test. The first game.

They passed their first test in fine fashion, with a 28-14 victory over Hillsdale. With losing the next two games the rest of the season became a struggle to reach the .500 mark.

Their quest for an even year became more difficult with the loss of Dave McDonnough and Ben Turner to the JV team. Ben Schmidt, Shannon Nicely, Brad Allen, and Shane Scott answered the call and rose above the competition with excellent seasons.

The team improved in many ways, but most importantly "They showed great improvement in team unity," said Coach Lewis. In short "They are a very good group of freshmen and have the potential to be great varsity players," said Lewis. In the end the team came short of the .500 mark by finishing the season 4 and 5.

Girls Varsity Basketball

"I think we did exceptionally well this season. We had the best team Tecumseh has seen and it is sad to see it break up."

By Mollie Musselman

Nobody in the SEC got in the way of Tecumseh girls varsity basketball team this year. The girls remained undefeated in the SEC by winning all of their twenty games. Tournament action was also successful, resulting in twenty-three consecutive wins for the lady Indians.

The senior team members consisted of Julie Oxley, Stacy Dapprich, Amy Korte, Jamie VanRiper, and Jenny McBride. Junior team members included Erin Schick, Angela Feldcamp, Ginnie Fairbanks, Jeanelle Griffin, Kelly Handy, and Joellen Nicholson. Sophomore Mollie Musselman com-

pleted the line up. Robin Pray assisted by taking stats.

This year the girls set goals which they called their "mission". These goals included to go undefeated in their league and to do well at the district and regional tournaments. They did just that. The girls also made school history when they won all twenty of their season games. Their wins continued into tournament play where they were also crowned District Champs.

"I think we did exceptionally well this season. We had the best team Tecumseh has seen and it is sad to see it break up," said starting senior Amy Korte.

This team had much suc-

cess this year. Starting senior point guard Julie Oxley said, "The success is a result from positive senior leadership and positive chemistry among each team player."

Jamie VanRiper, another starting senior who plays forward said, "I like being part of a unselfish, competitive team with an outgoing attitude."

Two-time Coach of the Year, Ron Spagnoli said, "We had an exceptional season this year. Obviously winning 23 games in a row makes it an excellent season, highlighted by outstanding players. The success of the team is a result of the togetherness, unity and mutual respect they have for

each other, the willingness to work hard, and the unselfishness."

With such a successful season, the team made several records: Most wins for total season - 23, Most 3-point shots made in a season - 53, Most points scored in a season - 1514, And most points scored per game - 63.1.

Individual record holders were Stacy Dapprich and Julie Oxley. Dapprich had the most steals for a season - 148. Oxley holds the record for most 3-point shots made on career - 68, and for the season - 38, the most assists in career - 310, season - 110. She also holds the most points scored in a career - 873.

Girls JV Basketball

**"We really played well together, like a team.
We worked hard and never gave up."**

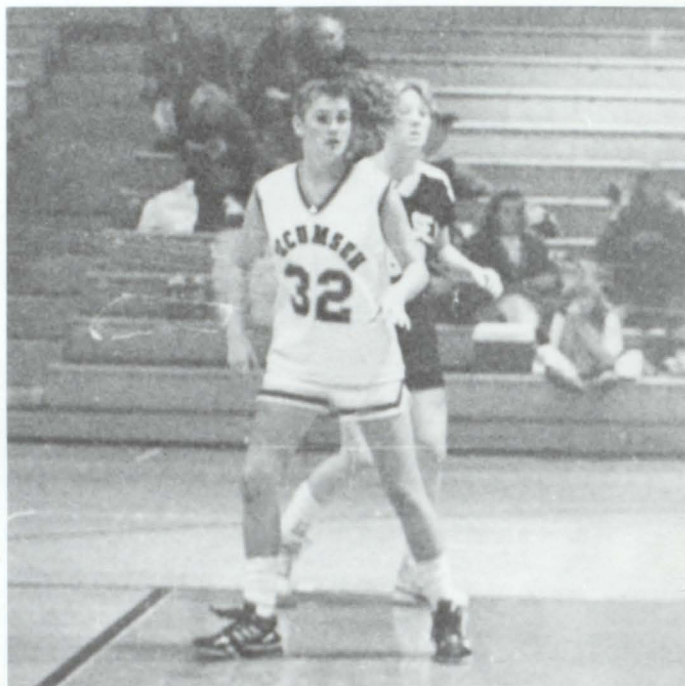

By Chris Cruz

The JV Basketball season was a totally different experience this season compared to last year. The team surprised Coach Pat Pomy and the fans by their outstanding work ethic and their high scores. Girls JV basketball ended up 12-0 in the SEC and their overall record, including the Lenawee County Invitational Championship, was 18-2.

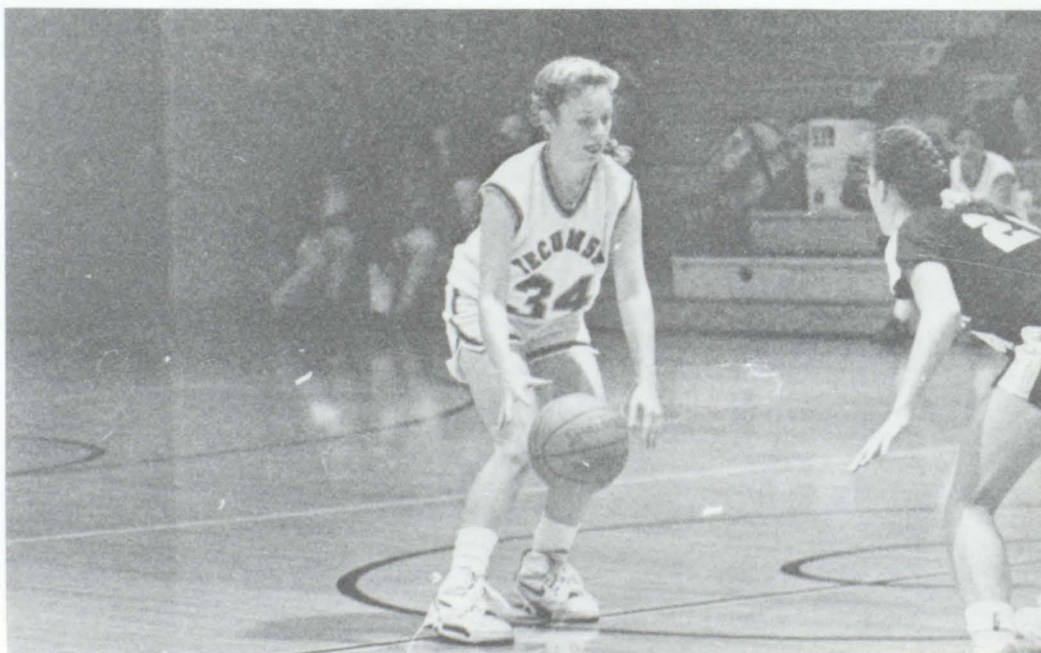

The girls were ferocious. "Practice was always physical," said Pomy. There were players that were knocked down and on a daily basis would get iced into some kind of injury but they never

quit! Forward Carrie Andre said, "I think everyone's expectations were low, but we only lost two games. We really played well together, like a team. We worked hard and never gave up."

Only one freshman, Amy Still, was on the team this year. "At first it was hard because I hardly knew any of the sophomores, but they turned out to be really nice people who can really play basketball well," Still said. All season the team kept surprising Coach Pomy by their great defense and hard work. "The girls played with a lot of heart and pure effort!" said Pomy.

Freshmen Rebound Their Way To Success

By Chris Cruz

This was the first year for girls' freshman basketball at THS. The team's record was 11-4 over all. "We played mostly Class A schools, so even though our record didn't measure up to the other Tecumseh girls' teams, I think we did exceptionally well," said Sarah Brunetz.

Tecumseh beat Adrian in

their first game of the season, 28-37. They also defeated Jackson Parma Western 39-37 in the THS tournament. The netters then lost to Britton 35-33. "Having the freshman basketball program gave us more time to develop before moving up to the junior varsity level," said Jamie Jackson, freshman.

Coach Lori Spotts appreciated the progress the team made. "I was extremely pleased with the progress and improvement that the team displayed throughout the season," she said.

The first game with Belleville was not a surprise to the fans by the good strong tactics the girls showed which reflected in

their score of 40-22. This was a good come back for THS with their second game with Adrian 36-27.

As the coach of the freshman team, Spotts was pleased. It was hard to duplicate the pressure of the team and the games in practice, so from this point Coach Spotts thought the team handled it like pros.

"Having the freshman basketball program gave us more time to develop before moving up to the junior varsity level."

Girls Frosh Basketball

Boys Cross Country

"The boys rose to the occasion and had some best times. Everybody ran well."

By Jennifer Rigglesman

While other kids were out enjoying their last days of summer, Tecumseh cross country boys were already training for the season ahead.

The day finally came when the team took to the course. Their first opponent, Ypsilanti Lincoln, looked ready to take on the challenge. Although the Tecumseh team lost their first meet, Kiezo Takahashi finished third with a time of 17:50, Jonathan Opel, fourth, and Aaron Feldman, tenth.

It looked like a tough season ahead. The team had already lost their first two meets against Lincoln and Saline and faced a dual meet against Blissfield and

Adrian. The date was set. The course was Heritage Park in Adrian. Tecumseh knew that they needed to win to help their record along if they wanted to make it to State later in the season. When the race was over Takahashi had placed third and posted a time of 16:47, Adam Goodrow placed fourth at 16:51, Opel placed eighth at 17:10, and Kim Smith placed twelfth at 17:38. The placings were only enough to take one win.

Tecumseh had another dual meet one week later against Pinkney and Clinton. With the record at three losses, one win, Tecumseh knew that they would have to win their next five meets if they wanted to

do well in the South Eastern Conference.

The boys cross country team did what they needed to do they won their last five meets to finish off the season with the record of six and three.

The stage was set. By Takahashi and Goodrow placing third and fifth, Tecumseh earned enough points to advance to South Eastern Conference. Tecumseh proved that they were winners once again. Takahashi finished third at 16:55; Goodrow, fifth, at 17:07; Opel, tenth, at 17:36; Smith, thirty-fifth at 18:51; and Feldman, forty-fifth, 20:20. Tecumseh's record at this point including South Eastern Conference was four

wins and two losses.

The cross country team was on their way to Regionals. The day was rainy and the boys finished fifth overall. Takahashi was the first runner to cross the finish line for Tecumseh, coming in tenth at 17:15 and Goodrow fifteenth at 17:26. Both Takahashi and Goodrow earned a chance to advance to State. Takahashi went to State placing fourth with a time of 17:15, and Goodrow placing fifteenth with a time of 17:25.

Coach Fox commented, "Even though we got off to a slow start we're still better than last year, the boys rose to the occasion and had some best times. Everybody ran well."

Cross Country:

First To The Finish

By Jennifer Rigglesman

Although Cross Country has been around for quite a few years here at Tecumseh High School, there was a bit of surprise for those who participated this year. The cross country girls team got a new coach, Mrs. Shelley Jusick.

Although the girls did not win all their meets, they did win quite a few trophies. The girls' first meet was at Ypsilanti Lincoln. The girls came out repetitive winners with the score 17-43. Tecumseh earned the first three places in the meet with Nicole Randolph finishing first at 21:36, then Heather Sodergren at 23:17, and third, Aimee Crumb at 23:39.

As the season progressed the girls' record leveled out to two and two. In the next three meets against Clinton, Pinkney, and Milan, though, the Indian girls took the victories with Randolph plac-

ing first at all three meets.

As the season came to a close the Indian girls lost their last two meets against Dexter and Chelsea but went on to do well at the South Eastern Conference where they placed fourth overall. The girls then went to Regionals where they placed eighth, with Randolph earning a spot to go to State at Big Rapids.

After having hard work and fun in cross country this year Coach Jusick commented, "I had a good season with the girls and will definitely come back. I really enjoyed it."

Randolph Wins Twice at State

For the second time in her high school career, junior Nicole Randolph placed first at State. This year's time of 19:42, helped her bring home another State Championship to put with the one

she earned as a freshman.

Coach Jusick was justifiably proud of Randolph's performance, "Despite the weather I was proud of Nicole's effort in the race. She came out a winner."

"I had a good season with the girls and will definitely come back. I really enjoyed it."

Golf

"Outside of Saline, no other team has been more successful in the last four years in our region."

By Angie Stanifer

"Success" describes the 1991 JV and Varsity golf season. The team finished second at the Regional competition October 11, bumping state-ranked Grosse Ile and Dearborn Divine Child out of the competition. After that the team went to the state finals for the third time in four years.

"Outside of Saline, no other team has been more successful in the last four years in our region," said Coach Paul Cunningham.

This year's golf team included; Darron Edwards,

Matt Hammond, Kevin Jacobs, Jason Proctor, Jamie Feldkamp, Jamie Fox, Derek Hivley, David Seidel, and Ryan Houskeeper.

Two team members received individual awards. Darron Edwards was named most valuable player, all-league, birdman, best individual record, and Mr. Dependability, while Kevin Jacobs was named most improved player. Two other outstanding achievements were that Darron Edwards earned third-spot all-league honors, and the team finished a solid second in the S.E.C.

"The state finals were anti-climatic," said Cunningham. "The experience is one to be savored and is impor-

tant for the underclassmen, players, and caddies because they can aspire to return in the future."

Girls Swimming

"I feel that everybody did a really good job. Everyone improved."

By Lindsay Marsh

"Very well, very well" is how girls swimming coach Larry Reed says the 1991 Girls Swim team did. Obviously, he was very pleased with the performance of the girls this year.

The team ended up with a record of 6 wins and 5 losses in dual meets, 2nd in two invitationals, 1st in one invitational, and fifth in the South Eastern Conference. Swimmers broke five freshman records and four varsity records.

One swimmer and one

diver went to the state meet. They were Anne Carpenter in swimming and Marisa Proctor in diving. The girls placed 21st and 11th respectively.

The increasing popularity of the swim team is definitely showing. This year more freshmen went out for the team than ever before.

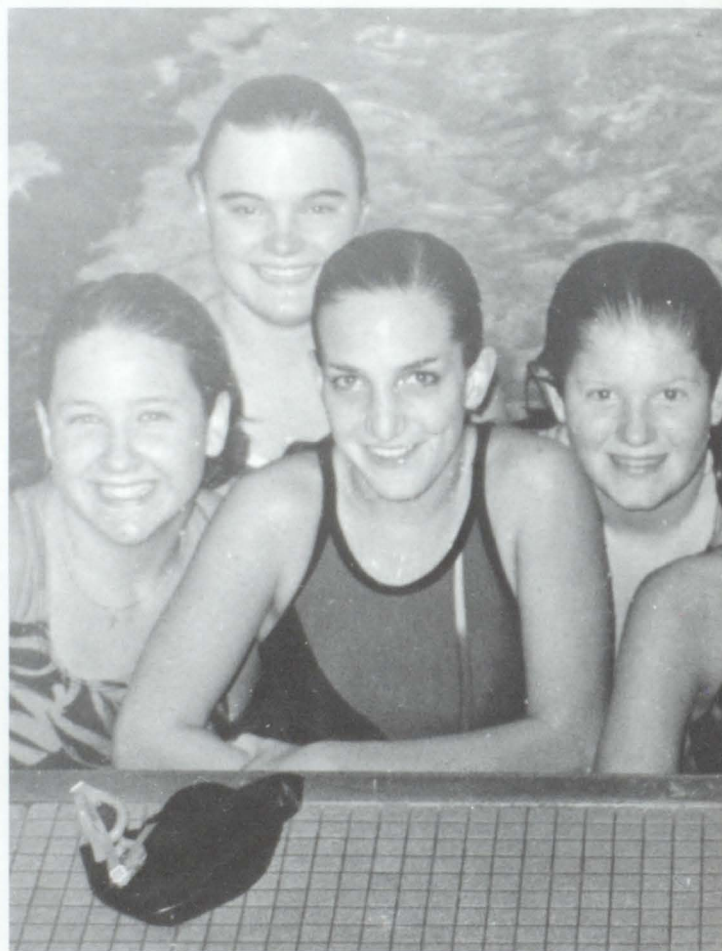

According to Coach Reed, the freshmen swam and dove great along with the veteran swimmers. The returning swimmers swam faster and the veteran divers got higher scores than they ever have before.

First year competitors, sophomore swimmer Stacey Harvey and sophomore diver Kristie Brablec both agree that they like getting medals best. They both enjoy the competition and like the rewards that come from all of the practice.

Brablec was complimentary of the divers' performance. "I feel everyone did well. Marisa (Proctor) beat the Varsity record, and everyone improved greatly over the season," she said.

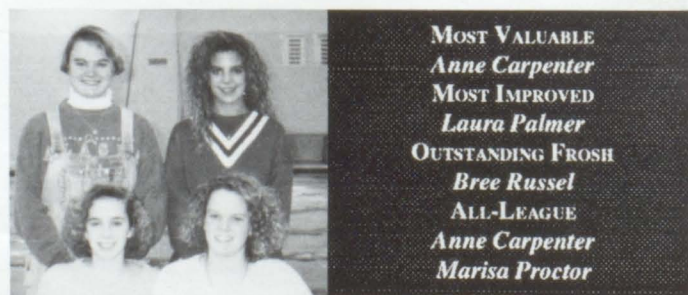

Harvey felt the swim team also did well. "I feel that everybody did a really good job. Everyone improved," she said. Both Brablec and Harvey plan to participate in swimming and diving next year.

To One Great Season...

By Brandy Kazmierczak

The boys swimming team has achieved a lot since the pool was built in 1989. This year the team is ranked 18th in the state after only three years as a team.

"Mr. Reed is the greatest coach. He has made us want to make our dreams of going to state come true," ex-

plained junior Gene Chan.

This year was the first year to have swimmers go all the way to state. The swimmers who went to state included Mark Lighthall, Aaron Nolan, John Schafer, Justin Partridge, Chris Gibson, Keith Furstenberg, Gene Chan, Jason Randolph, and Matt Lander. The races the

boys qualified in were the 200 relay and the 400 relay, and Mark Lighthall also qualified for the backstroke.

This is the second year we had divers go to state, though. Divers who qualified for state were Bob Moore, Chad Hauessler, and Scott Scheytt. Scheytt place 3 rd in the state finals.

Wrestling

"This year didn't go exactly how I planned, but overall I enjoyed myself."

By Jennifer Rigglesman

The Tecumseh wrestling team had a pretty good season this year. "This year didn't go exactly how I planned, but overall I enjoyed myself," said senior Jason Coury.

The team ended up with 8 wins and, 10 loses. At the beginning of the season the team went to Ypsilanti Lincoln where wrestler Paul Raetzel won by forfeit (112), and Zach Stuckey (119) and Ramon Torres (heavy-weight) pinned their opponents, giving Tecumseh the win against Lincoln 54-21.

They then went on to wrestle Chelsea at Columbia Central. After dropping the first two matches,

Tecumseh came back and captured the next four matches as Stuckey, Brandon Nolan (125), Chad Dinius (130), Jason Coury (140), Matt Kane (171), and Chad Markwell (189) won their matches. Chelsea took the last three matches by

against Milan 37-30. Five wrestlers won all three of their matches - Stuckey, Dinius, Steve Herman (152), Matt Willson (160), and Kane. Winning two matches each were Jake Slick (103), Jay Jimenez (130), Greg Declecq (140), Markwell,

help the Indians improve to 6-5 on the season. Wrestlers pinning their opponent or winning by forfeit were Tim Perez (103) won by forfeit, Jimenez, Heathe Platt (152), and Torres.

The team then went on to the South Eastern Conference where they lost against Pinckney 35-31 leaving the Indians 1-3 in the South Eastern Conference and 6-7 overall. Stuckey, and Torres pinned their opponents. Platt, Herman, and Kane defeated their opponents also.

Coach Pat Connors commented, "I certainly do enjoy coaching the wrestling team. If I didn't I would've quit a long time ago."

"I certainly do enjoy coaching the wrestling team. If I didn't I would've quit a long time ago."

Coach Pat Connors

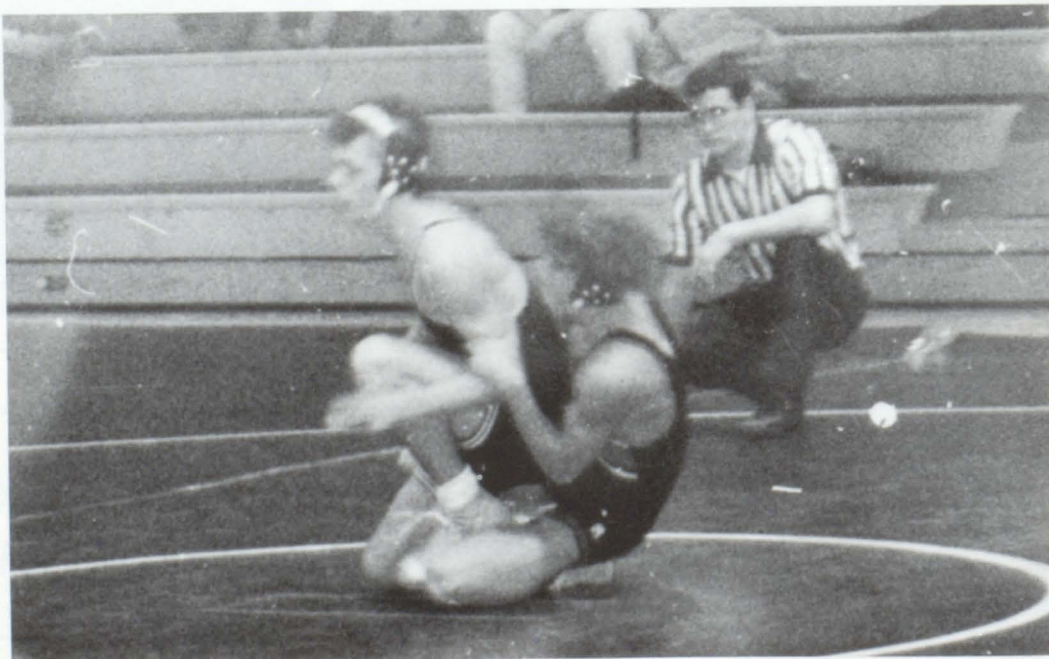

pins. Tecumseh lost the meet with the final score 42-30.

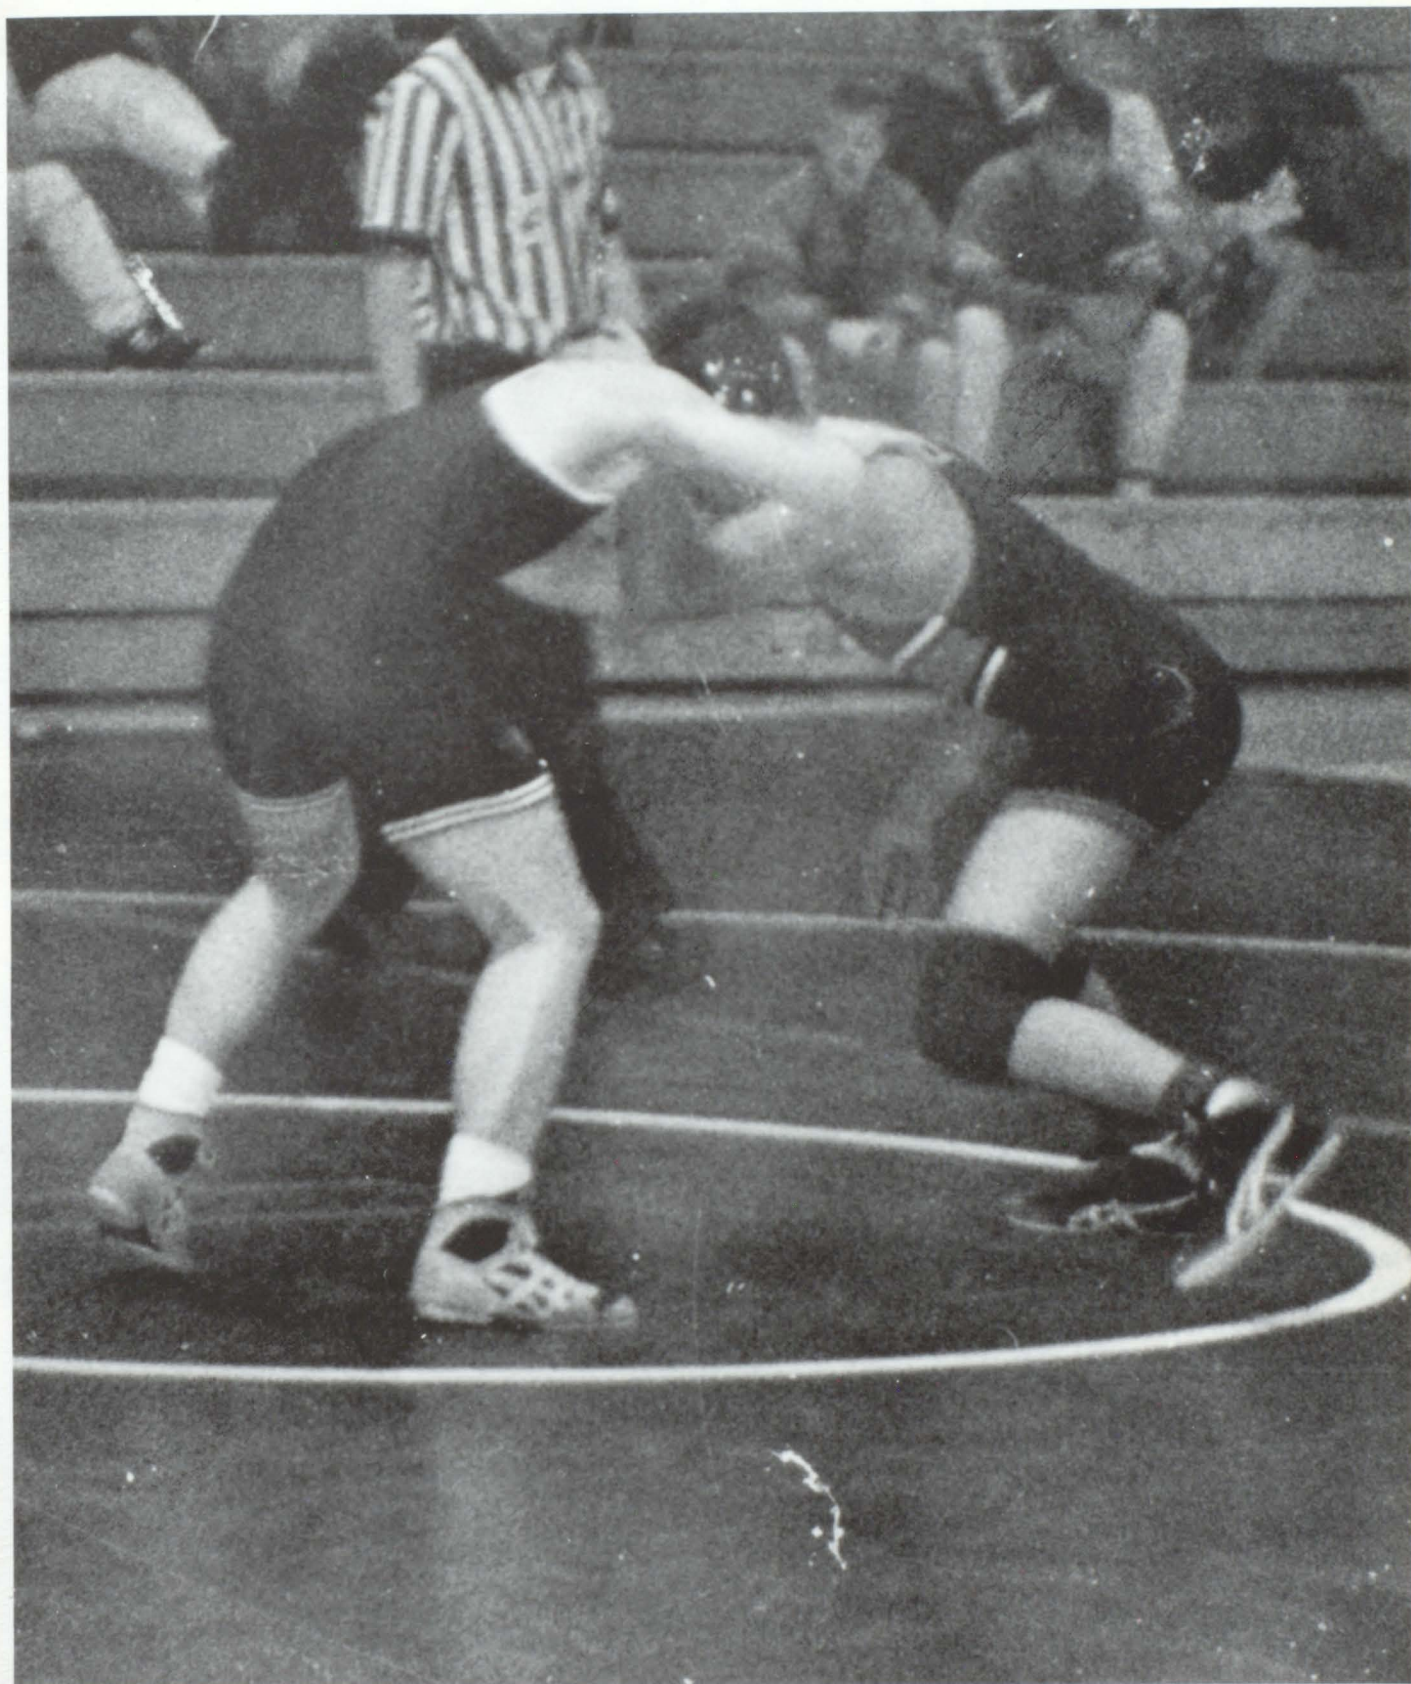

The Indians then went to Milan where they wrestled three teams: Livonia Clarenceville, Willow Run, and Milan. The team won against Livonia 76-0 and Willow Run 54-23, but lost

and Torres.

Our wrestlers then went to Clinton where they decisively defeated the Clinton wrestling team 48-25. Even though Clinton took three of the first four matches, Tecumseh captured the last six to secure the win and

Varsity Basketball

"We showed the future varsity basketball players how to work and play as a team."

By Donnie Parlier

The Indians boys Varsity basketball club was rolling hot this year. They went undefeated for nine games before coming up against the Adrian Maples which ended up to be a disappointing 39 to 79 loss. That game was not one of the highlights which the Indians want to remember, but after their loss the Indians got right back on track and continued to play well and win their games. The Indians had a overall record of 17-6. All of their wins led up to the SEC title for the fourth time in as many years.

The Indian team had many versatile players. On any particular night any player could be the leading scorer. The Indians went into every game not knowing who would be the standout. This year all the players contributed something.

Everyone just worked together. "We showed the future varsity basketball players how to work and play as a team," said senior Ryan Williams.

Tecumseh's only conference loss was to Milan. That was by one point. This was a disappointing loss for the

Indians because they were attempting to get as much position in the playoffs as they could. The more conference wins the Indians had, the weaker the team they would have to play in the playoffs.

The Indians had a scrapping defense as well as a well balanced offense. This meant many thrilling games. Some games came right down to the wire and others went into overtime. In most overtime games the Indians beat the opposing team, such as the overtime Pinckney game. Senior Jason Stewart's most memo-

orable effort was at that game. "Dunking in the Pinckney game with the home crowd watching was really special," Stewart explained.

All in all the varsity basketball team had a very successful season, winning their fifth straight district title. The Indians went in aiming for the top seat and came out on top.

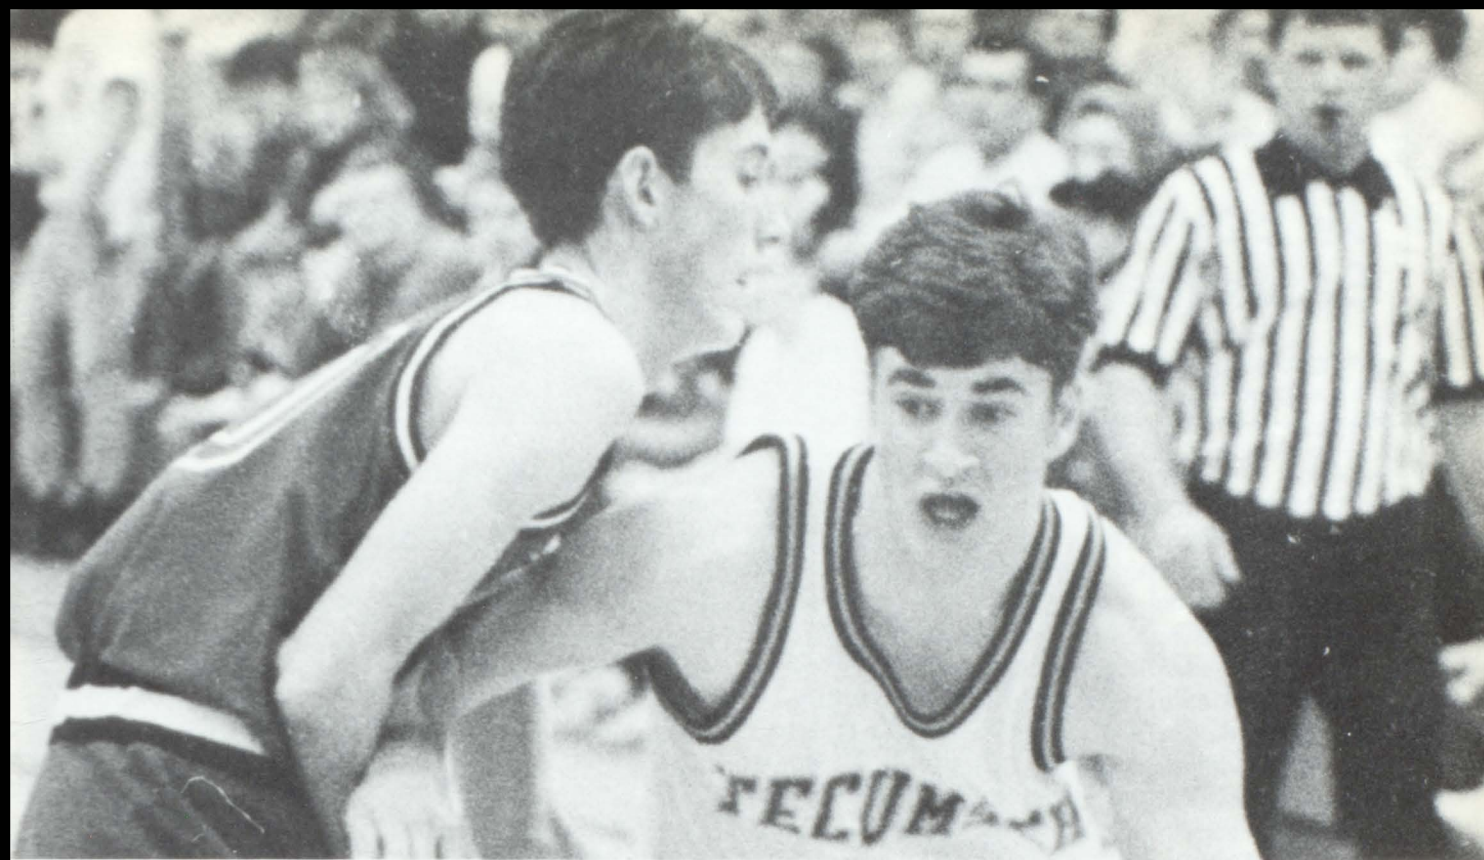

No one could tell at the start of the season what was to come and that the Indians would be so successful - or that they would become both SEC and district champs. They have made THS very proud.

PLAY-OFF PRIDE

Tecumseh Indians were on a two-game winning streak entering the Districts. They blew Saline away with a final score of 76-42. The Indians also took another win in the Districts to Chelsea. That score was a close 63-61.

The Indians then lost a great defensive battle to Dearborn Divine Child. They dominated the first half, but seemed to just lose it in the second to a disappointing 34-45 loss.

Post Season Individual Honors went out to Brian Burns: first team all SEC (unanimous), Ryan Williams: second team all SEC, Nick Pound: Honorable Mention All SEC, Jason Stewart: Honorable Mention All SEC.

JV Boys Basketball

"It was a real thrill to dunk in the game."

By Jes Golka

The JV basketball team came out this year with more enthusiasm than ever. They played all year with talent and excitement. The sophomores acquired Brad Allen from the freshman team and were ready to take on the world. Even with all the enthusiasm, though, the team could not seem to put together a solid game. But they soon found how to win by learning to play together as a team.

After a mid-season slump the players were running low on enthusiasm. A few wins brought back the emotion, and the second half of the season went very well.

Then came their biggest rival, Adrian. The JV team had been beating up on their opponents and hoped to continue with Adrian. Although Adrian had beaten them the first time around, this time the JV team was on a winning streak and had great confidence they could win. The game went down to the wire, but Tecumseh came out on top with a score of 56-55. Excellent defense in the last few minutes and the consistent play of Derek Johnson, Andy Kapnick, and Brad Allen led the team to victory.

The last game against Pickeney really was emotional for the JV team and

for the fans as well. The fans got into the game after a lead pass from Derek Johnson resulted in a two-handed slam from Brad Allen. Less than two minutes later Dan James followed up with a breakaway one-handed dunk. "It was a real thrill to dunk in the game," said sophomore James. By then the crowd was stirring from Allen's dunk, and this added more fuel to the fire. For the rest of the game the fans had more enthusiasm than ever. No one could stop talking about the two dunks.

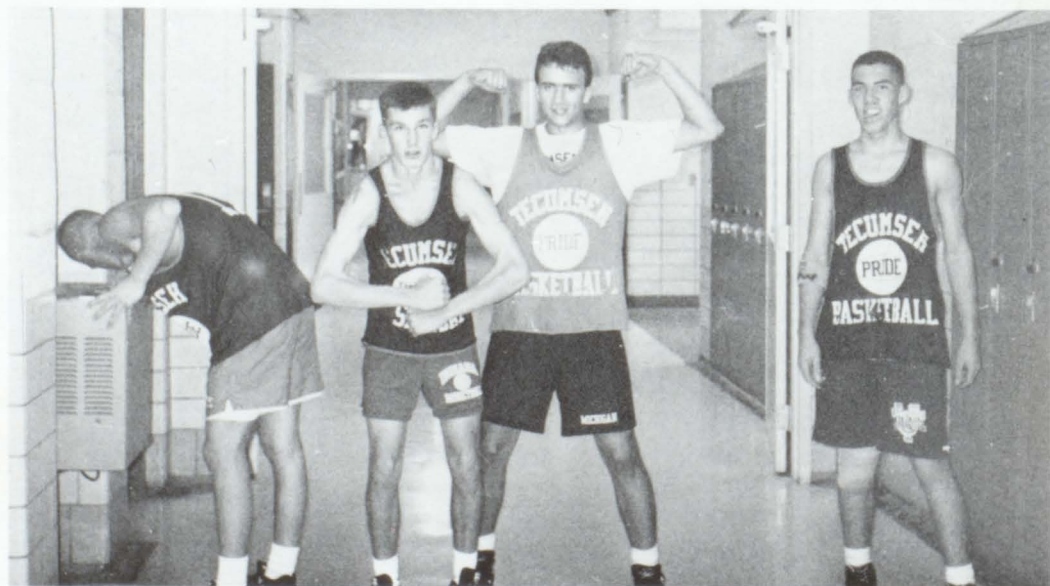

Todd Bryan, Matt Hofman, Andy Kapnick, and Brad Allen were the back-

bone of the team and gave support every night. With their help and the strong play off the bench, the JV team played a spirited season and wound up with a record of 11 and 9.

Freshmen Roundballers Take It to the Hoop

By Jes Golka

The freshman basketball team this year was full of talent. The only question was: Could they shape themselves into a competitive basketball team? The year started slowly until the freshmen became used to

each other and went from individual to team play. The freshmen came on strong and won three in a row until they met Adrian on January 9. Adrian became the first big loss for the freshmen.

The team rebounded from the loss with a hard-fought

win against Saline. They held off the last second run by Saline and sent the game into overtime. The freshmen showed great composure and won by seven.

The freshmen were either hot or cold all year. Six out of their seven wins came in

streaks of three wins each. "We need to learn to play a complete solid season and more wins will come," said Dan Casteel. The consistently strong play of Al Schmidt, Tim Trapp, and Jamie Feldkamp led the team to a 7 and 11 record.

"We need to learn to play a complete solid season and more wins will come."

Varsity Volleyball

"We realized there were teams better than us and we needed to work harder this year then in years before."

By Mollie Musselman

This year was a rebuilding year for the varsity volleyball team. It is hard to follow such a great team as the one Tecumseh had last year so the team had to work extra hard to improve from the beginning of the season to the end.

Even though this year's record does not compare to the record from last year, the team still did fairly well.

Coach Ted Todd had a young team to work with. The team included three seniors: Trica Johnson, Carol Hackstedde, and Terra Williams. The juniors were Erin Schick, Angela Feldcamp, and Kelly Handy. There were also four sophomores: Toni Towne, Jaime Curry, Keila Steele, and Mollie Musselman.

The team was not off to a good start at the beginning of the season, but seemed to pull their play together by the end of the season by winning the county tournament and also the District and the Regional titles.

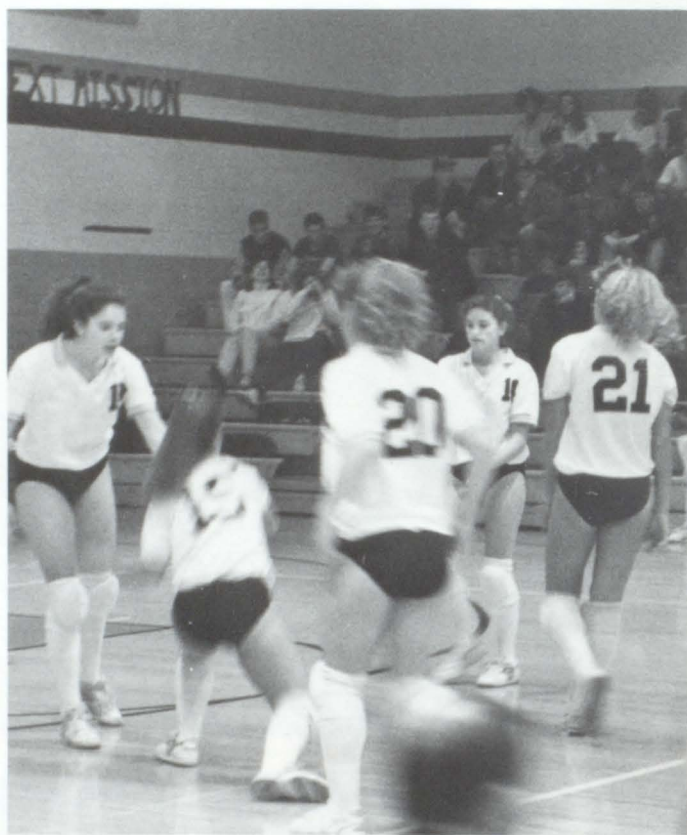

Senior Terra Williams said, "The season started off slow but got a lot better as the season went on."

The team improved a great deal.

Senior starter Trica Johnson said, "We realized there were teams better than us and we needed to work harder this year then in years before."

The team finished with a record of 26-17-13.

They ended up third in the league, County Champs, District Champs and Regional Champs.

Kelly Handy (left) dives to the floor after a hard hit ball. The team (top) returns to the middle of the court after a sideout. Carol Hackstedde (right) runs up the score with her serving. Photos by Kris Johnson.

JV Volleyball - Dig It

By Mollie Musselman

Ranked at the top of the league standings, the young Indian J.V. volleyball team had a very successful season. Coached by Pat Pomy they did exceptionally well considering they had a young team to work with this year. There were four sophomores including Amy Chase, Sarah Hollenback, Kate Tooman, and Marcy LaLonde. The team also consisted of seven freshmen: Lindsay Yeager, Melissa Pound, Jamie Hanselman, Dawn Gottschalk, Amy Gooch, Josette McWilliams, and Brandi Hillard.

Sophomore Amy Chase was proud of the season. "I was really impressed as to how good we played when we worked as a team. I think we had a great season even

though we were so young."

Another sophomore Sarah Hollenback said, "I enjoyed playing on this team, and I felt we got along well." As an inexperienced team, the girls had to work together to have a successful season. Their teamwork paid off when they won the J.V. County Tournament. Marcy LaLonde agreed, "We got along well as a team. I felt that we worked hard and accomplished a lot."

Kate Tooman added, "We had fun, worked hard, and improved a great deal as the season went on."

As the season came to a close, the J.V. volleyball team ended up with a record of 23-12-5. In the SEC, the young netters finished with a record of 8-4.

"I was really impressed as to how good we played when we worked as a team. I think we had a great season even though we were so young."

JV Volleyball

Boys Track

"As a team we are a well balanced team and I feel we really have no weaknesses. I love the kids I work with, they are a great team."

By Jenny Howell
Kelly Hancock

This year's boys and girls track teams were very competitive. In the meets the teams showed a lot of team spirit and enthusiasm.

Shelly Jusick, the girls track coach, has been coaching for two years. Jusick really enjoys the sport. She said, "I love working with the kids. Competition is still the same, very competitive. I really think that my kids have matured a lot."

Freshman Cindy Legenc is aiming for a good high school record in track. "I want to improve my running abilities for my future high school years. I really like the competition, I feel I always have to try my hardest at all times because all the other hurdlers are much older and have a lot of experience," she said.

Senior Amy Korte has thrown shot and disk since seventh grade. Korte loves the competition and loves to get medals. She said, "The competition is pretty good. Having someone to compete against makes the whole sport more fun and helps you realize that you have to work as hard as you can."

"Track is a blast everyone should join, it is a sport that everyone will love," junior Carrie Crumb said. "The girls track team is like one

big family. We all are really great friends."

Jay Osburn, the guys track coach, has only coached for one year, this year. Because he has only coached this year, he feels that the competition for long distance running has become longer and the hurdles have gotten higher!

Osburn said, "As a team we are a well balanced team and I feel we really have no weaknesses. I love the kids I work with, they are a great team."

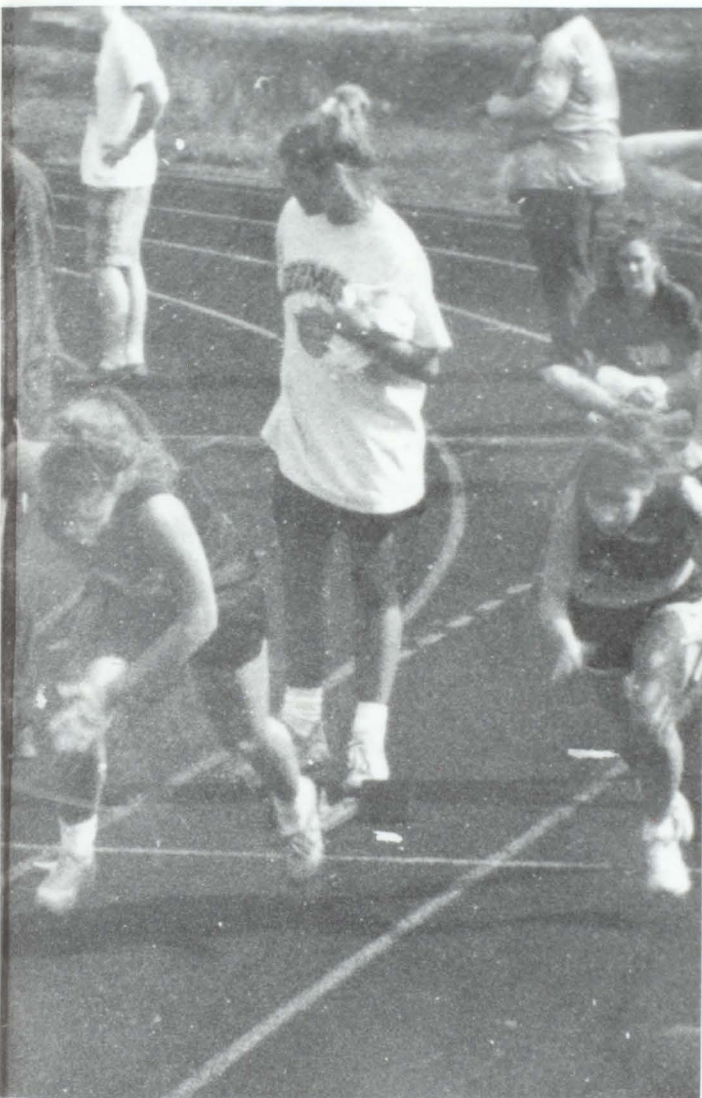

Senior Ramon Torres has thrown shot and disk for two years. He joined the team for relaxation. "This sport is more relaxing than other sports I have been in like football and wrestling," he said.

Junior Ryan Kambas said, "Competition can sometimes be hard and sometimes easy, but I really enjoy it when you have to put up a fight to win!" Kambas said that Coach Osburn is one of the main reasons for the success of this year's team. "He's one great guy!" Kambas added. "He gets along with everyone. More coaches should be like him."

Sophomore Dan James added, "Jay Osburn has really made a improvement on us for being his first year. He always makes sure that everyone has fun!"

Varsity Baseball

"I knew the ball was gone as soon as it left the bat."

By Jes Golka

This year's varsity baseball team put their skills to the competition all season long, jumping out to an 8 and 2 start in their first ten games. Strong pitching and batting were the biggest keys to their success.

Jason Tuberville struck the big blow of the early season with a grand slam homerun in a game against Jackson. "I knew the ball was gone as soon as it left the bat," said senior Tuberville.

Hitting homeruns was the biggest part of the varsity game. By mid-season, Marty Hathcock led the team with seven homeruns.

Two outstanding seniors,

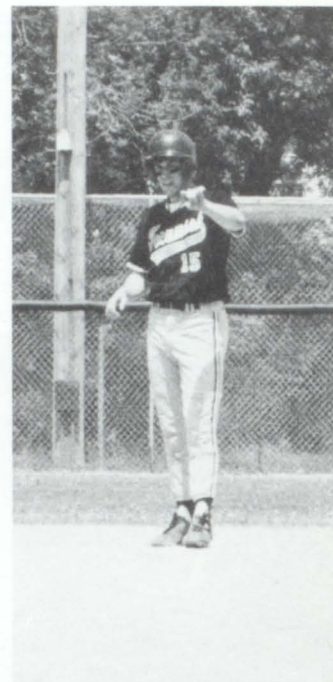

Brian Burns and Heathe Fowler, were ranked in the top 100 in the country for their contribution to the Indians. Burns was ranked 26th in the country for outfielders and Fowler was ranked 55th in the country for infielders. After the school year both Burns and Fowler will go to Kent State on baseball scholarships.

"I think the two most memorable games of the season were against Morenci," said senior Nick Pound. "We played a very complete game and didn't make any errors," replied Pound. In the first game Tecumseh took the field first and held Morenci to a 1,2,3

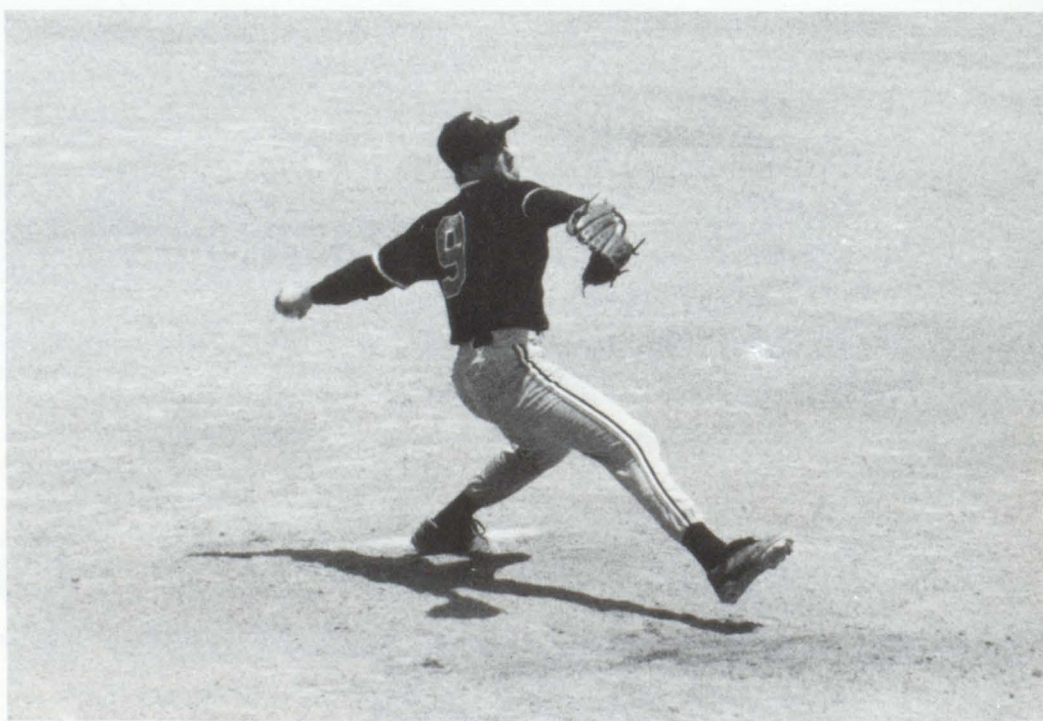

inning. Then in the bottom of the first, the varsity squad unleashed its power. The Indians batted through the line-up twice, scoring 11 runs, with homeruns from Fowler, Pat Bagby, and Chris Greiman.

On the mound, Tom Mannor held Morenci scoreless until the fourth inning when they scored 3 runs. Tecumseh eventually won the game 25-3.

Randy Rohn and Brent Gnodtke combined for the shutout in the nightcap in which Tecumseh won 17-0. Strong defense off the bench by Andy Bailey and Phil Smith helped save the shutout.

Above, Junior Monte Shearer walks back to the dugout. Right, Senior Heathe Fowler awaits the next pitch. Above right, Junior Marty Hathcock reads the signs atop of second base. Photos by Gene Chan.

JV Baseball

"The team matured greatly in the field over the past year."

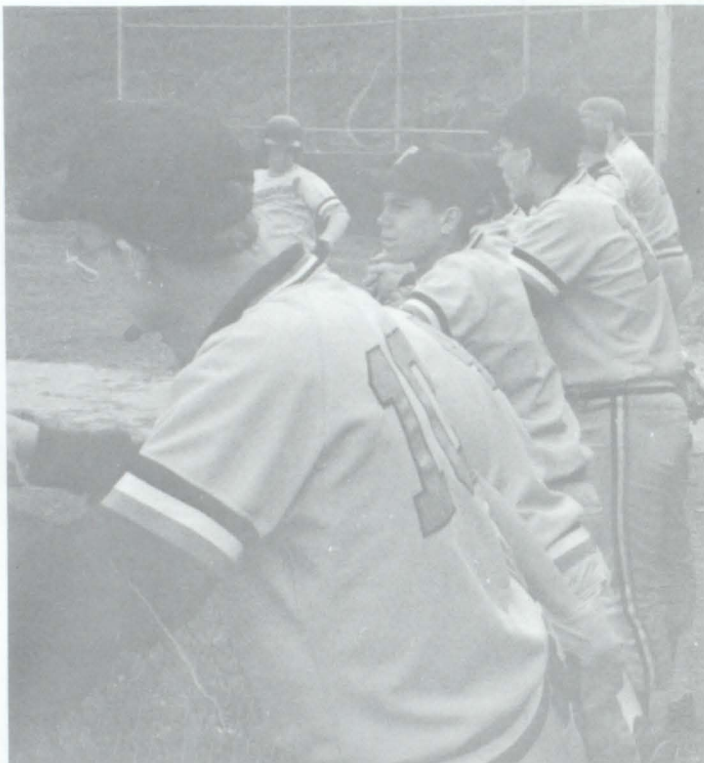

By Kristen Kane

The 1992 Tecumseh High School junior varsity baseball team got off to a very good start in the spring. The team went 15-0 in their first 15 contests. The team played excellent defense compared to last year on the freshman squad. "The team matured greatly in the field over the past year," said sophomore Ryan Reppert.

Coach Dave Gibson was very busy scheduling practice around the varsity baseball and softball teams as well as the junior varsity softball team, each trying for decent time schedule for the new practice facility in Clinton. The team managed to do very well through all

of the adversity of the practice schedule which was difficult because of the distance to the new practice facility. Pitcher and first baseman Jes Golka said, "Practicing in the 'blue building' (as many of the hardballers call it), made me feel like the baseball season hadn't started yet, since practice is usually outside."

There were more than 30 sophomore and freshmen boys who tried out for the team that now consists of 15 of the finest hardballers in the sophomore and freshman class. Captains are returning J.V. players Matt Neilson and Eddie Kastel. The team ended up finishing first in the S.E.C.

James Dotson, David Steiner, and Ryan Reppert (above right) anxiously cheer for their teammates. Andy Kapnick (right) strides into the ball for a powerful hit. Photos by Mike Vescelius.

Freshman baseball - it's a hit!

By Angie Stanifer

The 1992 freshman baseball team had a very successful season. This year's team was full of talent. Many team members were good at different things.

"Our practices were pretty hard, but the games were really fun to play," remarked team member Brent Bledsoe.

The players worked very hard to become a good team. They had a tough practice every day. They started right after school and went until 4:30 or 5:00. First, they would run all the way to Cal

Zorn Park on Russell Road. Then, they would practice hitting, fielding, etc. until 4:30. At the end of practice they would wearily run back and go home to prepare themselves for another hard practice or game the next day.

The team's season started out slow by losing 4 games before winning the Saline game. But the sluggers came on strong at the end of the year to get an impressive overall record.

Overall, the freshman Indian team did very well and should be ready for JV ball.

Tecumseh hitter (top) watches the ball in hopes of a base hit for the young Indian team.

Varsity Softball

"Each game we improve both mentally and physically, and I feel we will reach our peak at the end of the season which will be perfect timing."

By Mollie Musselman

This year the varsity softball team consisted of seniors Julie Oxley, Kristen Deshano, and Deanne James. The team's juniors included Erin Schick, Kelli Handy, Megan Aiuto, Stacey Tindall, Angie Philo and Coty Bulter.

Sophomores included Kelerin Lewis, Marcy Lalonde, and Mollie Musselman. The solo freshman was Lindsay Yeager.

The lady Indians had a young team this year. The returning lettermen included Oxley, Deshano, James, Schick, Handy, Aiuto, and, Bulter.

This years team is pretty well rounded. The Indians had players that could fill all of the positions.

The ladies worked hard all season, an effort which seemed to pay off. The team

worked hard, but they also had a lot of fun.

"Each game we improve both mentally and physically, and I feel we will reach our peak at the end of the season which will be perfect timing," said Julie Oxley.

The softballers got new uniforms this year so that they looked attractive while playing. The team also got a new batting cage so that the team could work on their batting skills.

The ladies had an advantage with their pitching by having two returning pitchers Oxley and Aiuto.

At the beginning of the season the weather was not very nice so the games were postponed. By midseason the lady softball team was 14-7, and looking forward to the rest of what should be a successful season.

JV Softball: a 'well-balanced team'

By Stephanie Miletich

This girls softball season started the same as many others. It consisted of try-outs, cuts and practice.

Although twenty-one girls tried out, the softball team was reduced to thirteen early in the season.

Assigned captains are returning sophomores Toni Towne, Jaime Curry, and Marisa Proctor. Completing the line up are Sarah

Hollenback, Sarah Brunetz, Kelli Camfield, Alicia Mobley, Josette McWilliams, Molly Hicks, Jamie Hanselman, Barb Dykas, Kristy Dunham, and Amy Still and Coach Greg Lewis along with assistant coach Amy Aiken.

This softball team is a young one with only four sophomores. "We have a lot of new talent coming from the freshmen and we

hope to have a successful season and a winning record," said co-captain Toni Towne.

A routine practice consists of the captains leading the team in warmups and also answering questions from the new members.

"This team is successful due to a lot of cooperation and respect between each member," said second baseman Marisa Proctor.

By mid-season the ladies already had a successful, winning record of 10-0.

By putting emphasis on team work and not just individuals, members and Coach Lewis feel that this team is a well balanced one.

"Right now we are picking each other up and playing as a team. As long as we continue to do that, we'll be tough to beat," said Coach Lewis.

"This team is successful due to a lot of cooperation and respect between each member."

Varsity Cheerleading

"Cheerleading is more than attention - it's work."

- Jonna Ferguson

By Lindsay Marsh

The varsity cheerleaders found the 1991-92 season to be a year of changes. "Our year started off slowly, but was not given much of a chance to remain that way," said senior Jonna Ferguson.

The squad of sophomore Nissa Sanchez, juniors Keely Sopko, Kathy Kleman, Nancy Snyder, and Coty Butler, and seniors Jill Shuster, Kathy Catros, Tara Lapham, and Jonna Ferguson was chosen in May, with Jenifer Keffer as the new coach. Ever since they

had 2-6 hours of practice each week first preparing for UCA cheerleading camp, then football season, and finally basketball season. It took time to get use to a new adviser's rules, but everyone caught on quickly.

During the summer, the squad, along with the J.V. squad, competed in a pom-pom competition at UCA cheerleading camp at U of M. The two squads received a blue superior ribbon for their routine. The varsity squad alone also received a superior trophy for their

cheering abilities.

After camp was over, the squad prepared for football season, but they had no idea what was ahead. They entered a season that they will always remember: they cheered the varsity football team all the way to the class B state semi-finals.

Basketball season brought on some changes. Cheerleaders Coty Butler and Nancy Snyder left the squad and junior Aimee Bone and sophomore Sarah Catros were moved up from the J.V. squad. "I knew it would

take a while to get used to the squad and being in front of such a big crowd," said Catros.

Another change was Terrie Winkler taking over as coach during basketball.

Through hard work and determination, the new squad improved and the girls were functioning as a squad once again. "We just took advantage of all of our practice time," said Shuster. That extra time really paid off too. The squad cheered the varsity basketball team to a 17-6 winning season.

The J.V. and Varsity squads (left) ask for crowd participation during the Homecoming pep rally. Nissa Sanchez and Tara Lapham (above) take a break during a Varsity football game.

Jonna Ferguson (right) displays her school spirit and enthusiasm at a high school playoff game.

Seniors Have Their Say

"[I will miss] the anticipation before a game, and the thrill after winning."

-Jill Shuster

"I'll miss the pep rallies, the excitement of the Jungle, and the rush after a big win."

-Kathy Catros

"I guess I will really miss the players who I have spent 4 yrs. cheering for."

-Tara Lapham

"Making signs, decorating lockers, the bus, talking to the players; everything was great."

-Jonna Ferguson

JV Cheerleading

"We went through so many changes, but it all worked out for the better."

By Lindsay Marsh

The J.V. cheerleaders' fall season started out with a bang! They started out the year with 1st place in a University of Michigan cheerleading competition. The squad and Coach Jenifer Keffer had high expectations and they accomplished them.

During the football season, the squad of freshmen Ericka Smith and Dawn Edwards, sophomores Lindsay Marsh, Kristie Brablec, Sarah Catros, Thuc Tran, and Heather Barbre, and junior Aimee Bone improved greatly. They cheered the J.V. football team to a successful 6-3 record. The squad worked hard to accomplish their team goals.

After football season was over the squad saw some major changes. Members Aimee Bone and Sarah Catros were moved to the Varsity squad, and freshman Angie Stanifer and Kelly Winkler joined the J.V. squad. "I wasn't sure if I was going to like it because I didn't really know anyone. I also thought that it was going to be harder because as a freshman, I didn't know very much about cheerleading," said Winkler.

With the new additions, the squad had its ups and downs. Besides having to get to know everyone better, the

squad also had to re-do all of their routines. "Everyone was willing to get to know Angie and Kelly. Changing everything was really time consuming, but it all worked out in the end," said sophomore Kristie Brablec.

Over the course of the basketball season, the squad changed, re-learned, and improved upon their routines. "I think that we have improved because we work better together and we are attempting new things," said Winkler.

Their work showed in the end. "We went through so many changes, but it all worked out for the better," said Brablec. They cheered the J.V. Basketball team to an 11-9 season.

JV cheerleaders Ericka Smith, Angie Stanifer, Heather Barbre, Kristie Brablec, Lindsay Marsh, and Kelly Winkler (above) cheered the team to a 11-9 season. The J.V. squad (bottom) performs their "Pride, Effort, Teamwork" cheer at a home basketball game. Photo by Marcia Campbell.

Freshmen have the Spirit

By Lindsay Marsh

Once again, the freshman cheerleaders have had a successful season of supporting our freshman football and basketball teams.

A new coach in the middle of the season and squad members being juggled around gave the girls a tough challenge, but despite these changes, the girls had a great year!

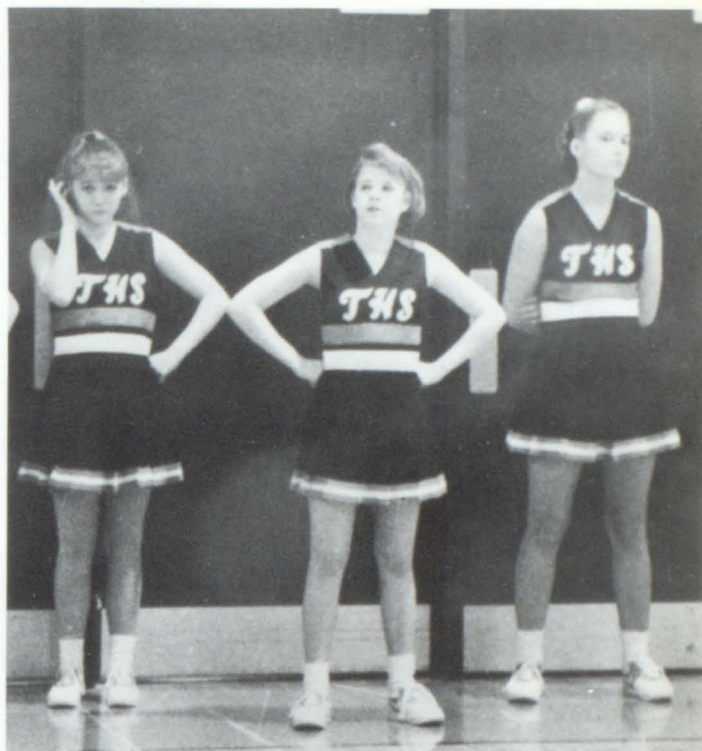

Last May the squad of Melissa Irelan, Melodie Bone, Kara Fetkenhier, Julie Beland, Ivy Yarcow, Angie Stanifer, Kelly Winkler, Cindy Hunerburg, and Erika Goodrow was chosen.

These girls got to know each other better during the summer having 2-3 prac-

tices each week. Through hard work and determination, they earned the Most Improved trophy and a spirit stick at the week long UCA cheerleading camp in August.

Since cheerleading is not offered in junior high, cheerleaders are not as experienced in their sport as are the other athletes in the school. "Being a freshman cheerleader is very challenging because it is the first time for this sport," said Angie Stanifer.

"The girls have adjusted well to all the changes this year. They have worked hard and I'm very proud of them," added coach Terrie Winkler.

Erica Goodrow, Melissa Irelan, and Melodie Bone (above) take a break to watch the game. Freshman cheerleaders Julie Beland, Erica Goodrow, Melissa Irelan, Melodie Bone, and Ivy Yarcow (below) show spirit and enthusiasm during a freshman basketball game. Photos by Shelly Elkins.

1991-1992

A Time of Change

By Joyce Mathis and Kelli Kirk

What a time of change. 1991-92 was full of such events as the Clarence Thomas hearing that took place in early November. Thomas was nominated by President George Bush to replace the retiring Justice Thurgood Marshall on the Supreme Court. Professor Anita F. Hill claimed that she was a victim of sexual harassment while the two worked together approximately ten years ago. What do you think? Do you believe Hill or Thomas?

Lots of other events happened as well. Some were world-wide and important to all of us. Others affected only some of us.

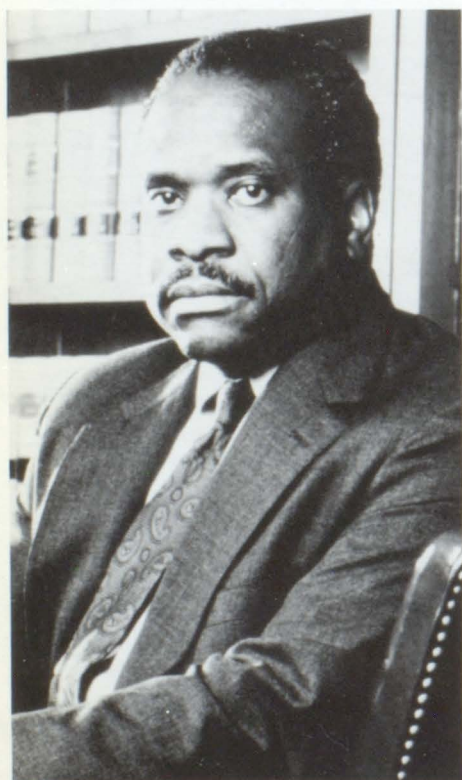

Do you remember these 1991 happenings?

- President George Bush nominated Robert M. Gates to head the Central Intelligence Agency.
- Civil War broke out in Yugoslavia. The war unraveled this nation of six divergent republics, two of which — Croatia and Slovenia— declared independence from the federation in June.
- The Economic Summit dealt with many important events—from world economic policy to building World partnership to international trade.
- Ladies Love Cool James, otherwise known as LL Cool J, did well in the rap business especially with all of his latest hits.
- Michael Jordan flew through the air with the greatest of ease. The 28-year-old basketball star of the Chicago Bull

led his team to the NBA championship.

- The Boston-born band Extreme jumped up the charts with their latest album, *Extreme II*.
- Arnold Schwarzenegger, the bod building, action-adventure actor was big hit in the highly successful movie *Terminator 2*.
- As the school year began, Guns N' Roses album "Use Your Illusion" hit the stores. The two-album set sold a million in no time.

Nineteen Hundred and Ninety-one was definitely a year of change in many different ways. It was a change in politics and entertainment. World Events is where you can look back at all of the changes that have happened throughout 1991-1992 school year.

Clarence Thomas

Anita Hill

President Bush nominated Clarence Thomas (left), a 43-year-old conservative republican to become a supreme court judge. Thomas was confirmed by the U.S. Senate by a vote of 52-48. But, it was a tumultuous confirmation process. After a series of public hearings, the Senate Judiciary Committee split 7-7 on his nomination. Just days before the full Senate was to vote, some serious allegations of sexual harassment were raised. Professor Anita F. Hill (right), a 35-year-old law professor from the University of Oklahoma and former assistant for Thomas at the E.E.O.C., claimed she was the victim of sexual harassment.

The 48-year-old Robert M. Gates (above) was the deputy national security advisor to the president and a former No. 2 man at the CIA. His role in the Reagan administration's secret arms dealing with the Iran led him to withdraw a 1987 nomination to head the CIA. When the civil war broke out in Yugoslavia (below) it broke the nation up into six divergent republics. All six were held together by President Tito, but Tito's death, the crumbling of Communism, and the emergence of forces for democracy and ethnic self-determination set loose Yugoslavia's forces.

1991-1992

A Time of Chance

Magic Johnson (left), the famed Los Angeles Lakers basketball star, announced he was infected with the HIV virus that causes AIDS.

LL Cool J

Schwarzenegger

LL Cool J (above) has the love of many fans. The rap star has been on the charts for a long time. His latest hits include "Momma Said Knock You Out", "Six Minutes of Pleasure", and "Going Back to Cali."

Arnold Schwarzenegger (left), shown here with his wife, Maria Shriver. Terminator 2: Judgment Day cost of more than \$90 million to make, it was the most expensive movie ever made. Some of Schwarzenegger's earlier movies include Twins and Terminator.

Guitarist Nuno Bettencourt of the rock group Extreme designates "Get the funk out" as the Boston quartet's theme song. Why not? The song from the band's second album—*Extreme II*—is an irresistible blend of blazing guitars and soaring four-part harmonies that are mixed with everything from horns to piano to rap. Guns N' Roses' "Use Your Illusion" album set was the first album in three years and, from what the critics said, it was worth waiting for. It hit the top of the charts the first week out.

ALL'S WELL THAT... ENDS WELL

What can be said about Volume 73? Well, as an editor, it's hard to put into words the kinds of things that our two yearbook staffs do in a year's time.

For starters, we not only focus on producing a yearbook by our strict deadlines, we focus on the fun, friendships, and academic achievement our students strive for throughout a lengthy year at T.H.S. Through the eyes of our Canon we try to capture as many faces possible within our 212 pages. A yearbook is a keepsake, and this is what we try to keep in mind.

A very big thanks must go to our sales representative, Mr. Bill Lorenzen, for all the stops he made at least once a month. He always brought gifts in the form of candy, such as "Blow-Pops" or those special Valentine Day cookies! Bill gave us many helpful clues on making our yearbook top priority, and we appreciate his time and patience.

We also would like to express our appreciation to Tecumseh area merchants for their financial support. Our ad sales reached \$8,000+, and book sales topped out at 505. We had plenty to cover our expenses thanks to you.

Being in Yearbook class four years, I can think back to the trial and errors we have been through and realize now how much we have advanced in technology. We replaced our pencils with a computer mouse, which saves us time and money.

As a senior leaving the high school, I will take the memories that have been laughed, acted and talked out in Room 117. I have worked with Mrs. Lancaster for the last three years and both of us have grown in the knowledge of publications. She is going to be missed next year, but we all are confident that she will be a leader in her new profession in advanced publications. Hopefully she will return for the 1993 school year. She has led us through tough times and she is to be praised for her many successful accomplishments in compiling this book.

All's well that ends well for me here at Tecumseh High School, and I'm pleased to say it was done with "A Touch of Class."

Terri Balog
