It is now our second year of putting the yearbooks together ourself, what do you think? They are better than having them made by a far away company because of the benefits. The first reason we're doing it this way is so that you are able to have your yearbooks before school is out for the summer. And why would you want

your friends to sign a yearbook that is already a year old? For you underclassmen that doesn't seem like a big deal because you can pick them up next year and still have your friends sign your yearbook. The senior graduates would have to pick them up during the summer or the next time they came home, and for most students that wasn't until next year's Homecoming. Then there were many people who just didn't pick them up because it had no personal meaning to them any more. Which brings me to the next point. After high school the graduating class does not have that many opportunities to see old friends and have them sign their yearbook.

With the new way of putting the yearbooks together we give you the opportunity to put your own memorabilia in your yearbook. This is a

chance for you to put graduation invitations in the back of your yearbook, or any pictures you have that you would like to keep safe.

This year we were fortunate in that we were able to put the senior pictures in color. We hope to make this a tradition, and I hope to even expand the number of pages we will be able to put in color. We were also fortunate enough to receive a technology grant to purchase new computers, and a wide-angle lens to take next year's club photos ourselves.

Meghan Schawitsch and Dennis Parker stare at the computer trying to figure out what to do next.

While trying to organize the

While trying to organize the senior pictures Raquel Martolock has no idea she is having her picture taken.

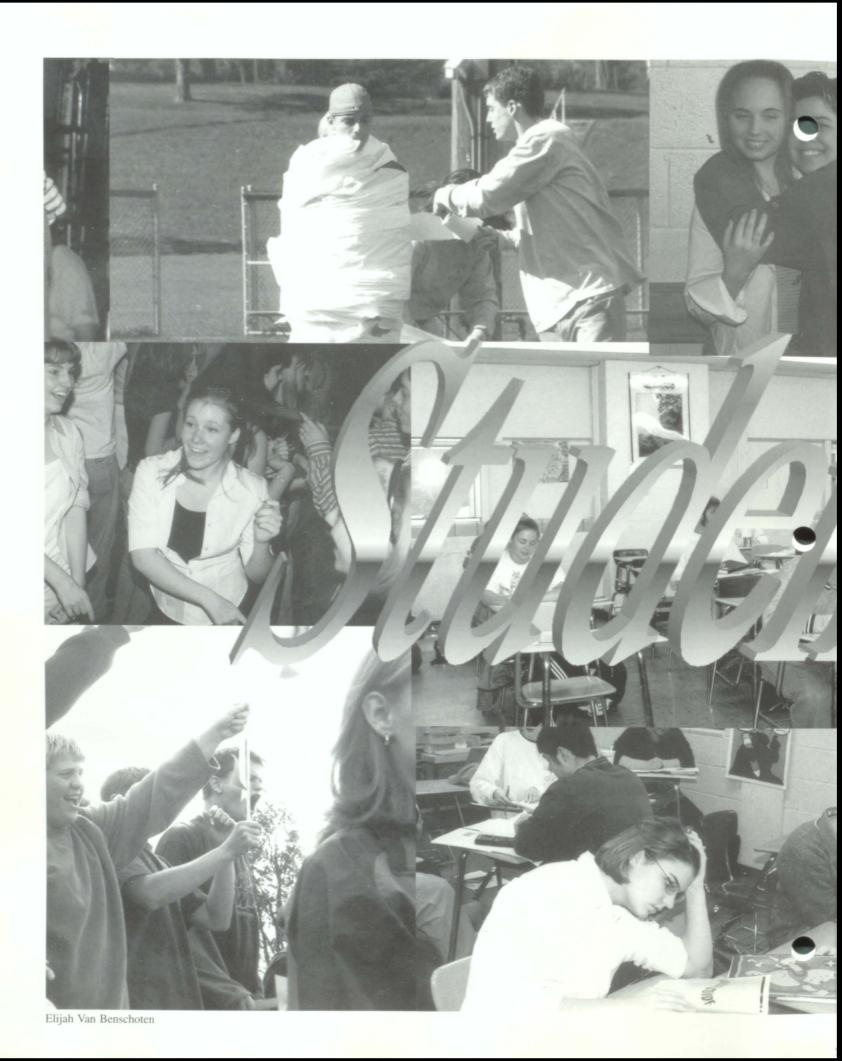

I sincerely hope that you enjoy the 1998-1999 Tecumseh High School Yearbook.

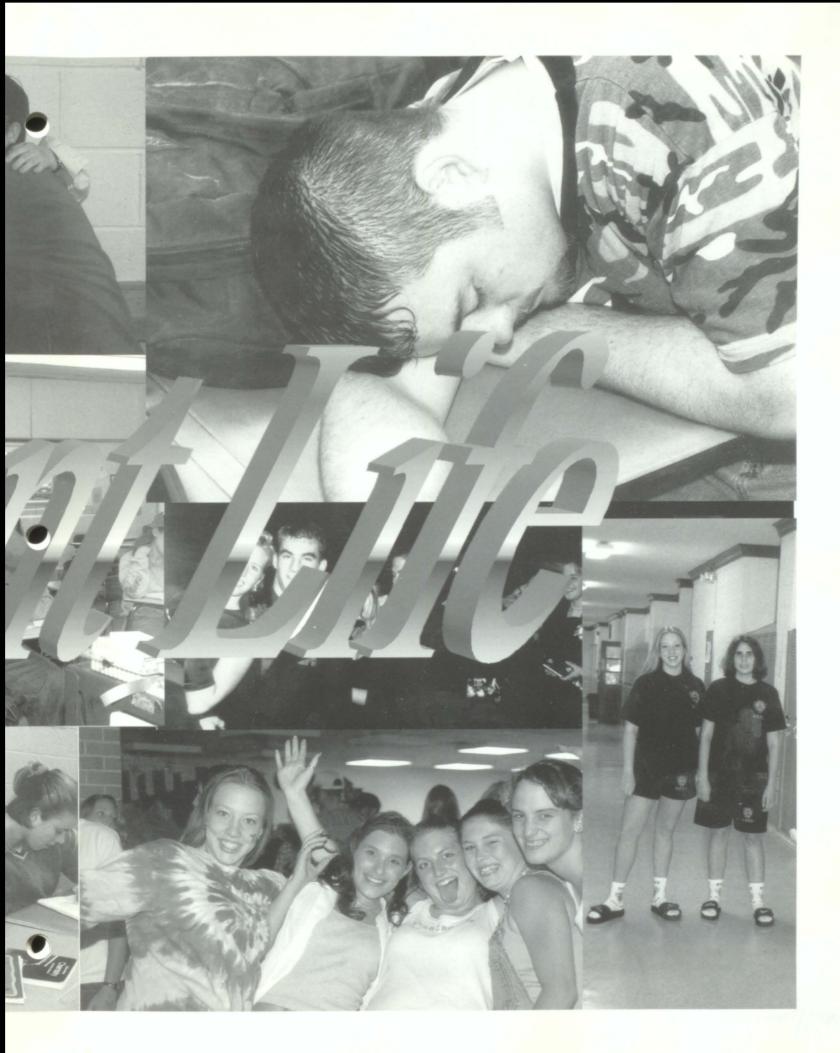

Sincerely, Head Editor Kevin Radant

The class gets ready to listen to the anouncements that Mrs. Marble is ready to give. Unfortunately it looks like not everyone was able to get enough sleep the night before.

The Jungle:

Our House!

Anticipation grows as the Varsity game approaches. "Welcome to the Jungle" blares through two large speakers, and chills run up and down the backs of players and fans alike. The flag-bearer leads the team on the floor and hundreds of students roar in appreciation. What is this phenomenon? It is, of course, our student section, the Jungle.

Being the best student section in the area was the goal of the Jungle Committee this year, and most would say, "Goal accomplished." Despite some up and coming student sections in Pinckney and Chelsea, the Jungle was far and away the best and most respected in the SEC.

Traditional nights at the Jungle include Camouflage Night, Jungle T-Shirt Night, and Beach Night. With such a rowdy student section you would think that the administration would have a problem with the Jungle, but that was not the case. Athletic Director, Jim Gilmore had these words to say, "It was an excellent year, with great student support both home and away. There were some times when we had to refocus our objectives, but overall it was a great year."

The Jungle is the best and most feared student section around, and the student body as a whole should be commended for making this the best year yet.

The entire Jungle poses for a picture on beach night. Newspapers were passed out to read during the opposing team's starting lineup.

Varsity Basketball players Joel Whelan and Ken Harris come out to the roar of the Jungle

Members of the Jungle and the Varsity Basketball squad huddle up before a big home game. Junior Joel Whelan struggles to get in the middle of the pack.

Seniors Chris Pomy, Troy Hinkleman, Brandon Foster, Jason Karle, Kevin Phillips, and Michael Feldkamp watch the game intently.

Members of the Jungle rush the floor as the Indians come up with a A group of Seniors including Chad Easton, Chris Pomy, and huge win over conference opponent, Chelsea. The Indians also, stormed the court in a non-conference win over Adrian.

Troy Hinkleman welcome Eric Harris to the Jungle after being introduced to the home crowd.

Senior Chad Cook, a group of Senior males, and the rest of the Jungle wait for Senior Chris Pomy, Junior Brian DeJonghe, Seniors the start of an important non-conference game.

Homecoming 1998

Blasting Class Spirit

This years' Homecoming was a blast. It all started on Sunday with float building. The competition began Monday, including a "4 on 4" volley ball tournament, float building, Powder Puff, and dress-up days. The 4-on-4 volleyball tournament was held on Tuesday night in the gym. This consisted of a coed team and double elimination with a limit of five players. The final outcome was won by the "Oswalds," who consisted of Courtney Montavalo, Chad Cook, Dan Bunch, Mike Konz, and Nick Sackett.

Wednesday night the annual Girls Powder Puff Football Games were held at Indian Stadium. Girls from all grade levels competed. The senior and freshmen girls fought till the end, but when the dust cleared the freshmen were victorious. After a very exciting game followed by an overtime, the game ended with the sophomores defeating the juniors. The final game between the freshmen and sophomores was played hard and when the night was over the sophomores found themselves on top. The week remained exciting with all the classes competing for points during dress-up days. Monday was pajama day; Tuesday, college day; Wednesday, twin day; Thursday, Flash back day: and Friday was class colors.

The week concluded with the parade, Varsity Football game, presentation of the floats, and a semiformal dance, all on Friday. All of these events contributed to ending the 1998 Homecoming week with an explosion of enthusiasm and school spirit!

Juniors Eric Harris, Jordan Haines, and Joel Whelan enjoy themselves while supporting their Powder Puff team, which placed third in the competition.

The Varsity Football float moved through the parade with a group of enthusiastic guys, looking tough for the crowd.

The senior girls get a pre-game pep talk from the two coaches Nate Sears and Derek Atkinson.

The senior class participates in the pep rally, showing plenty of excitement and enthusiasm for their class's success.

Sophomores Trevor Balyeat and Natalie Beil help wrap up Corey Steele and Alex Nelson in toilet paper to gain points for their class.

Junior, Nate Emerson, gets his class pumped up during the tug-of -war.

The senior's prize winning float made its way down the street as the spirited class followed.

Senior, Lamar Rufner, gains points for the seniors as he successfully completes the limbo.

"My favorite part of spirit week was Powder Puff football! Being a cheerleader was an emotional role that I was proud to be a part of."

- Nate Emerson

The victorious sophomores proudly present their winning trophy to the crowd.

Homecoming Royalty

Style with a Bang!

The beating of the band's drums and the distant cry of cheers was all the awaiting 1998 Homecoming Court could hear. As butterflies filled their stomachs the court entered into their convertibles. First, the band played. Then, the floats continued around the track and finally, the court followed onto the vacant football field. The seniors were especially nervous about finding out the new king and queen.

After all the girls were escorted out of the cars by their fathers, the returning king and queen showed up. Joel Schick and Catherine Menyhart held the secret the crowd so patiently waited for: 1998 king and queen. Pacing back and forth the seniors were chosen...Lamar Rufner and Casey Hiser. They were elected the new 1998 Homecoming King and Queen.

The other members of the Homecoming Court were as follows, Seniors: Nate Sears, Derek Cunningham, Patiently the Homecoming Court watches the pep rally. Soon Brandon Bledsoe, Andi Pieh, Kim Drogowski, and they will all participate in the annual parade. Meggan Wanke; Juniors: Eric Harris and Kristi Miller; Sophomores: John Stevenson and Rachel Glidden; Freshmen: Peter Cunningham and Becky Church. Congratulations to everyone who was honored!

"I had a lot of fun and it is something I will always remember."

Fiddler on the Roof A Bang of a Play!

This year the Tecumseh Youth Theatre put on the classic, Fiddler on the Roof. It was under the direction of Mrs. Donna Andre, Mr. Jimmie Rice, the musical director, and Mr. Ron Frenzen designed the wonderful sets and props. They had a great cast that really came together and worked hard to put on a wonderful play. Many hours of practicing went into the play. It was the first year in many years that the cast had been all Tecumseh students. If you had the opportunity to see it, you saw all the time and effort which was put into making this wonderful play.

After another great performance, the cast is joined on stage by director Donna Andre. They all put a lot of time perparing for this spectacular play.

Barnum

Bursting Stars

For another year TYT produced a great show. This year's show portrayed P.T. Barnum's life. P.T. Barnum, played by Chip Mezo, lived his life in black and white and then in color. Barnum earned his living by presenting unusual people and animals to crowds. A few examples of these include the oldest woman alive, Joyce Heth (Jess Gibson), old Amos Scudder (Jon Tobar), Jumbo the world's largest elephant, and Tom Thumb the world's smallest man (Brian Hissong). These people, his wife Chairy (Emilie Newsome), Ringmaster Bailey, along with many others, provided color and imagination to the major parts of his life.

After several years and many productions Lindsy Hunt and Mrs. Andre share a hug and remember past endeavors. Over the past year they have grown close to each other.

The cast of Barnum is caught clowning around backstage. The group spent many hours after school working toward a sucssesfull final product.

Members of the Barnum cast pose for a quick photo, and share a couple of laughs. The play had "tons of amazing actors and actresses" says actor Jon Tobar.

"It was an exciting show full of energy, dedication, happiness, sadness, and tons of amazing actors and actresses who were the ones who really brought the show to life."

-Jon Tobar

After a long rehearsal Lindsy Hunt and Ryan Buehler sit down and take it easy. The play took many hours of rehearsal.

TICWSS Spirit Week

Explosion of Spirit

The annual TICWSS week was held this year from February 15-19. Student Council organized the Winter Homecoming's festivities. Included in this year's activities were dress-up days, the 3-on-3 basketball tournament, decoration of the walls, and the pep rally on Friday, as well as crowning of king and queen during halftime of the game against Milan.

The dress-up days of the fun-filled week were Pajama Day, Big Hair Day, Opposite Sex Day, Beach Day, and the usual Toga Day on TICWSS Friday.

On Tuesday the basketball tournament was held which included 18 teams. The final tournament game came down to the Staff Team of Mr. Pike, Mr. Mossburg, Mr. Laney, and Mr. Bullinger against the Gravediggaz Team of Chad Cook, Chad Easton, Mike Feldkamp, and Ed Hunerburg. After double overtime the Gravediggaz pulled through and won the tournament.

Throughout the whole week the walls in the gym were decorated and the theme this year was magazines. Freshmen used the magazine "Highlights" which came in 3rd place, Sophomores used "Discover" which came in 2nd Place, Juniors used "Time" which came in 4th place, and the reigning Seniors used "National Enquirer" which came in 1st place. Also, during the week, THS started a new

tradition called the "Mr. Pretty Legs Contest." Students were able to vote on their favorite senior guy's legs. Money was used to place a vote and the senior guy with the most money won. Steve Brindamour came in first place and Peter Saling was the runnerup. Hopefully, THS will continue the tradition for years to come.

On Friday the pep rally organized by the Cheerleaders took place. The court was introduced at this time and games included were Tug-O-War, singing contest, dress-up the team captains and more. Everyone had a great time!

That night the big game against Milan took place. Tecumseh stepped up and beat the Big Reds with a final score of 58-47. During halftime the crowning of the new royalty, Ryan Hoover and Carrie Clute took place. The dance that night concluded the week's festivities.

The senior class patiently waits for the pep rally to begin. They chose the magazine "National Enquirer" in the wall competition. Seniors came in first place in the all-around scoring.

The annual Basketball Tournament took place once again this year. The tournament winners were Ed Hunerburg, Mike Feldkamp, Chad Easton, and Chad Cook.

A new tradition at THS took place this year called the "Mr. Pretty Legs Contest." During the pep rally Steve Brindamour was crowned the 1st Mr. Pretty Legs at Tecumseh High School.

The magazine "Highlights" was used by the Freshman to decorate their wall. They came in 3rd place in the wall competition. Overall the Freshmen did a great job during their first TICWSS experience!

Once again the seniors dominated in the Tug-O-War. The muscular males and fabulous females dragged their opponents from one end of the gym to the other.

Trapp, Phil Andre, and Josh Ely all looked beautiful.

The Juniors patiently wait for the next game to begin. The games were organized by the Cheerleaders.

"We had a lot of fun going out to lunch dressed as males. We received many strange looks."

-Jessica Slick

One of the dress-up days during TICWSS included Beach Day. Abby Frenzen and Mark Ferguson show their class spirit.

TICWSS ROYALTY The Winter Blast

TICWSS fell on Friday the 19th this year and exploded with excitement. The Freshman class was represented by Laura Harris and Shane Wilson; the Sophomores by Kevin Radant and Breanna Shea; the Juniors by Kristi Brown and John Gialanella. The senior candidates for TICWSS Queen and King were Carrie Clute, Laura Chambers, Beth Webb, Liz Hall, Missy Arter, Kevin Phillips, Jeff Trapp, Dan Bunch, Ryan Hoover, and Adam Betz. Last year's King and Queen, Joe Danley and Kate Feight, returned to pass on their crowns. Joe quickly walked directly up to Ryan Hoover and placed the crown on his head. Kate slowly walked by each girl and finally placed the crown on Carrie Clute's head. It was an exciting event for all who attended.

Dances

Casual and Fun

Many of all the post game dances had a number of students ready to enjoy the remainder of a night after a school event, with their friends. Everyone was relaxed, listening to music and showing off his or her moves.

It really is a fun time! Everybody should dance a dance at least one time, or another.

If you think you may get a bit sluggish, you can always depend on the concession stand to be there for a quick snack or soda. All this in THS's own cafeteria! Who'd of thought?

Strike a pose! Meggan Wankee, and Tiana Meyer tear it up on the dance floor.

Concession for one and all. Their duty was selling refreshments to everyone that needed a pick me up.

There's a good song on. Time to dance!

Give a seat, take a seat. Taking time out to relax.

Here's a group of girls, ready to groove. They just wanna have fun!

Nate just tore it up in front of his girls. C'mon, just shake it!

Now remember, closeness counts. It shows just what a slow dance is for.

TOWN AND STREET

Our football captains, Lamar Rufner and Anthony Kotlarczyk, stand with one of their many team members, Bob Irish, to enthusiastically show their school spirit at one of our many pep rallies.

Pep Rallies Go Indians!

Every so often students and teachers gather to give their support to our athletes. One way we do this is by gathering in the gym and playing games class vs. class, testing your voice when all the classes scream, getting rope burn during the tug-of war, or just playing basketball. All students have their own opinion on pep rallies. Travis Wells said "I like them because they get us out of class". "I love being able to plan the pep rallies," says Varsity cheerleader Julia Nelson. "It's great to see how involved the student body gets". Pep rallies let you show your school spirit.

The football team tries to get in shape for one of our many pep rally events. Let's move it ladies!

The center of "school spirit" this football season was definitely Nate Sears. He really pumped people up at both games and pep rallies.

Jarred Castorena pays attention to the rules of the game, so that he is not disqualified.

Mr. Schmidt shows off his golfing skills.....Who thinks he's going to miss this target?

"Having the flag bestowed upon me was the crowning jewel of my High School years. Leading the basketball team out to the screaming Jungle whether at a pep rally or a game is an indescribable feeling. I can only hope that the tradition of the Jungle and the flag continues on in Tecumseh's history for many years to come!"

-Nate Sears

The Holiday Dance

The Enchanted Wonderland Holiday Ball:

By: Kyle Smith

As student couples walked into the THS lobby their path was lit by trees sparkling with lights all the way to the cafeteria. This was the way everyone entered the Echanted Winter Wonderland Holiday Ball. The cafeteria seemed to turn into an elegant ball room.

The Dance began at 9:00 pm, but no one wanted to be first, so most couples showed up fashionably late after we went through the ritual of pictures and dinner.

Once everyone arrived and saw their friends looking their beautiful best, people started to loosen up and dance. The dance floor started booming with personality especially from those seniors who made their last Holiday dance memorable. Then again everyone made the night memorable even if it wasn't their last one.

Senior girls Beth Webb, Liz Hall, and Laura Chambers stop to admire the superb decorating job that lasted throughout the dance.

Dear Sparky,

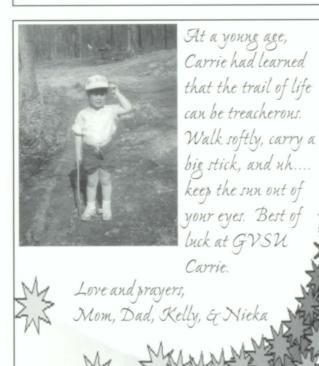

Through thick and thin,
many scars on the chin,
tantrums at the sumpkin patch,
and many an exciting wrestling match,
you've grown into a strong young man
with values and character,
you're following God's plan.

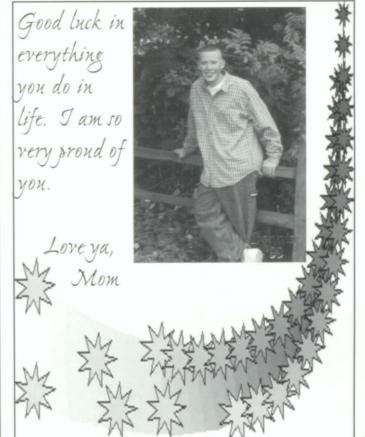

Congratulations Mark Milioni! We're so proud of you!!

To a Butterfly By William Wordsworth

I've watched you now a full half hour, Self poised upon that yellow flower, And, little butterfly, indeed, I know not if you sleep or feed. How motionless; and then What joy awaits you, when the breeze Hath found you out among the trees, And calls you forth again! This plot of orchard ground is ours;
My trees they are, my sister's flowers;
Here rest your wings when they are weary;
Here lodge as in a sanctuary.
Come often to us, fear no wrong;
Sit near us on the boughWe'll talk of sunshine and of song,
And summer days when we were young;
Sweet childish days, that were as long
As twenty days are now.

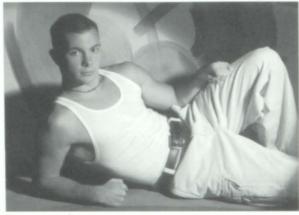

Raquel Ashlie Martolock 12-23-80

The day you were born was one of the happiest days of our lives. You have been a wonderful daughter. You have always been a sweet, caring, loving, and sensible girl. You have given us nothing but happiness and wonderful memories. It has been an honor to have you as our daughter.

CONGRATULATIONS Love, Mom (Sherry), Dad (Randy), and Brother (TJ.)

Vincent,

Congratulations!
We are very proud of the man you have become and everything you have achieved. Good Luck at S.V.S.U. May all your dreams come true.
Lots of love,

Mark Adam Koropcsak 1981-1999

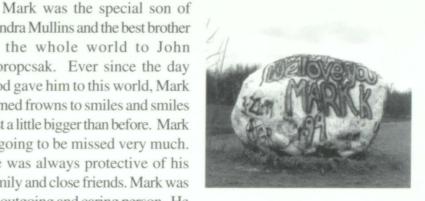

Sandra Mullins and the best brother in the whole world to John Koropcsak. Ever since the day God gave him to this world, Mark turned frowns to smiles and smiles just a little bigger than before. Mark is going to be missed very much. He was always protective of his family and close friends. Mark was an outgoing and caring person. He was an excellent athlete and excelled in his diving capabilities. He would set a goal and go for it. When Mark had his mind set he could achieve anything because of his ambition and dedication. He achieved the status of being named 1998 Class B-C-D State Champion in diving, along with winning SEC and placing first in many other events leading up to the state championship. Mark was always gifted with his athletic ability and had plenty of fun amusing his friends on his trampoline. We are going to miss his gentle and caring personality. Mark gave loyalty and his heart to the people he was close to. Mark is also going to be missed for his connection he had with animals and the bond he created with them. Mark could

We love you Mark.

always put a smile on your face and we are all very sad that the lord decided to take him away from us.

Girls Concert Choir

An Explosion of Voices

Chorus is only for females and is a place to display and build on your musical abilities and talents. With the help and direction of Mrs. Andre, the sixty girls in choir work hard and practice often to perform in Festival. Festival was held in February and is where the girls were required to sing unpracticed music, and were judged on the quality of their performance. This year the girls worked hard and received high ratings for their strong performance. The girls choir also performed "Putting it Together" with company, and their annual Holiday Concert with company called "An Evening for Song," which was held in December. This years choir had to work extremely hard to get where they are because of the number of new members this year. They have pulled together with the help of Mrs. Andre and become a successful girls concert choir, and this they are very proud of.

The Girls's Choir group poses, looking their best for a picture before their formal holiday concert.

"With the lack of seniors this year, and abundance of new members, we had to work extremely hard, and have come together as a group, and we are proud of how far we have come." -Lindsey Hunt

Company

Singing Their Hearts Out-"Together"

Ever wonder what it would be like to get a group of outgoing fun people together, and to go around singing your hearts out? Well, that's just what the Company is all about. They have performed in numerous shows in the area. The Company started off taking place before school twice a week, now the Company can sleep in the extra hour and participate during a credit hour class. Varsity Basketball games are where the Company was most famous for being spotted. They honored Tecumseh, and our opponents with the singing of the traditional "Star Spangled Banner". It sure was a joy to know that THS is filled of wonderful voices. Mrs. Andre sure showed off her teaching abilities by bringing out the very best in "The Company"!

1st row: J. Tobar, M. Grammes, H. Mayes, V. Malenowski, J. Everston, R. Buehler, L. Hunt, 2nd row: M. Rice, B. Compton, A. Nelson, N. Wolfe, M. Adair, K. Neill, S. Emery, R. Brueckner, K. Demlow, C. Journalism

"A Great Class"

Journalism is a class that provides students with great experience. It's a class which lets your creative side come alive. There is a basic structure to work with, but each individual page brings out the personality of its writer. Students who take the class usually come back year after year, and a family is formed. This was my third year in Journalism, and many of my memories of High School have happened in this class. A great experience, a fun time, and an excellent course.

Our computer genius Chris Mohr looks mind boggled. Our computers could do that to a person.

Troy Hinkleman looks for something to take his frustration out on. The class got a little intense every time we had a computer problem.

The whole newspaper family poses for a picture. Starting from the top left corner: Mike Jones, Peter Cunningham, Melanie Beil, Nicole Ruiz, Amy Zasacky, Laura Peach, Jessica Vavrinek, Madelon Pas. Bottom left: Kenny Harris, Dennis Parker, John Rathke, Forrest Marble, Chris Mohr, Emily Ellis, Nikki Brys, Amy Harmon. Carrie Parros, Anissa Anderson

Kenny Harris does some intense research for a sports article. Kenny worked hard all year long. He was the most faithful with verification forms.

Nicole and Dennis collaborate on a page. They both did excellent work for the paper this year.

"I think newspaper is cool because I can excel at my highest qualities while in this class, and can interact with the seniors who are so highly praised," said freshman Chris Mohr.

Editor Jessica Vavrinek concentrates on the job at hand.

Wow!! It's a digital camera!! Nicole Ruiz and Melanie Beil watch as computer tech Forrest Editor Jessica Vavrinek concentrates on the Marble fiddles with his contraptions.

Acting out a prize fight for a 1940's Radio broadcast presentation, Troy demonstrates a prize move.

Dennis Parker and Nate Sears enact the after fight interviews from the same broadcast.

Mrs. Marble addresses the class as she did every single day. This would get the class up to date and get them started for the day.

Freshmen Peter Cunningham and Chris Moore work diligently on their pages. They learned a lot considering they were only freshmen.

Yearbook

Ending with a Bang!

"Watch out for short fuses!" This is the sign that should be on the yearbook room door near the end of the year when deadlines are due. While yearbook is a wonderful experience; full of hard work, dedication, and accomplishments, it can be very stressful at times. The yearbook is the result of many students striving and laboring together to record the memories and events of the year.

The yearbook takes a great deal of time and effort to organize and plan, as this years staff learned first hand. The staff had to start almost from scratch learning to do layouts, working with new computers and programs like Photoshop and PageMaker. The yearbook staff did a wonderful job of working together in the face of so much aversity.

Eating on the go is not doctor recommended but tell that to the publications staff. Greg Koch, Courtney Griffith, and Monica Stratton lead the group back from lunch during the MIPA workshop.

Working on another page? Chad Anderson was an excellent asset to the class and helped put the finishing touches on many pages.

In a quiet moment Kevin Radant ponders the answer to one of the several questions posed to him by Mrs. Marble. Kevin is our cool and calm head editor.

To insure that all the finances match up Mrs. Marble and Melanie Sinden go over the files together.

Front Row: Left to Right: K. Radant, T. Rawlins. 2nd row: N. Wood, M. Sinden, I. Ferow, M. Rendel, E. Garcia, J. Nelson, C. Griffith, M. Stratton. Back Group: K. Smith, T. Tiede, E. Vanbenschoten, H. Baran, J. Lloyd, C. Renner, N. Sears, A. Roof, C. Cline, M. Schawitsch, C. Anderson, L. Chambers, E. Hall, D. Lash, B. Webb, D. Parker, G. Koch.

Stopping for a picture Nikki Wood pauses on her way in the door for a quick snap shot. Nikki was our Clubs editor.

106 Trisha Rawlins

Giving the camera a debonair smile Colby Renner gives the impression that he knows what he is doing. Colby, our tech, really knows what he is doing (most of the time)!

It's hard enough reading with someone watching over your shoulder but with two it's even more fun. Head Editor, Kevin Radant, works on the computer while Mike Rendel and Colby Renner look on.

"Ask me anything you want about layout, but, I don't do computers!"

- Trisha Rawlins

Just a typical day in room 117. What more can you say? The yearbook staff shows their inherent enthusiasm.

While arranging photos for scanning E. Vanbenschoten is caught by the camra. Elijah is a computer tech and an expert at Photoshop.

Catching up on some ZZZ...Amanda Roof and Heather Baran take a nap on the bus during the publications MIPA workshop trip.

Advanced Placement Classes

One Step Further

Are you ready for college? Well, let us find out. Those in the AP classes are. With Advanced Placement classes you can receive college credits. "AP classes are good prep classes for college" said Bob Ahearn. This year we have 8 AP classes because we were able to add Chemistry. The classes are: Art, Biology, Calculus, Chemistry, English, French, Government, and Statistics all are taught by very awesome teachers: Mrs. Bowman, Mr. Cunningham, Mrs. Dauphin, Mrs. Ellis, Mrs. Keffer, Mrs. Madgwick, Mr. Novak, and Mrs. Wilson. The AP classes have been responsible for drawing many more students to T.H.S.

Right: Tiana Meyers is helping out a good friend Laura Peach in their AP art class. They are consulting each other on what to do next.

These students in Mrs. Ellis's AP Biology are paying a lot of attention about what she has to say. As you can see these kids are hard at work taking notes. Yet the class is not all work there are fun moments too.

We caught you Jessica Beach! You forgot to put your name on your art project. She is one of the many students in AP art.

Ryan Hoover is hard at work today in his AP art class. Can you guess what art project he is doing?

Are you good at art? Erin Carlin works on her painting project in her AP art class.

Foreign Exchange

Discovering a New Country

Our foreign exchange program was very interesting. We had students from all over the world. If you didn't have a chance to get to know them while they were here, there were some really interesting things about them and their cultures. We have students from Sweden, Netherlands, Germany, Bosnia, and Mexico who were given the opportunity to be at our high school for an exceptional learning experience. All of them really enjoyed their stay, and learned a great deal about the United States.

Camera time, Marianna Tonda smiles for a picture. She is here from Mexico.

Best buddies, Laurine Verweyen, and Anne Haller stand as they listen intently to another friend.

Three foreign exchange students pose for a picture at their lunch hour.

Wondering which way to go, Laurine Verweyen, steps off the bus towards what awaits her at T.H.S.

Walking proudly with her senior class, Inga Huckavich poses happily during the homecoming parade.

Walking in the halls of Tecumseh is Anne Haller, from Germany. Anne is showing off her class spirit during TICWISS week.

Cross-Age Tutoring

Helping The Younger Generation

Cross-Age tutoring is a very rewarding experience for high school students who may wish to pursue a career in education or just experiment with helping younger students with their studies. From a teacher's point of view, a cross-age tutor is a very valued and helpful asset. When overwhelmed with work, the teacher can take a break or complete unfinished projects while the tutor mingles with and assists the kids with their assignments. Knowing you have made a difference by helping a child to learn gives many cross-age tutors a sincere sense of achievement and pride.

It's locker clean out time! Brad Busswell helps one of his students clean out his locker and look for that missing book.

Students sign in for attendance before they begin there day at their individual class.

"Cross-age is a great experience. I have fun working with all the little kids. It really gives me a chance to see what teaching is all about. I'm glad I got involved with it, and can't wait for next year!"

-Julia Nelson

A few last word are exchanged between senior Jeff Trapp, and Mrs. Sunderland. Cross-age students check in every day with her in the foyer. It's a good time to get information and from Mrs. Sutherland the Cross-Age teacher.

It's group reading time. Courtney Montavlo sits with her class in the hall while reading a very interesting book.

"Cross-Age is a good experience with kids, if you are looking into a career in teaching."

Brad Buswell

"Cross-Age is a very educational, learning experience. I really enjoy working with kids."

Bill Marks

"If you want to work with kids in the future, it's a great thing to do, you'll learn a lot and have fun too."

Vo-tech Going for a job!!!

In the 1998-1999 school year Vo-tech had 155 Tecumseh students attend. "Vo-tech is an excellent learning experience. It has many opportunities that are not offered at T.H.S.", said Josh Lloyd. The different occupational areas available are Agriculture, Business/Office, Marketing, Health, Home Economics, and Industrial Trades. A few of the different classes you can take in those areas are Ornamental Horticulture, which deals with landscaping and floriculture allows you to work in a greenhouse; Marketing Education deals with sales, the school store and inventory; Building Trades involves learning the basics of carpentry, plumbing, masonry and home wiring; In Welding students learn welding and metal fabrication. Auto Body has students learn how to repair cars, replace damaged parts, smooth repair surfaces, and priming and painting a car. If you want to go into an occupation where you work with children, Childcare is great for you. You will work with children in a real day-care atmosphere where parents bring their children to Vo-tech to work with you. You may also go to a job site your second year at Vo-tech and make money. What an explosive idea, getting out of high school, going to a hands-on experience, and making money and getting college credits all at the same time!

Who is this junior sitting on top of this half built house? It's Mike Valdes working on a house he and his classmate have been working on all year. Later on they will install electricity throughout the house. Below we have Chris Ganun cutting the wood to make the house. This class looks like great fun if you want to build.

It's not Halloween so you can take off your costume. Oh wait, it's Mark Kish in his outfit for welding class.

M Sin

Hello food! Here comes the Snack Cart sponsored by the school store. The Snack Cart comes around Vo-tech selling pop, cookies and other food for you to buy. Here you see Nick Marsh selling candy to a hungry customer.

What perhaps is this Vo-tech student doing? Why it's Craig Scott preparing the truck before he paints it. He is putting a piece of paper over the parts he does not want to paint. Every vehicle must go through this before it gets painted.

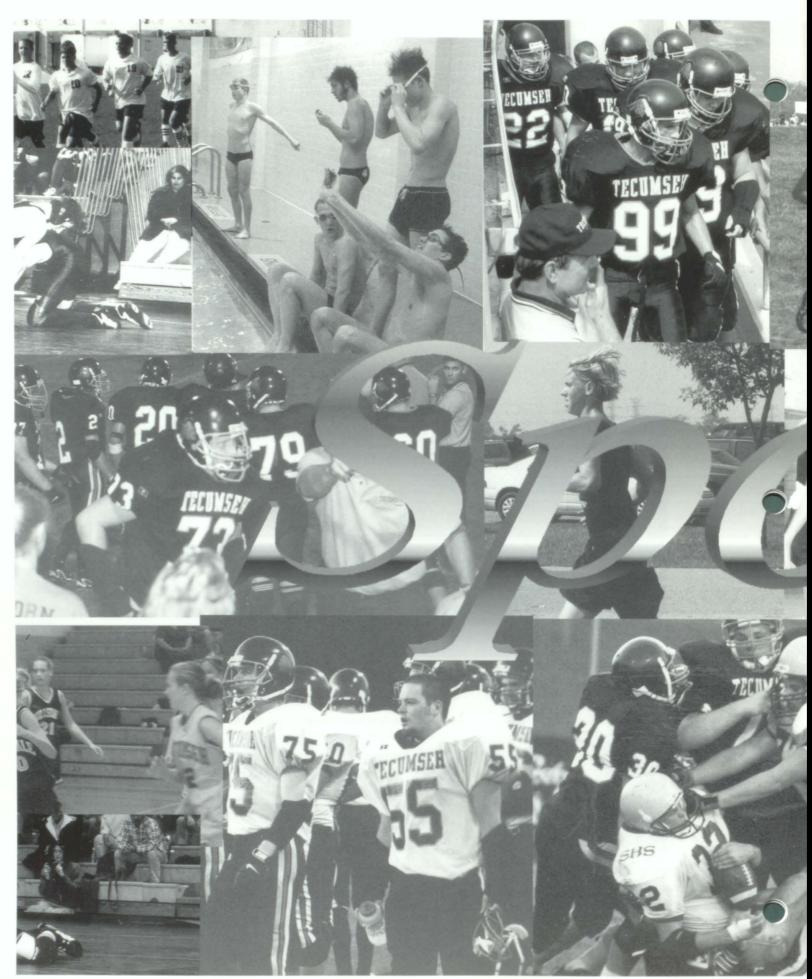

Plants need water to survive. Here is our good man Steve Domanowski keeping the plants alive in the green house.

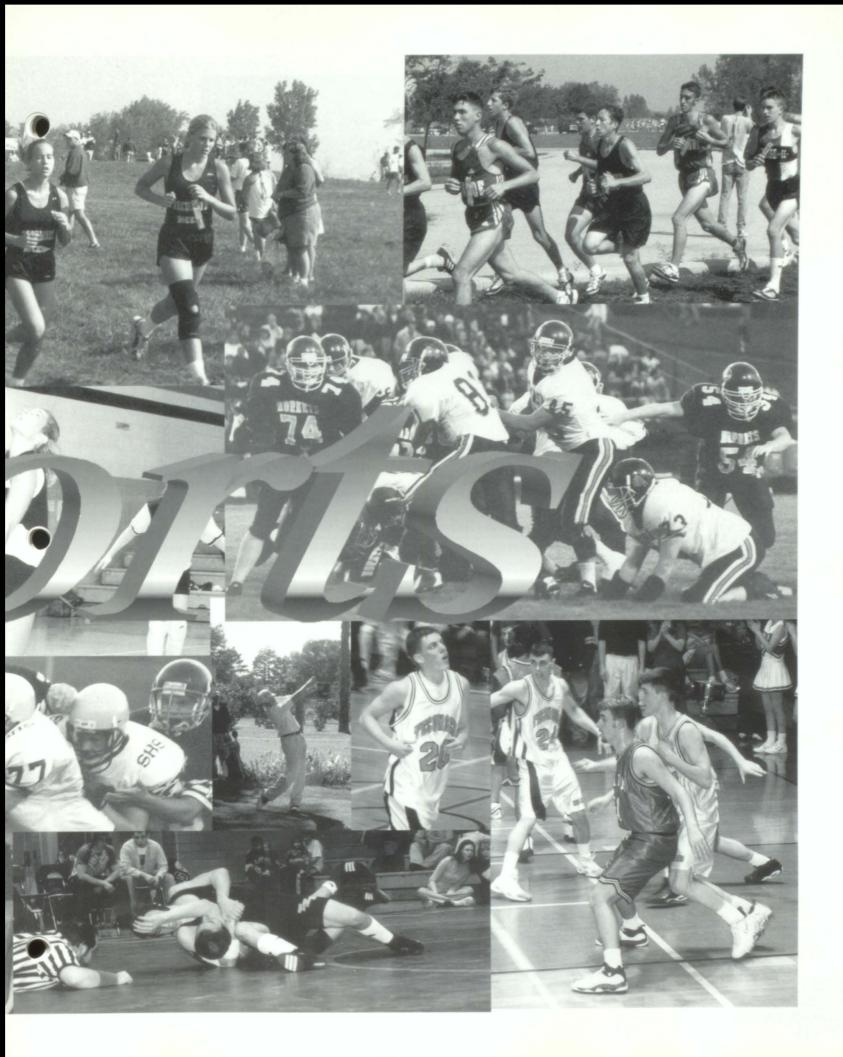

"I think Vo-tech is a great opportunity for kids who want to get a good job when they get out of high school."

Varsity Football

Restoring the Indians Pride

The 1998 Tecumseh Varsity football team has gotten the ball rolling for the future of this program. A 1-5 start turned into a 4-5 finish along with the first 3 game winning streak in 4 years. During the 3 game streak, the powerful Indian offense scored a combined total of 146 points.

The last three games showed the Indians true dominance. The SEC is one of the most competitive conferences in the state. In the last game against Onsted, the Indians proved that the SEC is a force to be reckoned with in a 50-26 victory.

Players representing Tecumseh on the All SEC team were: Adam Ondrovich 1st team, Lamar Rufner 2nd team, Danny Baker 2nd team, Tony Kotlarczyk 2nd team, Eric Harris 2nd team, Jeff Trapp honorable mention, Nate Sears honorable mention, and David Gurtzweiler honorable mention. These select players lead Tecumseh to their best season in 3 years. "I am proud of how this team kept coming back each week. They continued to believe in themselves and in what we were doing," said Ray Schmidt.

Brooks Ingle sits on the bench gasping for breath after giving 100% on the field.

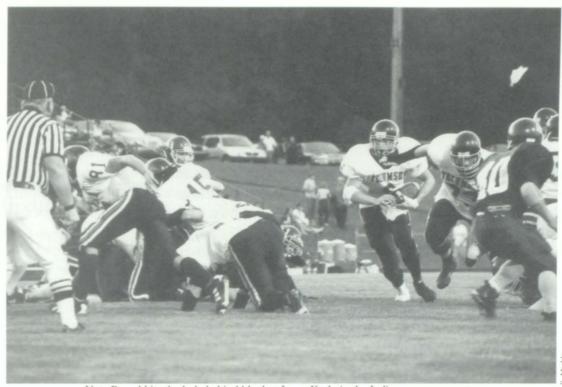

First team all SEC kicker for the third consecutive year, Phil Andre boots a punt.

The 1998 varsity football team starting in the bottom row left to right: Nate Sears, Eric Walker, Brooks Ingle, Brian DeJonghe, Nate Pound, Brandon Bledsoe. 2nd row: Rae Lyn Schmidt, Matt Roslin, Eric Maloy, Aaron Lindstrom, David Gurtzweiler, Ryan Anderson, Roby Torres, Greg Kock, Jordan Haynes, Coach Baker. 3rd row: Coach Clotz, Coach Ray Schmidt, Joel Whelan, Kenny Harris, Phil Andre, Tony Kotlarczyk, Joel Church, Danny Baker, Aaron Schneider, Matt Sisty, Coach Ondrovich, 4th row: Jason Karle, Lamar Rufner, D.J. Pinoniemi, Adam Ondrovich, Shane Brion, Jeff Trapp, Eric Harris, Bob Irish.

JV Football

Going The Distance

The JV team had a very spectacular season. Their whole team played hard and used good judgement. In the back field was Anthony Ely as quarterback, Josh Silberhorn and Major Mobley as tailbacks, who were led by Adam Cox. This backfield picked up a ton of combined yardage. They didn't do it all by themselves though, their lineman should be given the most credit. The linemen have the hardest job out there. They are all tough guys and if they stay in the weightroom in the off season they could easily start next year. Some of their backs have a good chance to start also. The JV Team conditions extremely hard at practice and will be in top physical condition. Coach Terryberry and Coach Parros are the toughest coaches that the JV's will ever see. This gives them a head start on all the other teams. They all gave their best in practice and on the game field.

Frosh Football

Going to the next level

The freshman had a great turnout this year. The freshman hung together as a team and pulled out a great season. The freshman have found out what high school football is all about. They will get better and go up against better competition. By the time they are seniors they will be a threat to opposing schools. They have to stay active and in the weight room because talent isn't everything. They need to get stronger, quicker and bigger if they want to be a competitor. The whole team has to stay together during the off season and push each other to work harder. Team work can make or break a good team. Coach Oxley and Coach Harsh did an excellent job with these guys.

Girls Varsity Basketball Young Team Works Hard

The Tecumseh Indians Girls Basketball team played their hearts out this year. A rough season took it's toll, but the girls never gave up, even with only Amanda Moore and Tiffany Edger representing the class of '99. The team was in desperate search for leadership. Freshman Jennie Brown was brought up to add another scoring threat. Marissa Pound, Jenna McWilliams, and Michelle Lake stepped up to a starting role to help lead the team. Marianne Musselman gave the team some size and dominance in the pain. Junior Captain Rachel Brueckner summed up the season by saying, "No matter what our record showed, I feel that we had a very successful season. I look forward to next year!" As you can see, this young team is stacked with talented Juniors, and it is certain that the experience of this season will surely pay off next year.

Unfortunately, the Indians fell short at Districts in a heartbreaking loss to Columbia Central. Although this year's record did not reflect the Indians outstanding work ethic, it foretells an excellent season next year.

As a pre-game ritual, the team gathers together to jump each other up. This is a tradition that the Indians hope will last through the years.

Five crucial players to the Indians season catch a breath on the bench.

"Our seniors, Amanda Moore and Tiffany Edgar, led through their example of hard work and focus of a young and inexperienced team that made steady progress during the season."

JV Girls Basketball

This year's Girls JV Basketball team was lacking in experience with no returning JV players from last season. The coach had to construct a whole new team. They weren't used to each other and they had to strive to become a team.

The five sophomores and seven freshman learned to work well together. Their record of 10-10 showed that they were able to overcome that lack of experience. They improved as the season went on, and always learned from their mistakes. They were a young team, but they never let that factor get in the way of victory. One of the seven freshman, Lindsey Faiman said, "With such a young team, I think we played hard and worked hard as a team."

The rest of the Junior Varsity basketball team cheers their teammates to victory. The bench was a very important part of the team's success.

Girls Freshmen Basketball Explosion Of Young Talent

The Freshmen Girls Basketball team worked together as a team and seemed to improve throughout the year. This team showed talent and their experiences from this year should reflect in their performance for next year. They faced tough competition this year but never seemed to give up. Varsity Soccer Feel.....The....Bang!!!!

With a sparkling 19-2-1 record, the Indians had a very successful season. It is always said that the best teams have the best leaders, and this year's team was no exception to the rule. The captains, Phil Andre and Vincent Cox, stood tall as the leaders of this Indian squad.

The Varsity squad suffered only one loss during the regular season. That was a loss to Pinckney, which was later avenged on the Pirate's home field. The year culminated with an SEC title winning season.

Once the team entered the district round, they peered at their opponents and spotted two familiar faces, Adrian and Saline. During the districts, held at Orbital, the new home of the Indians, they faced a tough Adrian team, but still advanced to the finals with a win. In the final round, Saline took what looked to be a very commanding lead of 2-0 with about eight minutes left in the second half. Tecumseh

somehow managed to tie the score 2-2 at the end of regulation, forcing overtime. In the overtime, the Indians prevailed on a penalty kick by star Sophomore, Javier Arana. Then the Indians were off to regionals, which were held at South Gate. The opponent staring the Indians in the eye would be Hartland. After a tough 90 minutes of play the clock ran out with the Indians on the losing end, 2-0. A long and successful season had come to an end.

Team success is often accompanied by individual success, and this team was a prime example of that philosophy. Phil Andre, a star forward on this year's team, ended the regular season with 30 goals. This record broke the old record of 28, set by Ricky Smith.

Before an important game, Senior Derek Cunningham and Sophomore Jared Castorena limber up. As a Sophomore, Jared was an important member of the Varsity team.

Boys Junior Varsity Soccer

"In the House"

The Junior Varsity Soccer team had a very successful season, and should help continue the dominance that the Varsity team has experienced over the past two seasons. The first game of the season set the tone for the rest of the year. In that first game, the Indians crushed Adrian 8-0.

Jared Castorena, Javier Arana, and the unpenetrateable man in goal, Nick Sodt dominated the competition, before being moved up to the Varsity team near the end of the season. These three should lay down the foundation for the next two years, and the future of Tecumseh soccer.

Other key players who made up this year's roster are Corey Steele, Ray Harmon, A.J. Stevenson, Matt Amaya, Marcus Lyons, Pete Cunningham, and Tom Cunningham, along with many others. With all of this talent waiting in the wings, the Indian soccer program is in good hands.

Nick Sodt takes a break from the action and rests on the goal post. Nick should be next in line to take over the goalkeeping responsibilities for the Indians.

Boys Golf

Going All The Way

This year our golf team was hoping to finish number one in the state. With five returning under par golfers they knew they were going to have much success. When they started off with a first place victory they were pumped up for the year.

Our golfers knew that if they wanted to accomplish the feat of a state championship they would have to work hard. They ended up coming home with a third in the state, division II, at Lansing.

The JV has also had some success this year. Most of them have lowered their averages from last year. We have had many stars show themselves to be serious about golf this year; some of them even broke forty. They finished with a winning record also.

This year both teams have exceeded average expectations. Next year they should have another great golf team to follow this year's fabulous team.

On the practice green Ryan Spohr eyes the ball hoping that it will fall. Then he can get to the tee with some confidence, so he can have a great start to the match.

Running the distance

The boys Cross Country team did a fantastic job this season with many wins and trophies. With the addition of several new kids this year our team was very successful. The varsity runners for T-Town are Steve Brindamore, Brad Compton, Mike Grammes, Carlos Cline, Jeff Reggleman. There were many school records and personal records broken this year because of this team's hard work. At the end of the season the varsity team ran for fourth place at the regional meet. Mike Grammes then went on to the State meet.

Girl's Swimming and Diving

Girls Work Hard and Have Fun!

The girls' Swimming and Diving team worked hard and had fun this year. At the beginning of the year they were neck to neck with their various opponents, with extremely close scores. Toward the end of the season Tecumseh girls even started beating the teams who had defeated them at the beginning of the year. One of the year's highlights was when the girls won back the title of SMISL champions. The title was lost last year to Lincoln, but this year the championship banner returned to its rightful place on the pool wall. The team also had many girls go to state including Amy Brown, Chrestin Brown, Tiana Myers, Kelly Murphy, Katie Neill, Jeni Elliot, Chasity, Maves, Rachel Novak, and Ashley Tucker. They competed in events ranging from diving to the Medley relay at state. The team celebrated their season with an annual spaghetti dinner at the home of Coach Tim Mammal. Mr. Mammal wrapped up the season with these words, "The Freshmen and Sophomores have really improved and the Seniors have been great. Our team is working together and I am really proud of the girls."

"The divers had a great year with three state meet qualifiers, and they were undefeated in their SEC season. In no meet all year did the divers get outscored in their event."

Varsity Boys Basketball

A Season of Heartbreak and Triumph

After the loss of eight seniors from last year's club, many people didn't know what to expect from this year's Varsity Basketball team. Then, the Indians started off 1-2, and it looked like it might be a long year for Tecumseh.

Then, something happened. The Indians defeated Adrian at home, gained some confidence, and what followed was an eight game winning streak. Included in this streak were wins against Chelsea, Pinckney, and Dexter.

Tecumseh was atop the SEC standings for much of the season. The heart displayed for much of the season was evident in a late season game against Monroe-Jefferson. The Indians trailed by 14 to start the fourth quarter, and they could have given up, but they didn't. The Indians came back and won, 82-79.

The Indians were provided with excellent leadership from their tri-captains: Josh Ely, Phil Andre, and Jeff Trapp. The captains were not necessarily great vocal leaders, but they let their play speak for itself.

The Indians were led in scoring by Josh Ely, great defense was provided by Eric Harris, and Phil Andre all season long. Other key contributors to the Indians' season were Jeff Trapp, Doug Lash, Anthony Ely, Kenny Harris, Adam Ondrovick, and Rob Torres. The Indians finished the season with a successful 13-7 record. The season ended with a heartbreaking loss to Chelsea in the District opener. This team accomplished much more than was expected at the start of the season and showed more heart than any Indian team in recent memory.

Front row: Left to Right: Robbie Torres, Dan Baker, Doug Lash, Josh Ely, Jeff Trapp, Anthony Ely, Joel Church. Back row: Left to Right: Coach Ed Oxley, Joel Whelan, Adam Ondrovick, Eric Harris, Josh Fox, Phil Andre, Collin Coughlin, Ken Harris, Cory Sattler, Asst. Coach Jamie Mossburg.

JV Boys' Basketball Shooting Hoops

This year the boys JV basketball team did well. They seemed to try as hard as they could to get done what needed to be done. They had many close calls, but they pulled through.

The J.V. Coach Mr. McDowell gave them words of wisdom and encouragement in both the good times and the bad. He also helped to bring the team together as a unit, with many of the guys showing true leadership skills.

Though the final stats left them on the underside of a .500 season, the prowess they showed makes the future of Tecumseh basketball look bright. With the leadership back next year, this years JV team will make our varsity team a team to be reckoned with.

Frosh Basketball

Exploding to the hole.

The Frosh basketball team had a decent season. They worked hard together in pursuit of a common goal. Coach Spagnoli did a fine job preparing the freshman basketball team. Matt Amaya said, "All the guys on the team worked hard, we also had a lot of talent, we just needed to put it all together". The record of 8 wins and 12 losses does not reflect their hard work and determination.

In a couple of years with more experience and knowledge of the game this squad could make a run at a championship season. Hard work in the off season along with some added bulk and this team could be unstoppable.

Girls Varsity Volleyball

Digging up bombs

This Girl's Varsity Volleyball team had a rough start but gave all they had to a fun-filled, exciting year. The team had six returning players: Megan Hunter, Jessica Vershum, Monica Stratton, Courtney Montalvo, Meggan Wanke, and Beth Webb. They also had a very balanced team because many talented players came up from JV. This past summer the returning lettermen and Michelle Lake ventured to Eastern Michigan University for a team camp. This helped the team out immensely encouraging the players to work more closely with their teammates and to learn new skills to use on the court.

Throughout the season the girls played in many tournaments, including an overnight stay at Kentwood. The team played many other teams throughout the day and some teams were even ranked in the state. Coach Heather Gibson commented on the season saying, "Our record didn't show how tough our season was. We played really well against teams that were ranked in the state, therefore such competition made us ready for the league games." Team dinners were held before every home game to help pump up everyone's playing enthusiasm.

Co-captain, Jessica Vershum added, "Our team had a tough season but we never gave up our determination and love for the sport." Overall, the record did not show their ability as well as their love for the sport but all players enjoyed the season and are excited about next season.

Girls'JV Volleyball

On the Road to Explode

With veteran coach, Pat Pomy, and some returning JV letter-winners from last year's squad, the girls had a very successful season. Returning for the JV netters were Marissa Pound, Jenna McWilliams, and Danessa Wolfe. The team also had the dominating factor of the three Beils: Natalie, Nicole, and Melanie. Four girls were brought up to make the squad complete: Lindsey Faiman, Meg Krueger, Megan Smith, and Melanie Beil. With one of the deadliest spikes at the Junior Varsity level, Marissa Pound led the Indians to many victories. Sophomores Monica Flores, Tiffany Cook, Natalie Beil, and Rachael Novak also made key contributions to the teams' success.

Girls' Freshman Volleyball

Finishing Season With a Bang!

The Freshman Girls' Volleyball team got off to a rough start. However, armed with a new coach, Jen Daugherty, and their perseverance the girls finished strong. As is the case with most freshman teams a bulk of the outstanding players are moved up to the JV squad. This year that was the case with Lindsey Faiman, Meg Krueger, Megan Smith, and Melanie Beil. Led by outstanding newcomers Kristin Bunch, Becky Church, Heather Moore, and Nicole Rebottaro the Indians became a strong force in their league, and much is expected out of this squad in the years to come.

Varsity Wrestling "Blowing up the mat"

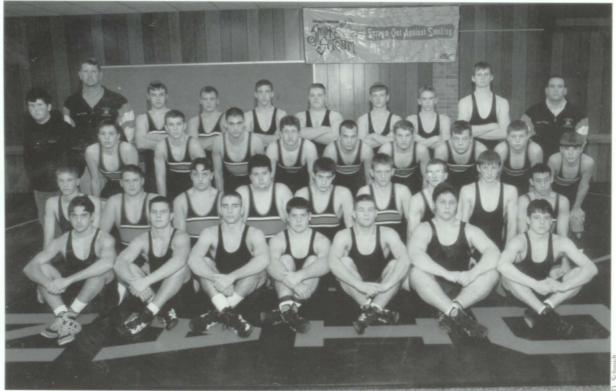

The Varsity Wrestling squad had an excellent season this year. There were several individual goals met, but the team came together and had a steller year as well. Ed Mathis said," The difference between first and second is desire. and our team had plenty of it." This attitude was the driving force behind the Indians success this year

With 16 wins and only 8 losses the team dominated many opponents this season. Brandon Bledsoe had an amazing season with 28 wins and 13 losses finishing off his wonderful career. Eric Maloy won 21 matches while only losing 10. Dan DeClercq finished 2nd in the league, 4th in the district, and was a regional qualifier. Outstanding underclassman Jon Wines was league champion winning 22 matches this season.

I believe wrestling is the roughest sport you can get involved in. It takes a group of real men to be successful in this physical war of a sport. Coach Connors did a fine job of developing this team. A couple of years ago this team was young and inexperienced. This year, with most of them seniors, they came together and had a great year with the help of some very dedicated underclassmen.

Freshman Peter Cunningham gave the varsity squad an explosion of energy this year.

Boys Swimming and Diving Diving in head first.

The boys swimming and diving team had a great season this year. They had nine wins, came in first twice, fifth once, twenty-fourth once and lost only four times. They had great coaches and wonderful captains, Bob Ahearn, Willie Harmon, and Kevin Phillips. Every team member did great and it showed in their scores. Freshman records for the 100 backstroke at 1:04.74, 100 breastsroke at 1:02.44, and 50 breaststroke at 28.12 were all set by Jered Tuberville. Junior records in the 50 freestyle at 23.12, 100 freestyle at 49.86, and 100 freestyle (relay) at 49.99 were all set by Eric Allsouse. The varsity record was in the 400 freestyle relay set by Eric Allshouse, Willie Harmon, Chris Wanke, and Mike Clayton at 3:27.34. All the long, hard, strenuous practices were worth it when the outcome is this good. The swimmers and divers went through their ups and downs this year but they all pulled through and had an excellent season.

Varsity/Junior Varsity Cheerleading

No Pain No Gain- and the cheerleaders had both

The Cheerleaders this year had a very different experience. They entered the season with a bang, and nine new J.V. members and one new Varsity member. They also had the privilege of working with their new coach Ms. Kim Tooman. Ms. Tooman worked the ladies hard every day in practice. She had them run at practice, condition with push-ups, sit-ups, and they even spent some time in the weight room. This year they cheered more then ever. Cheerleading was now a sport at THS. Despite the fact that the cheerleaders cheered without uniforms for almost the entire football season, it went pretty well. The new look for the girls was outfits from the camp they attended, and new warm-ups. The fans didn't seem to mind; they were there to watch the game, and talk to their friends. The cheerleaders were there to keep the crowd into the game and to lead them in crowd cheers such as "Say Freshman". After a few games the crowd began counting and cheering with the girls as they did push-ups for every point the Indians scored in the game. This was a rather large number, too, since the teams had such a great year. Football season soon ended and basketball season was here! The cheerleaders exploded onto the court. It was time to show the Jungle that the cheerleaders had spirit too. Keeping up their spirit wasn't much of a challenge either, since the team was the "bomb". They had a great season with Varsity's great wins over Adrian at home, at Saline, at Dexter, and against Pinckney at home. Who knows, maybe it was all because of the cheerleaders that so many games were won. Next year the cheerleading squads are planning to join competitive cheer. This means a few more changes, twice as much practice.

It was also quite an adjustment for the upperclassmen. Overall, respect and recognition was earned and well deserved for the THS cheerleaders!"

Winners Circle

A Dynamite Way to Educate

Winners Circle is a group of students who commit to being drug and alcohol free throughout the year. It is a helpful club which participates in many events during the school year. It is organized and supervised by Mrs. Tommelien and Mr. Connors. The committed members are required to go through a day of training each year. Because it was such an enjoyable experience last year, they chose to hold the training at the L.I.S.D. Adventure Center once again. During the training they worked on team building through different outdoor challenges. They took fifteen people thirty feet up in the trees to experience the adventure ropes. Winners Circle members sponsored The Great American Smokeout, Dare Role Models, Choices Week, The Aids Quilt, and the fourth annual Mud Volleyball tournament to be held in July.

N.H.S.

The Brightest and the Best

Throughout the year the National Honor Society participated in many community service activities. The members of N.H.S. set a positive example for everyone in our community.

This year N.H.S. participated in activities such as; helping out at the open house, decorating for the haunted house, a senior citizens lunch, sponsoring the toy drive, and reading the names off of the Aids Quilt.

The National Honor Society's advisor this year was Mrs. Tommelien. She coordinated many events for them to keep the members busy all year.

Spanish Club

Grouping Under a Second Language

This years Spanish Club was kept busy. The club went to Siena Heights College for a Spanish Heritage dinner. Many people had fun eating Mexican cuisine together with friends. The Spanish Club also sponsored a dance at the high school. This dance raised money for the Spanish Club to go on another trip. The dance was a big hit for the student body. Students involved in Spanish Club enjoyed learning a new language and discovering another culture.

The French Club

Club Français

This year the French Club provided students with cultural experience and knowledge. The French Club had a variety of activities such as going to plays, musicals, and tasting French food.

Some of the shows the French club saw were "Scapin", "Les Mis", and "Carmen". "Scapin" was very humorous and entertaining. Les Mis. is, of course, a classic story.

The French Club is not only about France. Other French Club activities pertain to other countries which speak French and their cultures. One of these activities was going to the Toledo Museum to see a temporary exhibit on Africa.

The French Club visited many plays over the past year. "Scapin" was one of them. Advisors Mrs. Wilson and Mr. Noël talk about the show durring intermission.

FCA/ VARSITY CLUB

FCA and Varsity Club are two clubs that combine to help the community. All of its members have either earned a varsity letter or participated in a high school sport. Jeff Trapp summed it up best when he said, "It is a great club that helps out the community. I'm glad to be a part of it." The club's advisors are Mr. Ferwerda and Mr. Harsh. Although, the advisors provide guidance, the club is run mainly by the officers and it's members. The officers of both clubs are Jeff Trapp, Leanne Pasternak, Andi Pieh, Katie Hughes, Amanda Moore, Mike Feldkamp, Rhiannon Riley. A few of the activities that the club has participated in are the Highway Cleanup, visits to the nursing home, and the Spring Fling.

BPA

The Tecumseh Chapter of the Business Professionals of America (BPA) had a spectacular year. All members participated in numerous activities and fundraisers throughout the year. Their activities included "Adopt a Family", Solders Leadership Conference, an Aids Quilt Display, and leaf raking. All of these were supervised with the help and guidance of advisors Mrs. Januszek and Mrs. Sutherland. Money raised through plant sales, new color T.V. drawings, and the ever popular "data match" on Valentines Day, made it possible once again for the THS chapter to go to the Regional and State competitions. Many of the members who competed at Regionals made it to the State finals, which was held at the Renaissance Center in Detroit. Even those who didn't place still did a GREAT job, and made THS proud. Leading the way throughout the year were BPA's President Crystal Bordner, and Vice President Kim Drogowski. Ianiv Eisensher stepped into the role of Secretary this year as well, while Meggan Wanke remained Secretary. Chris Pomy was Palimentarian, and Nicole Ruiz held the place of Historian. Congratulations to all the members on yet another wonderful

NMHS

Math Minds Exploding

National Math Honor Society had a great year with the help of their new advisor, Miss Sanders. The members of NMHS met once every month. They discussed business first, but the majority of the time they were working on challenging activities which tied into math. The officers took turns finding new activities and running the meetings.

In February, each member sold Valentine suckers and sour candies. The money they earned went towards their exciting trip that they took to COSI in Ohio. The year was full of diversity and exciting, new math concepts.

"...and not to yield."

Mrs. Lentz held a Bachelor's Degree in Mathematics from Michigan State University, graduating with honors, and a Master's Degree in Mathematics Education from Western Michigan University. She founded the Tecumseh Chapter of the National Mathematics Honor Society. Mrs. Lentz was instrumental in the adoption of the CORE-Plus Mathematics program at Tecumseh High School, developing curriculum and teaching one of the national pilot courses. A presenter at Michigan Council of Teacher's of Mathematics Conferences, Mrs. Lentz was also a member of the National Council of Teacher's of Mathematics and the Mathematics Association of America.

Ever the consummate professional, Mrs. Lentz arrived early and stayed late to work with students. She held her students, and the staff, to the same high standards she demanded of herself. She was also more than willing to help us reach those standards by tutoring, mentoring, advising, cajoling and encouraging. Those goals weren't lofty and idealistic, but practical and attainable; often just far enough out of reach that some effort was required to achieve them.

Her adventurous, pioneering spirit will be noticeably absent in our futures, yet ever present in the lives she enhanced.

It's All About Teaching Kids Math!

That's Mrs. Elizabeth Lentz to a "T". Whether before class, teaching during class, after school in the National Honor Society or just in casual conversation, she was all about math.

Students attending THS learned everything that was math from Mrs. Lentz. Remember that first year that Integrated Math entered the school? Remember the pilot class of Integrated Math III? She even took the time during her planning period to work with students on the Integrated Math V program she was developing. Students learned a lot, not just because the program was great, but especially because of the way she taught math and how much she cared about her students.

Everyone else who was in that class, and in all other classes that Mrs. Lentz taught, will agree that Mrs. Lentz was truly wonderful. She didn't just teach hum-drum math; she made it fun and interesting. Most of us had barely touched a calculator before. Then, thanks to Mrs. Lentz, we learned.

Mrs. Lentz was the founder of the National Math Honor Society in THS. Our students here still have the opportunity to earn acceptance into that group.

All who came in contact with this amazing lady learned to respect her as an intelligent and wonderful individual. Thanks for everything Mrs. Lentz! We'll miss you!

Peer Listening Lending An Ear

This year peer listeners attended a two day seminar to train them for the listening skills that they needed to help those of you that need someone to talk to. Although they can- not give advice they can help you sort out your problems and guide you in the right direction on the decisions that you make. They attended meetings so they could learn different ways of handling different situations. They did many different activities between meetings and peer camp. They were there to lend an ear. and to give you a shoulder to cry on. They want to help! So when you are feeling down and out remember you can always turn to the peer listeners.

Peer Listeners use their skills while they listen to Barb lecture.

Peer Mentoring Side by Side

Being assigned to help an individual child is a task in the title itself, Peer Mentor. In that position you were an academic aid as well as a friend, looked up to, trusted, and respected. As with any task, you never knew what each day would bring.

Each separate student saw his or her mentor once a week on Friday. During that time both of them were busy working, either on separate assignments or the mentor was a consultant to the elementary student. They were there to provide help and advice.

For the high school student it was a good change of environment and this is the statement Nikki Wood shared with us, "I enjoyed being in fifth grade again, part time anyway."

Equestrians Trotting for the Win

This year the Equestrian team coached by Pilbeam, came in 6th place in the state finals. The team consists of only four riders. They were Eric Maloy, Kari Pilbeam, Crystal Schell, and Andrea Dieter. The Equestrians team has won many trophies and ribbons from different events. They have done very well in the class C. division considering the size of their team and the fact that they only needed one more rider to be in the class B.division. The Equestrians team definitely achieved the above and beyond.

1998-99 Addendum

The school year of 1998-99 was a wonderful year. As always, Yearbook was great fun as well as a bit stressful with deadlines always coming due. Yearbook had a very unusual mix of students this year which made class very interesting and meant that many different school activities were covered that hadn't been before. I would like to thank the entire Yearbook staff for all their hard work and dedication.

Several seniors graduated from Yearbook. They will be sorely missed especially Raquel Martolock (Senior editor) and two of our outstanding sports writers, Nate Sears (Sports editor), and Dennis Parker. I'm confident there will be talented underclassmen who will take their places but students who have been in a class for more than one year are as much friends as students. The friendship and teamwork of Yearbook are what make it a very special experience. I wish much luck and success to all our Tecumseh seniors.

Our Head Editor this year was a very brave and courageous sophomore, Kevin Radant. I'm extremely proud of him, he did an excellent job. The addendum is largely his production since it is put together over the summer.

The new computers made life much easier this year. Of course they took some getting used to. Everyone had to do at least two pages of layout by hand and on the computer. That took some time and produced some frustration, but when the finished page printed out the excitement of accomplishment was worth it.

It was rewarding to us all for Yearbook to increase its sales by almost 100 books this year. This tells us you enjoy getting your book before graduation and that you appreciate our efforts. We will continue to do this for the year 2000. It is important though that you order your yearbook early. We ran out of books this June before everyone who waited until June to buy one could get one. It's hard to judge how many to make and impossible to mail Addendums to graduated seniors if we don't have names on preorders. Order your Y2K book this fall.

I am looking forward to the returning Yearbook people and the new "family" members joining Yearbook for the first time. The staff of Yearbook 2000 will undoubtedly be the best ever and will make sure the Yearbook 2000 is a special event.

Sincerely, Susan Rogers Marble

Are you sure we shouldn't go check the punch owl one more time?

Girls Varsity Soccer "A Bright Future"

This year's Varsity Girls Soccer team was very inexperienced, but they showed flashes of brilliance. Good goalkeeping was provided by Kim Dalton all year long. The defense in front of her was also outstanding. Great defenders included Kristi Miller, Liz Hall, and Amy Seal. The midfield play was

dazzling as well. Jenni Dalton, Marissa Pound, and Heidi Waterkotte controlled the midfield. Offensively was where the Indians struggled. With a key injury suffered early in the season, Amanda Moore missed a bulk of the action, but she did still manage to lead the team in goals. Other offensive sparkplugs were Andi Pieh, Crystal Paiva, and Sara Driessche.

With the loss of only five seniors, and a talented Junior Varsity club, the future is very bright for the Indian Girls Soccer program. Although the record may not have shown it, and the early loss in district play was not what they hoped for, each one of the girls gave their heart and soul to the sport they love. The girls became better athletes throughout the year, as well as better people, because each one of them learned a lesson about hard work and dedication.

Attempting to race upfield and set up a scoring opportunity is junior Crystal Paiva. Crystal was an excellent forward this year, and helped the offense set up numerous scoring opportunities.

First Row: Left to Right: Lindsey Amstutz, Kristi Miller, Marissa Pound, Anne Haller, Kim Dalton, Jenni Dalton, Laura Kossey. Second Row: Matt Dailey, Sara Driessche, Crystal Paiva, Amanda Amaya, Heidi Waterkotte, Andi Pieh, Amanda Moore, Jon Dalton. Third Row: Coach Mike Seal, Sara Elliot, Meg Adair, Rachael Brueckner, Amy Seal, Mariana Tonda, Liz Hall.

Jenni Dalton dribbles the ball up field as Kristi Miller cruises down the middle of the field. Kristi and Jenni were both vital to the Varsity team's offensive success. Kristi Miller also played outstanding defense.

Waiting patiently for the opposing team to place their free kick is Jenni Dalton.

Rachael Brueckner battles an offender and tries to keep her from advancing upfield. This was Rachael's first year playing soccer, and she provided excellent defense.

Kim Dalton flashes her brilliant goalie skills. Kim was one of the best goalies in the SEC this past season.

Preparing for a throw-in after an out of bounds play is junior Lindsey Amstutz. Lindsey was one of the many outstanding defenders that Coach Mike Seal used this past season.

Girls JV Soccer

"Youthful Explosion of Talent"

The Junior Varsity netters had a very successful season this past year. Led by Coach Dave Smith the JV squad improved throughout the year and gained some valuable experience that will be beneficial for their time at the Varsity level.

The season started very well for the Indians. They opened with a 5-1 defeat of Monroe at home, followed by an 11-1 defeat of Jonesville. The Indians then suffered two straight defeats. Overall, the Indians finished the season with a 14-5-2 record. The JV also had a good SEC record, with a 7-2-1 mark, good enough for second in the league.

Kristin Bunch jukes past a defender on her way to the goal. Kristin was one of the many Freshman to make an impact on the Junior Varsity team this year.

The offense was led by a couple of freshman: Heather Moore, and Kristin Bunch. Some sensational sophomores also provided offensive spark. They included Natalie Beil, Nicole Beil, and Tara Hamilton.

The defense was extraordinary this past year. Led by Lesley Feight, the defense held opponents to less than three goals in nineteen of the team's 21 games. Other outstanding defenders included Lacie Swartz, and Andrea Dieter. Betsy Coughlin, and Natalie Beil shared time in goal this year.

Their second place finish in the SEC is a glimpse of good things to come for the Indian soccer program. Many of this year's JV team will make a great impact on next year's Varsity club.

Front Row: Left to Right: Nicole Beil, Betsy Coughlin, Kristin Bunch, Heather Moore, Kristin Stanifer, Amy Kish. Second Row: Javier Arana, Tara Hamilton, Laura Thornsberry, Andrea Dieter, Catherine Palmer, Angela Rebottaro, Marisol Arana. Back Row: Coach Dave Smith, Marissa Pound, Lacie Swartz, Lesley Feight, Natalie Beil, Jesse Smith.

Freshman Kristin Bunch sets up for a corner kick. Kristin was one of the Junior Varsity's leading scorers as well as being on Varsity for part of the season.

Attacking the ball and an opponent is Natalie Beil while teammate Kristin Bunch waits for a pass.

Reacting to one of the official's calls is Natalie Beil. Also, looking on are freshman Heather Moore, and sophomore Laura Thornsberry. Heather was one of the Junior Varsity's leading goal scorers.

"The girls got along really well this year. That really contributed to having a successful season. We all hated the conditioning, but it really paid off."

-Heather Moore

Boys Track and Field "Firing it up on the track"

This years track team really defined the word team, "Together Everyone Achieves More", and this year's track team achieved very much all together. They won numerous running and field events. This year's team had many underclassmen holding major roles. All the members did a great job, and really put the team on top! Some of their greatest accomplishments this year included a win at both the Clinton, and Tecumseh relays. The team also took fourth place at regionals. None of this could have been done without the extreme dedication of coaches Matt Peterson and Mike Sweeney, who brought out the very best in every member. Lamar Rufner, Nate Pound, Steve Brindamour, Kevon Binder, and Mike Grammes led the team as captains.

Front (L-R): A. Ondrovick, G. Brink, L.Killy, M. Mobley, M. Grammes, S. Brindamour, N. Pound, K. Binder, L. Rufner, J. Vogel, J. Whelan, P. Andre, Second Row: N. Edwards, C. Cline, T. Brady, J. Silberhorn, J. Karle, Fourth Row: G. Mull, T. Le, D. Curtis, C. Renner, R. Buhler, T. Merrit, R. Evers, B. Mattes, Fifth Row, Coach Matt Peterson, and coach Mike Sweeney.

'Last year we had a good season and it seemed like our team was pretty stacked. We lost a lot of great runners, but this year people have stepped up, especially underclassmen. I feel we're just as good as before, maybe even better!"

Girls Track

"Ending the Season with a Bang!"

The girls track team had a very good season this year. There were only a few seniors and some freshmen, but working together got them many wins.

The first meet was a loss, but they pulled through to take the season out with a bang. After the first few, they improved and won meets. The teamwork and cooperation of the team was remarkable.

The hurdlers this season were great. Missy Arter made many points for hurdles. Pole vaulters Amanda Kisela and Amanda Roof received many points this season.

Our seniors did an excellent job this year. They always tried their hardest to do their best. They had high expectations and much to teach the freshmen. They really came through and did wonderfully.

"Despite the fact that our team has a lot of young girls, we did very well."

-Ann Mathis

An exhausted Laura Furgason finishes with confidence. The races were all challenging for everyone.

Senior Missy Arter jumps hurdles to finish in first place. She went on to State this year.

Freshman Karli Corey keeps going full speed, giving her all for the team.

Girls Track Team Top Row: Coach "D" Reau, Crystal Schell, Laura Harris, Carli Corey, Laura Furgason, Jayme Hammond, Amanda Armstrong, Amanda Kisela, Coach Mensing. Second Row: Amanda Keneau, Arynn Austgen, Jennifer Elliot, Alex Nelson, Michelle Pasternak, Ann Mathis, Monica Ewing, Amanda Roof. Third Row: Melanie Bunce, Jessica Furgason, Angela Hornsby, Leanne Pasternak, Missy Arter, Catherine McAran, Marlies Potzsch, Elizabeth Arnett.

Junior Angela Hornsby finishes her race strong and keeps the team in the lead.

Sophomore Jennifer Elliott runs her hardest to get the baton to the next person in the relay.

Tecumseh Junior Angela Hornsby gets some rest between exhausting races. Everyone tried their hardest and deserved some down time.

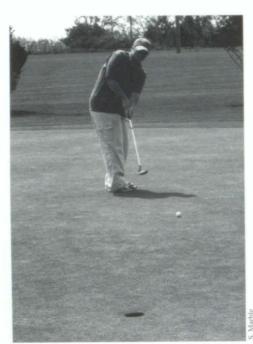

Senior Leanne Pasternak sprints in the last hundred to a victory.

Girls Golf

'Swinging Up To Par'

In only their second season, the Tecumseh Girl's Golf team did a wonderful job. They won many meets and improved their scores throughout the season. The scores were improved drastically from last year. They had an inexperienced team this year, with only three seniors, one junior, six sophomores, and three freshman. The team, of course, was coached by Mr. Pat Pomy. The girls were fortunate to have new shirts for matches this year. They were bright orange; very unique for a unique sport. All matches and practices were held at Raisin Valley Golf Club, with the exception of one which was held at the Country Club. The golf team is just getting started. Golf is just like all other sports, you have to go to practice everyday, have commitment, and dedication. They hope to have the program running even better next year, so they can get the player's scores down, have more girls, and start winning much more. But, for the time being, the golfers did great.

Rae Lynn Schmidt watches as her ball takes the break and goes into the hole.

Jessica Meulendyk, shown above, is ready to stop warming up and ready to go play some golf.

Warming up before practice, Morgan Trull, takes a swing. Nice form.

Which one's mine??? Jenny Moore and Rae Lynn Schmidt go after their balls on the practice green.

"Golf was a bunch of fun this year. Hopefully next year we'll have a more dedicated team. Overall, I think the season went great. I'm glad I had the opportunity to work with a great coach, Mr. Pomy."

-Rachel Baldwin

Front Row (L-R): Rachel Baldwin, Chelsea Davis, Leslie Oatman, Morgan Trull, and Jenny Moore. Second Row: Nicole Frederick, Jessica Vershum, Andrea Page, and Jessica Meulendyk. Third Row: Coach Pat Pomy, Rae Lynn Schmidt, Heather Baran, Carrie Parros, Cara Frederick, and Sarah Mull.

Where'd it go?? Rae Lynn Schmidt, Carrie Parros, and Jenny Moore watched and pondered where the ball went.

Pictured above, Jessica Vershum (left) and Rae Lynn Schmidt (right) warm up before a big match.

Below, Jessica Vershum gets ready to go over and start warming up before a hard day of golf. She was a big part of the team and really improved since last year.

Preparing to make a putt on the practice green, Cara Frederick sets the ball up and gets ready to make the putt.

Varsity Baseball

"Exploding on the Diamond"

The Tecumseh Varsity Baseball team was an exciting and explosive squad this year. The seniors on the team did a great job of leading the youth to a great season. Kenny Harris, Chad Cook, Jimmy Torres, Chad Easton, and Josh Doerhing not only used their talent to lead the squad, but their personalities came through in the team's play as well. Coached by Mr. Gibson and Bob Fox, the team played with much heart and a burning desire to win. After every inning the team would meet in front of the dug-out. This symbolized the team's unity, and it showed on the field.

Veteran pitcher and outfielder Chad Cook said, "We finished strong, but had we started with the same enthusiasm as we ended with, our year could have been more successful." Tecumseh had several big wins against big time ball clubs, but they also let some easy games slip through their fingers. If they could have eliminated a few costly errors, the season could have been one of Tecumseh's best ever.

Underclassmen Joel Church and Danny Baker were outstanding this year. Joel finished in the top five on his batting average and Danny Baker lit it up at the plate and gunned down many opposing base runners. An explosive offense, combined with a gritty defense and great coaching, made this season one not to forget.

Top Row: Left to Right: Coach Gibson, Josh Doerhing, Kenny Harris, Kyle Folgmann, Coach Bob Fox. Second Row: Josh Ely, Jordan Haines, Eric Harris, Thomas Cook, Collin Coughlin. Third Row: Joel Church, Danny Baker, Robby Torres, Chad Easton, Jim Torres.

Junior Danny Baker looks to the dugout for some instructions. Danny's excellent arm and powerful bat helped Tecumseh on both sides of the ball this year.

Kenny Harris walks away from a tough inning.

Senior "Ken Dogg" Harris smiles during a break. Ken kept the team up-beat and smiling all year long.

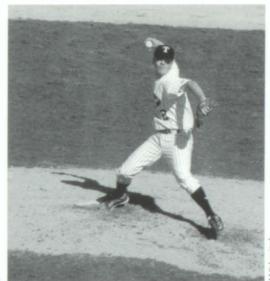

Catcher Danny Baker prepares for the incoming ball. In his crouched position it is tough to get by this brick wall they call Bake.

The incredible defensive duo of Josh Ely and Chad Easton anchored the infield this season.

Collin Coughlin stretches before a big game.

Astonishing Freshman Kyle Folgmann rares back to throw his patented heater. Kyle was a big part of this year's accomplishments.

Jordan Haines gets ready to steal second base. We all know that Jordan has some wheels.

Leaning in to the pitch is junior Collin Coughlin. He pounded the ball this season.

JV Baseball

"Exploding with the Bats!"

The JV team ended the season with a 18-8 record. The coaching of Coach Harsh and Coach Bullinger molded the talent of the JV team. The leadership of three returning JV players Anthony Ely, Kyle Hunt, and Matt Randall, ensured that the team had a spectacular season. The team was fortunate in that they had many good pitchers. No matter what happened, there was always another pitcher who could come in and save the game. The team had some pretty heavy hitters with Anthony leading the home run race, and Jack right behind him. All together the JV team had an outstanding year, and the varsity team has something to look forward to.

Freshman Baseball

"Tough Start"

Second baseman Scott Kampmueller is holding a runner on second during a tough close game between Tecumseh and the Adrian Maples.

This year's Freshman Baseball team struggled. They had a few losses near the beginning of the season that certainly did not help them.

Hopefully these freshman can pick it up for next year. But with the tough schedule, it couldn't have been easy. They played some undefeated teams that This was a different year for Kyle Folgmann. were good. These guys will not give up. You will be seeing a good season next year.

Varsity Softball "All the way to the top!"

This was one very successful year for the Varsity Softball team. They had a great year which featured strong senior performances, exceptional freshman play, and a sophomore who threw several nohitters.

The pitcher who pitched no hitters, Jessica Lewis, started the season pitching five no hitters in the first ten games of the year. That was a big reason why they won all ten games.

Unfortunately, the Varsity team will be losing several important seniors. Luckily, there were some freshmen who participated on the varsity team, which ensures the varsity team will have a strong core of experienced players for a few more years.

The captain, Tiffany Edgar, helped with the defensive game as she caught most of the time for the star pitcher Jessica Lewis. Catching for Jessica Lewis had to be an honor, but pitching to Tiffany Edgar would also have had to be an honor.

This was one of the best years that there could have been. The '99 Varsity Softball team will be a team to remember.

It was a great season. I was glad to be on the team and that the record was as good as it was.

Sophomore Danessa Wolfe lays one down to the ground and starts to pick up some speed. She looks like she is getting ready to help with another tally in the "W" column.

Sophomore Tiffany Cook crushes one into the outfield. Looks like this one will set up a nice double or triple. This kind of hit was the kind that would help a team win games.

"This year we have an unstoppable defense and an awesome pitcher. I hope we will win the state title."

JV Softball

"Bats of Dynamite!"

Once again the JV team had an exciting season, compiling a 12-0 record dominating the SEC, with an overall record of 23 wins and only 5 losses. Watching the JVers up at bat and out in the field you could see they really shined. And when things looked as though they were going to turn out for the worst, their outstanding pitching pulled them through it. Although the team was struck with illness and injuries half way through the season, they were able to come together and finish it off with a win against rival Clinton. Overall, the season was a great one and will be hard to surpass in the future!

Tecumseh High School Drumline "Kick It"

Drumline is almost a separate organization from Marching Band. They have all become one big family. They practiced twice a week throughout the summer; once as a line, and once as individual sections. Drumline was a blast, because all the people stuck together. They made each other laugh, and had so much fun. Possibly the best part of drumline was the summer practices where they were taught discipline by their instructor, Ben Winters. The drumline was almost another family with the "big brother and sisters" watching over the inexperienced members. However, it was not all fun and games. They had to march a great deal with their drums on, and be the backbone of the whole band. They were an impressive group on the football field before and after each game with their cadence, written by Ben Winters. They also represent the whole band with that same cadence in all parades. Drumline has become an important part of each member's high school career. THS looks forward to next season with the old and the new drumline members.

At our half-time show, drumline dominated the field.

Band

"Making Sure There is a Big Bang!"

This year's bands made a big bang! This band had more members than it ever has. The Symphonic Band was under the direction of Mr. Rice, and the Concert Band was conducted by Mr. Zerman. The bands played top notch. Both of the bands played at many concerts, the largest one being the Collage Concert. At the Collage Concert the bands performed along side the choirs. The combined groups performed a dramatic number entitled "Africa", which was a big hit with the crowd. Mr. Zerman will not return to Tecumseh next year; we are all sad that he is leaving us.

The Jazz Band also made a big bang performing many hot numbers. Under the direction of Mr. Rice the Jazz Band played a variety of events, including a performance at Adams Park. In the coming years you can expect to hear many more performances by the Jazz Band.

Marching and Pep Band

"Making a Big Explosion"

Both the Marching and Pep bands had a great season with the marching band under the field conduction of senior, Sondra Wurmlinger, and junior, Joanne Eversden. This year the band marched over a hundred students, the second largest in the county. During the Adrian Marching Band Festival the marching band received a warm welcome. Tecumseh Marching Band is starting to get the reputation of a very fine band. The crowd demonstrated their appreciation by cheering ecstatically and the band showed their appreciation by playing louder and more intensely.

The Pep Band was really enjoyed at the basketball games. They helped pump the crowd up to support our varsity basketball team. Under the direction of Mr. Zerman, the twenty band students rocked the gym playing jazz songs and anything that would get the crowd into the game.

This years Pep Band consisted of, Back Row (L to R): Mr. Zerman, A. Linstrom, S. Hornsby, T. Buxton, M. Gooding, J. Norhtrup. Middle Row: J Northrup, A. Brighton, J. Kruger, M. Crisovan, A. Smith, R. The Shooting Stars consisted of over one hundred marchers.

Silver Stars "Rising to the Top"

This year the colorguard really shone on and off the field. Under the direction of section leader, Arynn Austgen, and co-section leader, Alison Roth, and with the help of Briana Wurmlinger they created difficult and unique routines. Through long, hot practices the girls came together and became a team. They marched during football games to the songs: "Children of Sanchez", "Jellicle Ball", an Evita medley, "King Herod's Song", and "Phantom of the Opera", where the colorguard was featured. They also marched in many different parades.

After practice, Alison Roth puts the flags away for the final time before the last game.

Frustration runs high, especially for section leader, Arynn Austgen, during rehearsals.

Celebration of Writing

"Creativity at it's best!"

The exhibits in the spring Art Show and Celebration of Writing let people realize just how creative their classmates were. Students composed a story, poem, biography, or other written works to display with a visual aid in the library. Separate pieces described facts, thoughts, or the feelings of the designer.

People may not understand the level of a friend's talent. However, it may help either party at one time or another, for opposite reasons. These pieces may express simply, creativity, one's self or things in their life, or each piece could project an explanation of personality or experiences.

Project Manager Eric Geiser goes over the design of the new school with student council members. This helped the members to explain the plans to other classmates.

Student Council "Getting It Done"

The 1998-1999 student council represented the school very well. They worked very hard to achieve many things. Many members of the student council represented our school during student council exchange day, and those who stayed behind showed the visitors a great time while they were here. The always generous student council donated \$150 to help bring the aids quilt to Tecumseh. At the end of the year all the student council members took part in the trip to Cedar Point. The student council members found this to be a great reward for all their hard work during the year.

Grim Reaper Day

"Looking Death In The Face"

Thursday, May 6, was Grim Reaper Day at Tecumseh High School. Our SADD organization uses this opportunity to dramatize the catastrophe that in the U.S., a teenager dies every 22 minutes in an alcohol related accident. This could possibly be a family member or friend.

Throughout our school day we lost a total of 20 friends. As each one was taken, the illusive Phantom attached an "I'm just a memory now" sign to them. After each victim was killed their name was announced over the PA accompanied by the sound of a gong. For the rest of the day all of the sacrifices were not allowed to communicate with anyone; they even had to eat lunch by themselves. The 20 participants were as follows: Jason Gagneur, Ashley Diepenhorst, Tracy D'Amico, Amber Williams, Heather Baran, Joleen Smith, Jon Tobar, Melanie Sinden, Jenny Kruger, Sarah Emery, Jessica Rupert, Ryan Bagby, Trent Shauan, Steve Brindamour, Peter Saling, Rachel Glidden, Crystal Della Velle, Kevin Phillips, Chris Pomy and Mr. Mossburg (who seems to be killed every year).

Just a memory now are the seniors who were killed or participated by painting faces on Grim Reaper day. They are from L-R: J. Mallory, P. Saling, S. Brindamour, B. Couzens, K. Phillips, C. Pomy and J. O'Brien.

Here lies the enforcer, the big man on campus. Mr. Mossburg was killed once again.

Don't they just make the cutest couple? The Grim Reaper for the year, Brian Couzens, and our SADD advisor Mrs. Kastel.

These are the 20 participants who lost their lives to a drunk driver. The Grim Reaper stands in the back with Mrs. K. In the front row are the six students who painted faces.

SADD

"Steering Clear Of Destructive Decisions"

SADD is proud to announce that their name is no longer "Students Against Driving Drunk", but that it has been changed nationally to "Students Against Destructive Decisions". SADD is sponsored by Mrs. Judy Kastel. The president of the club for the 1999 school year was Jessica O'Brian, a senior. During SADD this past year we had a wonderful speaker named Linda Emerson, who came to speak to students about all the risks they take when they choose to drink and drive. She had a huge impact on all the students present.

Possibly the most well known event that SADD holds is the "Grimm Reaper Day". This has been a tradition for many years. This year, as well as previous years, the day was held the week before prom. The purpose of the timing was to warn students to be extra careful prom weekend.

A group of SADD members listen as a speaker talks to them. SADD has members from 9-12 grade.

Mrs. Linda Emerson explains to the group just how dangerous drunk driving is. She talked to the whole group to inform and warn them.

Advisor Mrs. Kastel has a seat in the library, listening intently to one of the speakers. Mrs. Kastel has different people come to talk to the class each year.

The Grim Reaper, Brian Couzens, and Kelly Dunn, are ready for the Grimm Reaper Day.

Cross Age Exchange Day

"Getting A Peek Into Their Future"

Every year the students in Cross-Age Tutoring culminate their relationship with their students by randomly selecting two students from their class to spend a day at THS. High school Cross Age Tutors spend one of their block hours helping kids and getting a teaching experience in that particular class. Cross Age Tutors are guests in all of the elementary schools in Tecumseh, as well as the middle school. Students as young as kindergarten to eighth graders become guests for a day. The lucky two kids followed their Cross-Age Tutor through their routine as they went about their normal day. The guests arrived early in the morning and immediately attached to the hip of their hosts. The kids then walked with their hosts, following them to every class that they normally attend. Eating lunch with their hosts was a much different experience from the children's typical lunch. The young students had a unique experience that most will remember until they become students at THS themselves, and beyond!

With her two guests alongside, Tiffany Morgan reads to her students in the lobby.

Julia Nelson and her students pause while in yearbook class. Julia's guests also helped her to do the THS morning announcements.

Art Club Trip
"Exploring Toronto"
On Thursday, April 15, the art club woke up bright and early for their annual trip. At around 4:45 the bus

On Thursday, April 15, the art club woke up bright and early for their annual trip. At around 4:45 the bus pulled out of the circle drive and set course for Toronto. The art club arrived in Toronto a little later than they had planned. However, they were there in time for their first activity.

The first stop was at the "Phantom" educational program. After that they ate lunch at Planet Hollywood, explored the Art Gallery of Ontario, drove by Casa Loma, and ate at the dinner-theater, "The Famous People Players". When everyone finished dinner they watched a black light show and went for a backstage tour. It was then time to call it a day and head for the hotel.

On the second day the art club went to Skydome. They ate breakfast at Hard Rock Cafe, then went on the Skydome tour. After leaving Skydome they went to the observation deck at the top of the CN Tower. Those daring enough walked on the glass floor at the top. It was then time to eat lunch at Wayne Gretzky's, where they were served excellent Rollo Pie. Before going to "Phantom" the art club decided to stop at the Eaton Center to take advantage of the great exchange rate. They ate dinner at Joe Badali's, an exquisite Italian restaurant. Finally, it was time to see the "Phantom of the Opera". The show was an excellent way to end the day.

On the last day the art club ate breakfast at the Town & Country. The buffet was surely enough to accommodate the entire art club. The next stop was the Royal Ontario Museum. When they arrived at the Museum of Ceramic Art they created ceramic figures. After lunch at the Eaton Center they went to China Town for a unique visit to get a taste of the rich culture. They then left for the Playdium, a large state of the art arcade that everybody enjoyed. The art club arrived back home a little after 1:00 a.m., tired, but happy.

This year's trip was one to be remembered for years to come.

After a unique trip to China Town, Eleni Perez, Heather Baran, Amy Kish, Erin Boyer, Melissa Kenward, Joanie Mallory, Caiti Riley, and Rachel Baldwin posed for a picture while everyone else on the bus was waiting for them.

"The art club puts together the best trips."

Chad Anderson

After watching the "Phantom of the Opera," Mr. Frenzen decided to be daring and slide down the banister. Don't worry about Mrs. Isley, she was able to get out of the way in time.

After eating breakfast at the Hard Rock Cafe, some of the art club members decided to purchase souvenirs. Others looked down on the Skydome baseball field.

Shown above are both the CN Tower and Skydome. The CN Tower is the tallest free-standing tower in the world, while Skydome is the world's largest enclosed arena with a moveable roof.

PROM "From This Moment..."

Once again came the time of year that involves months of preparation for one special night. Everyone wanted to make it as memorable as possible so every detail had to be perfect. This could only mean one thing ... that the 1998/1999 Junior and Senior Prom has come and gone, leaving everyone wishing it would have lasted longer. The wonderful night was held on Saturday, May 8, 1999 at the University of Michigan Union Hall in Ann Arbor. The juniors deserve huge applause for the organization of the dance and the amazing job of set-up and decorations.

The color of choice this year was white, for both the girls and the boys. Other colors ranged from the basic black to fuschia and lime green, with the popular pastels of yellow, pink, and baby blue. There were many different styles of long and short dresses such as dresses covered with sequins or beads, simple but elegant, halter type with no straps, and of course the "Cinderella" type dresses. Besides being very colorful the dance floor was the place to be, with everyone "busting a move" to music that was actually good. But if you're not much of a dancer you could find a couple of friends or just your date and play some pool. The Billiard Room was open with a dozen pool tables and even some couches to take a break from the ballroom. If you needed to cool down there was the room designated for refreshments, snacks, and picture taking. One Stop Studio was again the choice of photographer, offering many different packages and the always

Then came the moment that would be forever special for one couple, the Prom King and Queen. As soon as you arrived you were given a ballot to choose the couple you thought deserved the title. After much anticipation, the 1999 Prom King and Queen was announced as Jeff Trapp and Leanne Pasternak. Congratulations to the King and Queen and to all the nominees that night.

This years dinner was not served at prom so the evening began at 9:00 p.m. and lasted until 1:00 a.m. The students were able to eat at a restaurant of their choice, which most couples found in Ann Arbor. Disposable cameras were given out as you arrived, which was a wonderful and new idea for a party favor. Mr. Jenkins or a teacher took the first picture of you and your date, and then the camera was yours to snap as many pictures as possible. Another gift was a picture frame inscribed on it the theme of prom, "From This Moment...", which most of the girls grabbed. "After Prom" started at 12:00 a.m. and was still going at 4:30 a.m., with the usual set-up of gambling and a raffle at the end. The prizes were donated by the stores downtown and everything was set-up by the parents. Prom was a major success and will always be remembered by those who attended, especially by the seniors because it was their last high school formal.

Friends Brandon Foster, Troy Hinkleman, and Jos Williamson take a break from all the socializing and

Class Night 1999 "Going Out With a Bang"

The Civic Auditorium was overflowing, with people being moved out of the aisles. This class night was a major entertainment production, organized and produced by Mrs. Donna Andre, Mrs. Deb Madgwick, Mrs. Stephanie Brown, Chris Pomy, Kim Drogowski, and Shane Brion.

The night was all it was advertised to be. Included by tradition were "The Girls Dance", the "Guys Dance", and all the various class awards. Several comedy skits were presented as well as serious music, and music by the new and unique senior group, "Midnight Rider and Rock N' Roll." Solos by Kelsey Winters and Linzie Viers highlighted the evening music along with "One Sweet Day" by the Senior Company.

"The Year in Review", presented by Peter Saling, walked the seniors through their last year in Tecumseh High School, while the outstanding class video took the class through most of the years of their lives.

Acknowledged at the close of Class Night were all those who put in a great amount of time to produce the show.
